The Bonds are guaranteed, on a subordinated basis, by Siemens Aktiengesellschaft (the **Guarantor**).

The Bonds will bear interest from (and including) September 14, 2006 to (but excluding) September 14, 2016 at a rate of 5.25% per annum in respect of the EUR-Bonds and 6.125% per annum in respect of the GBP-Bonds, payable annually in arrears on September 14 in each year, commencing on September 14, 2007. Such payments of mandatory deferred interest may only be settled through the Alternative Coupon Satisfaction Mechanism (ACSM) and may be cancelled under certain conditions as set out in § 5(6), (7) and (8) of the Conditions of Issue.

The Bonds will be redeemed on September 14, 2066.

The Bonds are redeemable in whole but not in part at the option of the Issuer at their principal amount together with any interest accrued thereon and upon payment of any outstanding Arrears of Interest (as defined in § 5(3)(b) of the Conditions of Issue), on September 14, 2016 and on any Floating Interest Payment Date (as defined in § 1 of the Conditions of Issue) thereafter. The obligations of the Issuer in respect of the Bonds and the obligations of the Guarantor under its subordinated guarantee (the **Subordinated Guarantee**) are subordinated to all other creditors in insolvency, liquidation or similar proceedings (see § 4 of the Conditions of Issue).

PART A: SUMMARY OF CONDITIONS OF ISSUE, RISK FACTORS AND DESCRIPTION OF ISSUER AND GUARANTOR

Any decision to invest in the Bonds should, however, be based on a consideration of the Prospectus as a whole, including the documents incorporated by reference. Where a claim relating to the information contained in this Prospectus is brought before a competent court, the plaintiff may, under the national legislation of the country where the claim is brought, be required to bear the costs of translating the Prospectus before the legal proceedings are initiated. Aggregate Principal Amount	€900,000,000 in respect of the EUR-Bonds and £750,000,000 in respect of the GBP-Bonds.
Issue Price	99.832% of the Principal Amount in respect of the EUR-Bonds and 99.056% of the Principal Amount in respect of the GBP-Bonds

Payments on a temporary global bond will only be made against presentation of such certifications. No definitive bonds or interest coupons will be issued.
Status of the Bonds	The obligations of the Issuer under the Bonds rank <i>pari passu</i> among themselves and, in the event of the liquidation, dissolution, insolvency, composition or other proceedings for the avoidance of insolvency of the Issuer, rank junior to all other present and future obligations of the Issuer, whether subordinated or unsubordinated, except as otherwise required by mandatory provisions of law.
Status of the Subordinated Guarantee and the Subordinated Undertaking	The obligations of the Guarantor under the Subordinated Guarantee (as defined in § 3(1) of the Conditions of Issue) and the Subordinated Undertaking (as defined in § 3(2) of the Conditions of Issue) constitute direct, unsecured and subordinated obligations of the Guarantor. Guarantor, whether subordinated or unsubordinated, except as otherwise required by mandatory provisions of law.

Prohibition of Set-Off

No Bondholder may set-off any claims arising under the Bonds or the Subordinated Guarantee or the Subordinated Undertaking against any claims that the Issuer or the Guarantor may have against it. The Issuer may not set-off any claims it may have against the Bondholders against any of its obligations under the Bonds. The Guarantor may not set-off any claims it may have against the Bondholders against any of its obligations under the Subordinated Guarantee or the Subordinated Undertaking.

Interest/Step-Up after year 10

From (and including) September 14, 2006 until (but excluding) September 14, 2016, the EUR-Bonds will bear interest at a rate of 5.25% *per annum* and the GBP-Bonds will bear interest at a rate of 6.125% *per annum*, in each case payable annually in arrears on September 14 of each year. Thereafter, the EUR-Bonds will bear interest at the rate of 1.25% *per annum* over the Euro Interbank offered rate for three-month deposits in Euro (**EURIBOR**) (plus a step-up of 1.00% *per annum* after year 10) and the GBP-Bonds will bear interest at the rate of 1.25% *per annum* over the London Interbank offered rate for three-month deposits in Pounds Sterling (**LIBOR**), (plus a step-up of 1.00% *per annum* after year 10) as applicable, payable quarterly in arrears on December 14, March 14, June 14 and September 14 of each year, up to the final maturity.

Optional Interest Deferral

The Issuer may elect that payments of interest which would otherwise be due and payable shall not be due and payable if since the Guarantor's last annual general meeting (*Jahreshauptversammlung*):

- (i) no dividend, other distribution or payment was validly resolved on, paid or made in respect of any class of the Guarantor's shares; and
- (ii) no dividend, interest, other distribution or payment has been validly resolved on, paid or made in respect of any Junior Securities (as defined below) or Parity Securities (as defined below); and
- (iii) neither the Guarantor nor a Group Entity (as defined below) has repurchased or otherwise acquired any Parity Security, Junior Security or any shares of any class of shares of the Guarantor for any consideration except by conversion into or exchange for shares.

Payments of interest which the Issuer has elected to not be due and payable will constitute **Arrears of Interest**. Arrears of Interest will not bear interest themselves.

Junior Securities means (i) any security issued by the Issuer which ranks junior to the Bonds and (ii) any security issued by the Guarantor which ranks junior to the Guarantor's obligations under the Subordinated Guarantee and (iii) any security guaranteed by the Guarantor where the Guarantor's obligations under the relevant guarantee are subordinated to the Guarantor's obligations under the Subordinated Guarantee (however, in each case, exclusive of securities issued to Group Entities).

Parity Securities means (i) any security issued by the Issuer which ranks *pari passu* with the Bonds, (ii) any security issued by the Guarantor which ranks *pari passu* with the Guarantor's obligations under the Subordinated Guarantee, and (iii) any security guaranteed by the Guarantor where the Guarantor's obligations under the relevant guarantee rank *pari passu* with the Guarantor's obligations under the Subordinated Guarantee (however, in each case, exclusive of securities issued to Group Entities).

Group Entity means any of the Guarantor's affiliated enterprises (*verbundene Unternehmen*) within the meaning of Section 15 of the German Stock Corporation Act (*Aktiengesetz*).

Payment of Arrears of Interest

The Issuer shall pay Arrears of Interest (in whole but not in part) on the earlier of:

- (i) the calendar day on which a dividend, other distribution or payment is validly resolved on, paid or made in respect of any class of the Guarantor's shares;
- (ii) the calendar day on which a dividend, interest, other distribution or payment is validly resolved on, paid or made in respect of any Junior Securities;
- (iii) the calendar day the Guarantor or any Group Entity repurchases or otherwise acquires any Parity Security, Junior Security or any shares of any class of shares of the Guarantor for any consideration except by conversion into or exchange for shares;
- (iv) the calendar day which is the due date for redemption of the Bonds;
- (v) the calendar day on which an order is made for the winding-up, dissolution or liquidation of the Issuer or the Guarantor (other than for the purposes of or pursuant to an amalgamation, reorganisation or restructuring while solvent, where the continuing entity assumes substantially all of the assets and obligations of the Issuer or the Guarantor (as applicable)); or
- (vi) the calendar day which is the fifth anniversary of the interest payment date on which the relevant interest amount could have fallen due for the first time.

The Issuer may pay Arrears of Interest at any time at its own discretion in whole or in part.

If the Guarantor or a Group Entity makes any payment of interest on any Parity Security, the Issuer shall, on the next interest payment date make a corresponding payment on Arrears of Interest (in full or, in case of a partial payment on Parity Securities, *pro rata*).

Mandatory Interest Deferral

If on the 12th Business Day prior to any Interest Payment Date (as defined in § 1 of the Conditions of Issue) a Mandatory Deferral Event (as defined below) exists, such interest payment must be deferred. Interest payments deferred in such manner shall constitute **Outstanding Payments**.

A **Mandatory Deferral Event** shall exist if the following fraction, determined annually on the basis of the most recently published

annual consolidated financial statements of the Guarantor, is less than 3.00:

$$(CF+I)/I$$

where:

CF = “Net Income” plus “Minority Interest” plus “Amortization, Depreciation and Impairments”

in each case as such positions are shown in the consolidated cash flow statement contained in the most recently published annual consolidated financial statements of the Guarantor; and

I = “Interest and Similar Expense”

as such position is shown in the notes to the most recently published annual consolidated financial statements of the Guarantor;

and the time of publication shall be the point in time when the annual consolidated financial statements of the Guarantor are publicly available for the first time.

Payment of Outstanding Payments

The Issuer may only settle Outstanding Payments by means of ACSM (as defined below). It may do so (in whole or in part) at any time on the giving of not less than eight and not more than fifteen Business Days’ notice to holders of the Bonds (**Bondholders**) and it must do so (in each case subject to postponement upon occurrence of a Market Disruption Event (as defined in § 5(6)(c) of the Conditions of Issue)) at the earliest of (i) one year following valid resolution on, payment or making of a dividend, other distribution or payment (including payments for the purposes of a redemption or repurchase of shares) on any class of shares of the Guarantor, (ii) the fifth anniversary on which the relevant Interest Amount (as defined in § 1 of the Conditions of Issue) would have fallen due but for the Mandatory Deferral Event (as defined in § 5(5) of the Conditions of Issue) and (iii) the calendar day which is the due date for redemption of the Bonds.

Alternative Coupon Settlement Mechanism (ACSM)

ACSM means the settlement of Outstanding Payments with Eligible Funds or Payment In Kind.

Eligible Funds means cash proceeds made available to the Issuer by the Guarantor which the Guarantor, in accordance with § 5(6) of the Conditions of Issue, has generated by either (i) issuing new shares of the Guarantor and/or selling treasury shares of the Guarantor and/or (ii) issuance of Eligible Securities.

Eligible Securities means Parity Securities and/or Junior Securities which (a) are issued by the Guarantor or by the Issuer or any other wholly-owned direct or indirect Finance Subsidiary (as defined in § 1 of the Conditions of Issue) of the Guarantor, in each case with the benefit of a guarantee from the Guarantor, (b) have a maturity of at least 75 years or no maturity, (c) are not redeemable (other than for certain taxation reasons and loss of initial rating agency equity credit) before five years after their issue date (if such Eligible

Securities do not provide for a step-up in the rate of interest applicable to them), or before ten years after their issue date if such Eligible Securities provide for a step-up in the rate of interest applicable to them, (d) provide for a mandatory cancellation of cash interest payments if certain events or circumstances occur; and (e) contain a replacement provision identical to such provision under the Bonds if such Eligible Securities provide for an increase in the rate of interest applicable to them.

To the extent the Guarantor, employing reasonable efforts, cannot raise the necessary funds by issuing/selling shares or Eligible Securities, the Issuer shall, in lieu of a payment in cash, make a payment in kind by increasing the principal amount of each Bond by an aggregate amount corresponding to the relevant Outstanding Payments (**PIK** or **Payment In Kind**). The aggregate amount (in each case as calculated per Bond) (i) from funds generated by issuing of Eligible Securities and (ii) through PIK may not exceed 25% (and PIK may not exceed 20%) of the Initial Principal Amount (as defined in § 1 of the Conditions of Issue) per Bond.

Subordinated Undertaking and Payment In Kind

In case Outstanding Payments become due and payable and the Issuer becomes obliged to settle Outstanding Payments by means of ACSM, the Guarantor has unconditionally and irrevocably undertaken in the Subordinated Undertaking to generate Eligible Funds in accordance with the requirements of § 5(6) of the Conditions of Issue and to make the cash proceeds available to the Issuer. Under the Subordinated Undertaking, the Guarantor shall use, in the light of market conditions then prevailing, its reasonable efforts to cause the issuance of new shares of the Guarantor and/or sale of treasury shares of the Guarantor and/or the issuance of Eligible Securities.

The Issuer shall only make use of Payment In Kind if the Guarantor does not make Eligible Funds available which are sufficient for the payment of Outstanding Payments (subject to the limitation of maximum Payment In Kind described at the end of the preceding paragraph).

Further Limitations on ACSM

According to the provisions of the Subordinated Undertaking, the Guarantor is only obliged to generate Eligible Funds through the issuance of new shares and/or sale of treasury shares and provide these to the Issuer if and to the extent that it

(i) holds shares itself (save for treasury shares which have been acquired against cash within a period of six months before the relevant payment date); or

(ii) can for the purpose of implementing ACSM issue new shares, provided that the number of shares issued is, for each period of continuing deferral of Outstanding Payments, not in excess of 2% of the Guarantor's aggregate amount of the relevant outstanding shares; and

(iii) has appropriate corporate authorizations; and

(iv) is not subject to any restriction (whether by applicable law, articles of association, contractual obligations or provisions or internal rulings) as applicable in each case.

The Guarantor is under no obligation to buy back its own shares to generate Eligible Funds.

Eligible Securities for the financing of settlement of Outstanding Payments may only be issued (i) if the Guarantor or the respective issuing entity of such Eligible Securities is not subject to any restriction (whether by applicable law, the relevant articles of association, contractual obligations or provisions or internal ruling) and (ii) to the extent the sum of all increases of the Principal Amount per Bond and payments out of Eligible Funds raised through the issuance of Eligible Securities (in each case as calculated per Bond) does not exceed 25% of the Initial Principal Amount per Bond (i.e. €250 per EUR-Bond and £250 per GBP-Bond).

Bondholders are notified that the Guarantor may be prevented by compulsory provisions of German stock corporation law or otherwise from issuing new shares and/or selling treasury shares of the Guarantor and/or issuing Eligible Securities.

Cancellation of Outstanding Payments

To the extent the settlement of Outstanding Payments by means of ACSM proves to be impossible, unreasonable or inadmissible for the Issuer or the Guarantor or would otherwise not be in accordance with the provisions of § 5(6) of the Conditions of Issue, the Issuer's obligation to settle the relevant Outstanding Payments shall be cancelled. In such case, the Guarantor's corresponding obligations under the Subordinated Guarantee and the Subordinated Undertaking are also cancelled in accordance with their respective terms.

Partial Settlement

If, on the due date of Outstanding Payments, the Issuer has not received sufficient Eligible Funds from the Guarantor to settle all Outstanding Payments, the Issuer shall pay the Eligible Funds to Bondholders on a *pro rata* basis. In such case the remaining part of the relevant Outstanding Payment shall be cancelled to the extent it cannot be settled by Payment In Kind in accordance with the Conditions of Issue.

Reduction and Ranking of Claim for Outstanding Payments in case of Insolvency; Cancellation of Remainder

In the event of the liquidation, dissolution, insolvency, composition or other proceedings for the avoidance of insolvency of the Issuer, each Bondholder has a direct claim against the Issuer to receive a pro rata payment on account of Outstanding Payments (to the extent not previously cancelled) per Bond up to an amount corresponding to 25% of its Bonds' Initial Principal Amount less the sum of all (i) payments made up to such point out of Eligible Funds raised through the issuance of Eligible Securities and (ii) increases of the Bonds' Initial Principal Amount made up to such point pursuant to § 5(6)(a) of the Conditions of Issue (in each case as calculated per Bond) (i.e., in the maximum amount of € 250 or £ 250, as applicable). Such claim shall constitute an unsecured and subordinated obligation of the Issuer ranking *pari passu* with the

Bonds. The remaining claim for settlement of Outstanding Payments shall be cancelled.

Taxation and Gross-up

All payments in respect of the Bonds and the Subordinated Guarantee shall be made free and clear of, and without deduction or withholding on account of taxes at source. Otherwise, the Issuer or, as the case may be, the Guarantor shall pay such additional amounts necessary for the Bondholders to receive net amounts which are equal to the amounts which would have been received by them without such deduction or withholding, subject to customary exceptions as set out more fully in the Conditions of Issue, the Subordinated Guarantee and the Subordinated Undertaking.

Maturity

If not redeemed or purchased and cancelled earlier, the Bonds will be redeemed on September 14, 2066.

Optional Redemption

Subject to the replacement provision below, the Issuer may call and redeem the Bonds (in whole but not in part) on September 14, 2016 or on any Floating Interest Payment Day (as defined in § 1 of the Conditions of Issue) thereafter at their principal amount plus accrued interest and upon payment of all outstanding Arrears of Interest to the date of redemption.

Special Event Redemption

In case of a grossing-up obligation for Dutch or German withholding taxes, the Issuer may redeem the Bonds prior to September 14, 2016 at par plus accrued interest and all outstanding Arrears of Interest.

Upon (i) loss of deductibility for German or Dutch corporate income tax purposes of payments by the Issuer or Guarantor under the Bonds or the Subordinated Guarantee or (ii) adverse change to the initial rating agency equity credit for the Bonds, the Issuer may redeem the Bonds prior to September 14, 2016 at the higher of (i) their principal amount or (ii) the Make-Whole Amount (as defined in § 6(3) of the Conditions of Issue), which will be equal to the sum of the present values (calculated on the basis of the Euro benchmark security yield plus 0.75% for the EUR-Bonds and calculated on the basis of the Sterling benchmark security yield plus 0.75% for the GBP-Bonds) on the redemption date of the Principal Amount and the remaining scheduled interest payments to but excluding September 14, 2016 plus, in either case, any interest accrued until the date of redemption and all outstanding Arrears of Interest.

If the Issuer exercises its right to terminate the Bonds within six months following conversion of more than 60% of the 2003/2010 convertible bond issued by Siemens Finance B.V. and convertible into shares of the Guarantor (ISIN XS0169534582)¹ (**Conversion Event**) the Issuer may redeem the Bonds at an amount calculated as the greater of the Principal Amount of the Bonds and the Special Make-Whole Amount (as defined in § 6(3) of the Conditions of Issue) (calculated on the basis of the annual Euro swap rate plus 0.50% for the EUR-Bonds and the annual GBP swap rate plus

¹ The terms and conditions of the convertible bond will be available at the specified office of the Luxembourg Paying Agent as further set out in the section “Important Notice and Other Information — Documents Available for Inspection”.

0.50% for the GBP-Bonds) plus any interest accrued until the date of redemption and all outstanding Arrears of Interest.

In each case, other than the redemption following a Conversion Event, the redemption is subject to the replacement provision below.

Replacement Provision

It is the intention of the Guarantor that the Bonds will constitute permanent funding of the Guarantor's group. In case of redemption of the Bonds (other than the redemption following a Conversion Event), the Guarantor intends to make available to the Issuer for the purposes of redemption of the Bonds proceeds raised through the issuance of new shares and/or the sale of treasury shares of the Guarantor (save for treasury shares which have been acquired against cash within a period of six months before the relevant payment date) and/or through the issuance of Replacement Securities within a period of 6 months prior to the redemption date of the Bonds.

Replacement Securities are securities issued (i) by the Guarantor or (ii) by the Issuer or any other wholly-owned direct or indirect Finance Subsidiary (as defined in § 6(5) of the Conditions of Issue) of the Guarantor, in each case with the benefit of a guarantee from the Guarantor, and must (a) have a maturity of at least 60 years, (b) rank *pari passu* with or junior to the Bonds or the obligations pursuant to the guarantee rank *pari passu* with or junior to the obligations pursuant to the Subordinated Guarantee, (c) have equal or greater rating agency equity credit than the Bonds, (d) not be redeemable prior to the expiration of five years (if the Replacement Securities do not contain a step-up of the interest rate) or expiration of ten years of their issue date (if the Replacement Securities contain a step-up), other than for tax and rating agency equity credit reasons pursuant to the conditions in § 6(2) of the Conditions of Issue, and (e) permit the Issuer in their terms to defer interest payments in the same or a similar manner as under the Bonds.

Repurchase and Squeeze-Out

The Issuer, the Guarantor or any Group Entity may at any time, in compliance with applicable laws, purchase Bonds in the open market or otherwise and at any price. Such acquired Bonds may be cancelled, held or resold. In the event that Bonds equal to or more than 75% of the original aggregate principal amount have been so repurchased, the Issuer may call and redeem the remaining Bonds (in whole but not in part) at the higher of (i) their Principal Amount or (ii) the Make-Whole Amount plus, in either case, interest accrued until (but excluding) the date of redemption and all outstanding Arrears of Interest.

Rating of Bonds

The Bonds are expected to be rated A2 (neg) by Moody's Investors Service Limited and A- (cw neg) by Standard & Poor's upon issuance.

Negative Pledge

Neither the Issuer nor the Guarantor may incur or issue (or, in the case of the Guarantor, guarantee) any additional subordinated indebtedness which by its terms or by mandatory provisions of law would rank junior to the Bonds or the obligations under the Subordinated Guarantee and the Subordinated Undertaking, respectively, in the event of their respective liquidation, dissolution or insolvency or composition or other proceedings for the avoidance

of their respective insolvency, save for the issuance of Eligible Securities pursuant to § 5(6) of the Conditions of Issue. Neither the Conditions of Issue nor the Subordinated Guarantee nor the Subordinated Undertaking provide for any further limitations on the Issuer and the Guarantor, respectively, to incur additional indebtedness or to grant collateral to creditors.

Events of Default

Bondholders, by written notice addressed to the Issuer and the Guarantor and delivered to the Issuer or to the Principal Paying Agent, can only declare the Bonds due and payable if (i) the Issuer or the Guarantor enters into a liquidation and winding up or dissolution (other than for the purposes of or pursuant to an amalgamation, reorganization or restructuring whilst solvent, where the continuing entity assumes substantially all of the assets and obligations of the Issuer or the Guarantor, as the case may be) or (ii) insolvency proceedings are commenced against the Issuer or the Guarantor.

Cross Default

The Conditions of Issue do not contain a cross-default clause.

2. Summary of the Description of Risk Factors

2.1 Risk Factors relating to the Bonds

An investment in the Bonds involves certain risks associated with the characteristics of the Bonds and which could lead to substantial losses for Bondholders when selling their Bonds or with regard to receiving interest payments under the Bonds. These risks include the following:

- Payments of interest under the Bonds may under certain circumstances be deferred at the election of the Issuer.
- No interest will be paid on the Bonds if a Mandatory Deferral Event (as such term is defined in § 5(5) of the Conditions of Issue) prevails on a due date for interest and the claim to receive such interest may be cancelled.
- Claims under the Bonds, under the Subordinated Guarantee and under the Subordinated Undertaking are subordinated.
- The Bonds are long term securities and Bondholders may only declare the Bonds due and payable in very limited circumstances.
- There is no limitation on the Issuer and the Guarantor incurring additional indebtedness ranking senior or *pari passu* with the Bonds and/or the Subordinated Guarantee.
- The Issuer is a funding vehicle for the Siemens group and has no operative cash flows.
- The Bonds are subject to certain redemption risks.
- An active trading market for the Bonds may not develop.
- Investors are exposed to risks associated with fixed rate bonds.
- Investors are exposed to risks associated with floating rate bonds.

2.2. Risk Factors relating to Siemens Financieringsmaatschappij N.V. and Siemens Aktiengesellschaft

An investment in the Bonds involves certain risks relating to the Issuer and/or the Guarantor of the Bonds. While all of these risk factors involve contingencies which may or may not occur, potential investors should be aware that the risks involved with investing in the Bonds may, among other things, (i) affect the ability of the Issuer and the Guarantor to fulfil its respective obligations under the Bonds and/or (ii) lead to a volatility and/or decrease in the market value of the Bonds whereby the market value falls short of the expectations (financial or otherwise) of an investor upon making an investment in such Bonds.

Prospective investors should consider, among other things, the factors described in Part B (“Risk Factors”) below which identify certain risks inherent in investing in the Bonds and in regards to the Issuer and the Guarantor.

However, each prospective investor of the Bonds must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Bonds is fully consistent with its (or if it is acquiring the Bonds in a fiduciary capacity, the beneficiary’s) financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it (whether acquiring the Bonds as principal or in a fiduciary capacity) and is a fit, proper and suitable investment for it (or if it is acquiring the Bonds in a fiduciary capacity, for the beneficiary), notwithstanding all of the risks inherent in investing in or holding the Bonds.

4. Summary of the Description of Siemens Aktiengesellschaft

Siemens Aktiengesellschaft traces its origins to 1847. Beginning with advances in telegraph technology, the Company quickly expanded its product line and geographic scope, and was already a multi-national business by the end of the 19th century. The Company formed a partnership under the name Siemens & Halske in 1847, reorganised as a limited partnership in 1889 and as a stock corporation in 1897. The Company moved its headquarters from Berlin to Munich in 1949, and assumed its current name as Siemens Aktiengesellschaft, a stock corporation under the Federal laws of Germany, in 1966. The address of our principal executive offices is Wittelsbacherplatz 2, D-80333 Munich, Germany, telephone number +49 (89) 636 00.

During fiscal 2005, Siemens employed an average of 439,400 people and operates in approximately 190 countries worldwide. In fiscal 2005, Siemens had net sales of € 75.445 billion. Its balanced business portfolio is based on leadership in electronics and electrical engineering. Siemens has combined this expertise with a commitment to original research and development (R&D) to build strong global market positions in equipment for telecommunications and networking, industrial automation, power generation and medical diagnostics. Siemens is also a major world competitor in rail transportation systems, automotive electronics and lighting. Its businesses operate under a range of regional and economic conditions. In internationally-oriented long-cycle industries, for example, customers have multi-year planning and implementation horizons that tend to be independent of short-term economic trends. Siemens' activities in these areas include power generation, power transmission and distribution, medical solutions and rail systems. In fields with more industry-specific cycles, customers tend to have shorter horizons for their spending decisions and greater sensitivity to current economic conditions. Siemens' activities in these areas include information and communications, automation and drives, and lighting. Some activities, especially information and communications, medical solutions and automotive, are also influenced by technological change and the rate of acceptance of new technologies by end users.

Wahlweiser Zinsaufschub

Die Emittentin kann sich dafür entscheiden, die Fälligkeit von Zinszahlungen, die ansonsten fällig wären, aufzuschieben, sofern seit der letzten Jahreshauptversammlung der Garantin:

- (i) auf keine Aktiengattung der Garantin eine Dividende, andere Ausschüttung oder Zahlung wirksam beschlossen, gezahlt oder vorgenommen wurde; und
- (ii) auf kein Nachrangiges Wertpapier (wie nachstehend definiert) oder Gleichrangiges Wertpapier (wie nachstehend definiert) eine Dividende, Zinsen, andere Ausschüttungen oder Zahlungen wirksam beschlossen, gezahlt oder vorgenommen wurden; und

(iii) weder die Garantin noch eine Konzerngesellschaft (wie nachstehend definiert) Gleichrangige Wertpapiere, Nachrangige Wertpapiere oder Aktien einer Aktiengattung der Garantin gegen Gewährung einer Gegenleistung (mit Ausnahme einer in der Wandlung oder im Umtausch in Aktien bestehenden Gegenleistung) zurückgekauft oder sonst wie erworben haben.

Nachzahlung von Zinsrückständen

Zinsrückstände sind durch die Emittentin (vollständig, jedoch nicht teilweise) an dem zuerst eintretenden der folgenden Kalendertage zu zahlen:

- (i) an dem Kalendertag, an dem auf eine Aktiengattung der Garantin eine Dividende, andere Ausschüttung oder Zahlung wirksam beschlossen, gezahlt oder vorgenommen wird;
- (ii) an dem Kalendertag, an dem auf ein Nachrangiges Wertpapier Dividenden, Zinsen, andere Ausschüttungen oder Zahlungen wirksam beschlossen, gezahlt oder vorgenommen werden;

(vi) an dem Kalendertag, der fünf Jahre nach dem Zinszahlungstag liegt, an dem der betreffende Zinsbetrag erstmals hätte fällig werden können.

Die Emittentin kann Zinsrückstände ansonsten jederzeit nach freiem Ermessen vollständig oder teilweise zahlen.

Wenn die Garantin oder eine Konzerngesellschaft Zinsen auf Gleichrangige Wertpapiere leistet, ist die Emittentin verpflichtet, an dem auf eine solche Zahlung unmittelbar folgenden Zinszahlungstag in der vollen, oder im Fall einer teilweisen Zahlung auf Gleichrangige Wertpapiere, anteiligen Höhe Zahlungen auf Zinsrückstände zu leisten.

Zwingender Aufschub von Zinszahlungen

Falls am zwölften Geschäftstag vor einem Zinszahlungstag ein Zwingender Aufschubungsgrund (wie nachstehend definiert) vorliegt, wird die Fälligkeit dieser Zinszahlung aufgeschoben. In dieser Weise aufgeschobene Zinszahlungen stellen **Aufgeschobene Zinsen** dar.

Ein **Zwingender Aufschubungsgrund** liegt vor, wenn der folgende, jährlich auf Grundlage des zuletzt veröffentlichten Jahres-Konzernabschlusses der Garantin zu ermittelnde Bruch 3,00 unterschreitet:

$$(CF+I)/I$$

wobei:

CF = “Gewinn (nach Steuern)” zuzüglich “Auf konzernfremde Gesellschafter entfallende Ergebnisanteile” zuzüglich “Abschreibungen” (zur Vermeidung von Missverständnissen: “Abschreibungen” umfasst die Beträge, die in der englischen Fassung der Konzern-Kapitalflussrechnung unter “Amortization, Depreciation and Impairments” ausgewiesen sind);

und zwar so wie diese Positionen jeweils im zuletzt veröffentlichten Jahres-Konzernabschluss der Garantin in der Konzern-Kapitalflussrechnung ausgewiesen sind; und

I = “Zinsen und ähnliche Aufwendungen”

und zwar so wie diese Position als Anhangsangabe im zuletzt veröffentlichten Jahres-Konzernabschluss der Garantin ausgewiesen ist;

wobei als Veröffentlichungszeitpunkt derjenige Zeitpunkt maßgeblich ist, an dem der Jahres-Konzernabschluss der Garantin erstmals öffentlich verfügbar ist.

Zahlung Aufgeschobener Zinsen

Die Emittentin darf Aufgeschobene Zinsen nur mittels ACZM (wie nachstehend definiert) leisten. Sie kann diese jederzeit (vollständig oder teilweise) nach Bekanntmachung unter Einhaltung einer Frist von nicht weniger als acht und nicht mehr als fünfzehn Geschäftstagen an die Inhaber der Schuldverschreibungen (*Anleihegläubiger*) leisten und muss (jeweils vorbehaltlich einer Verschiebung bei Eintritt einer Marktstörung (wie in § 5(6)(c) der Anleihebedingungen definiert)) diese am zuerst eintretenden der folgenden Zeitpunkte leisten: (i) ein Jahr, nachdem auf eine Aktiegattung der Garantin eine Dividende, andere Ausschüttung oder Zahlung (einschließlich Zahlungen zum Zweck der Rückzahlung oder des Rückkaufs von Aktien) wirksam beschlossen, gezahlt oder vorgenommen wurde, (ii) dem fünften Jahrestag des Kalendertages, an dem der betreffende Zinsbetrag fällig geworden wäre, wenn kein Zwingender Aufschiebungsgrund vorgelegen hätte, oder (iii) an dem Kalendertag, an dem die Schuldverschreibungen zur Rückzahlung fällig sind.

Alternativer Coupon-Zahlungs-Mechanismus (ACZM)

ACZM bezeichnet die Leistung Aufgeschobener Zinsen aus Statthaften Mitteln oder mittels Sachleistung.

Statthafte Mittel bezeichnet Barmittel, die der Emittentin durch die Garantin zur Verfügung gestellt werden und die die Garantin gemäß § 5(6) der Anleihebedingungen entweder (i) durch Ausgabe neuer Aktien der Garantin und/oder den Verkauf eigener Aktien der Garantin und/oder (ii) durch Ausgabe Statthafter Wertpapiere erlöst hat, jeweils unter dem Vorbehalt, dass die Garantin zum Zeitpunkt der Ausgabe oder des Verkaufs der Aktien über die hierzu notwendigen gesellschaftsrechtlichen Befugnisse verfügt.

Statthafte Wertpapiere müssen Gleichrangige Wertpapiere und/oder Nachrangige Wertpapiere sein, die (a) von der Garantin oder von der Emittentin bzw. einer anderen direkten oder indirekten 100%igen Finanzierungsgesellschaft (wie in § 1 der Anleihebedingungen definiert) der Garantin jeweils mit einer Garantie der Garantin begeben werden, (b) eine Laufzeit von mindestens 75 Jahren oder eine unbegrenzte Laufzeit haben, (c) nicht vor Ablauf von fünf Jahren (wenn sie keinen Mechanismus zur Erhöhung des Zinssatzes enthalten) oder nicht vor Ablauf von zehn Jahren (wenn sie einen Mechanismus zur Erhöhung des Zinssatzes enthalten) nach Begebung kündbar sind, es sei denn, die Kündigung erfolgt aus bestimmten steuerlichen Gründen oder wegen des Verlusts der ursprünglichen Eigenkapitalanrechnung, (d) bei Eintritt bestimmter Ereignisse das Erlöschen von durch Barzahlung zu leistenden Zinszahlungen vorsehen, und (e) bezüglich einer Ersetzungsbestimmung eine den Anleihebedingungen entsprechende Regelung vorsehen, wenn die Statthaften Wertpapiere einen Mechanismus zur Erhöhung des Zinssatzes enthalten.

Soweit die Garantin trotz zumutbarer Anstrengungen nicht in der Lage ist, die notwendigen Mittel durch Ausgabe bzw. Verkauf von Aktien oder die Begebung von Statthaften Wertpapieren zu beschaffen, muss die Emittentin statt einer Geldleistung eine Sachleistung erbringen, indem sie den Nennbetrag je Schuldverschreibung um einen Gesamtbetrag in Höhe der Aufgeschobenen Zinsen erhöht (**Sachleistung**). Der Gesamtbetrag an Mitteln (jeweils bezogen auf eine Schuldverschreibung), der (i) durch die Ausgabe von Statthaften Wertpapieren und (ii) durch Sachleistung beschafft wird, darf nicht mehr als 25% (und eine etwaige Sachleistung nicht mehr als 20%) des ursprünglichen Nennbetrages (wie in § 1 der Anleihebedingungen definiert) je Schuldverschreibung ausmachen.

Nachrangige Verpflichtungserklärung und Sachleistung

Für den Fall, dass Aufgeschobene Zinsen fällig geworden sind und die Emittentin zu deren Zahlung mittels ACZM verpflichtet ist, hat die Garantin sich in der Nachrangigen Verpflichtungserklärung bedingungslos und unwiderruflich gegenüber der Emittentin verpflichtet, Statthafte Mittel unter den Voraussetzungen von § 5(6) der Anleihebedingungen zu erlösen und diese der Emittentin zur Verfügung zu stellen. Die Verpflichtung der Garantin gemäß der Nachrangigen Verpflichtungserklärung, Statthafte Mittel zu erlösen und zur Verfügung zu stellen, besteht nur insoweit, als die Ausgabe neuer Aktien der Garantin bzw. der Verkauf von eigenen Aktien der Garantin und/oder die Ausgabe Statthafter Wertpapiere im Rahmen der dann bestehenden Marktverhältnisse für die Garantin zumutbar ist.

Die Emittentin wird eine Sachleistung nur leisten, wenn die Garantin nicht ausreichende Statthafte Mittel zur vollständigen Zahlung der Aufgeschobenen Zinsen zur Verfügung stellt (vorbehaltlich der Beschränkung bezüglich Sachleistung wie am Ende des vorangegangenen Absatzes näher erläutert).

Weitere Beschränkungen für ACZM

Die Garantin ist gemäß der Nachrangigen Verpflichtungserklärung nur verpflichtet, Statthafte Mittel durch die Ausgabe neuer Aktien der Garantin und/oder den Verkauf eigener Aktien der Garantin zu beschaffen und der Emittentin zur Verfügung zu stellen, soweit sie:

- (i) selbst Aktien hält (mit Ausnahme eigener Aktien, welche innerhalb eines Zeitraums von sechs Monaten vor dem betreffenden Zahlungstag gegen Barzahlung erworben wurden); oder
- (ii) neue Aktien zum Zweck der Durchführung von ACZM ausgeben kann, mit der Maßgabe, dass die Anzahl der zu diesem Zweck auszugebenden Aktien der Garantin in keinem Zeitraum eines fortdauernden Aufschubs der Fälligkeit Aufgeschobener Zinsen 2% der jeweils bereits ausstehenden Aktien der Garantin überschreitet; und
- (iii) die entsprechenden Ermächtigungen ihrer Gesellschaftsorgane erhalten hat; und
- (iv) keinen jeweils anwendbaren Beschränkungen (gesetzlicher Art, aufgrund von Satzungsbestimmungen, vertraglichen

Verpflichtungen oder Bestimmungen oder internen Bestimmungen) unterliegt.

Die Garantin ist nicht verpflichtet, zur Beschaffung Statthafter Mittel zuvor eigene Aktien zu erwerben.

Zur Nachzahlung Aufgeschobener Zinsen dürfen Statthafte Wertpapiere lediglich insoweit ausgegeben werden, als (i) die Garantin bzw. die jeweilige emittierende Gesellschaft insoweit keinen Beschränkungen (gesetzlicher Art, aufgrund von Satzungsbestimmungen, vertraglichen Verpflichtungen oder Bestimmungen oder internen Bestimmungen) unterliegt und (ii) die Summe aller Erhöhungen des Nennbetrages je Schuldverschreibung und Zahlungen aus Statthaften Mitteln, die aus der Begebung von Statthaften Wertpapieren erlöst wurden, (jeweils bezogen auf eine Schuldverschreibung) 25% des Ursprünglichen Nennbetrages je Schuldverschreibung bei Ausgabe (mithin €250 bzw. £250) nicht übersteigt.

Die Anleihegläubiger werden darauf hingewiesen, dass die Garantin durch zwingende Bestimmungen des deutschen Aktienrechts oder aus sonstigen Gründen an der Ausgabe neuer Aktien und/oder dem Verkauf eigener Aktien der Garantin und/oder der Begebung Statthafter Wertpapiere gehindert sein kann.

Erlöschen Aufgeschobener Zinsen

Soweit sich eine Zahlung Aufgeschobener Zinsen mittels ACZM zur ersatzweisen Erfüllung gemäß § 5(6) der Anleihebedingungen als für die Emittentin bzw. die Garantin undurchführbar, unzumutbar bzw. unzulässig oder aus anderen Gründen als nicht § 5(6) der Anleihebedingungen entsprechend erweist, erlischt die entsprechende Verpflichtung der Emittentin zur Zahlung der betroffenen Aufgeschobenen Zinsen. In diesem Fall erlöschen nach Maßgabe der Bestimmungen der Nachrangigen Garantie und der Nachrangigen Verpflichtungserklärung auch die diesbezüglichen Pflichten der Garantin aus der Nachrangigen Garantie und der Nachrangigen Verpflichtungserklärung.

Teilweise Erfüllung

Falls die Emittentin an dem Fälligkeitstag Aufgeschobener Zinsen nicht ausreichende Statthafte Mittel von der Garantin erhalten hat, um die gesamten Aufgeschobenen Zinsen nachzahlen zu können, wird die Emittentin die Statthaften Mittel anteilmäßig (*pro rata*) an die Anleihegläubiger auszahlen. In diesem Fall erlischt der verbleibende Teil der betreffenden Aufgeschobenen Zinsen, soweit er auch nicht durch Sachleistung nach Maßgabe der Anleihebedingungen geleistet werden kann.

Abzugsbeträge und Rang des Anspruchs auf Aufgeschobene Zinsen bei Insolvenz; Erlöschen des Restbetrages

Im Fall der Liquidation, der Auflösung oder der Insolvenz der Emittentin oder eines Vergleichs oder eines anderen, der Abwendung der Insolvenz der Emittentin dienenden Verfahrens hat jeder Anleihegläubiger je Schuldverschreibung einen direkten Anspruch gegen die Emittentin auf Erhalt der anteilig auf eine Schuldverschreibung entfallenden Aufgeschobenen Zinsen (soweit

der Anspruch hierauf nicht zuvor erloschen ist) in Höhe von bis zu 25% des Ursprünglichen Nennbetrages der Schuldverschreibungen abzüglich der Summe aus allen bis zu diesem Zeitpunkt (i) geleisteten Zahlungen mit aus der Begebung Statthafter Wertpapiere beschafften Statthaften Mitteln und (ii) vorgenommenen Erhöhungen des Ursprünglichen Nennbetrages der Schuldverschreibungen nach Maßgabe von § 5(6)(a) der Anleihebedingungen (jeweils bezogen auf eine Schuldverschreibung) (mithin maximal in Höhe von €250 bzw. £250). Dieser Anspruch begründet eine unbesicherte und nachrangige Verbindlichkeit der Emittentin, die mit den Schuldverschreibungen im Rang gleich steht. Der über diesen Betrag hinausgehende Anspruch auf Zahlung Aufgeschobener Zinsen erlischt.

Besteuerung und Bruttoausgleich

Sämtliche Zahlungen auf die Schuldverschreibungen und die Nachrangige Garantie sind frei von und ohne Einbehalt oder Abzug von Steuern zu leisten. Andernfalls muss die Emittentin bzw. die Garantin diejenigen zusätzlichen Beträge zahlen, die erforderlich sind, damit die von jedem Anleihegläubiger zu empfangenden Nettobeträge den Beträgen entsprechen, die der Anleihegläubiger ohne einen solchen Abzug oder Einbehalt erhalten hätte, vorbehaltlich standardmäßiger Ausnahmen, die im Einzelnen in den Anleihebedingungen, der Nachrangigen Garantie und der Nachrangigen Verpflichtungserklärung beschrieben sind.

Endfälligkeit

Sofern sie nicht vorher zurückgezahlt, zurückgekauft oder entwertet wurden, werden die Schuldverschreibungen am 14. September 2066 zurückgezahlt.

Kündigung nach Wahl der Emittentin

Vorbehaltlich der nachstehenden Ersetzungsbestimmung kann die Emittentin die Schuldverschreibungen am 14. September 2016 oder an jedem danach folgenden Zinszahlungstag vollständig, aber nicht in Teilbeträgen zum Nennbetrag zuzüglich aufgelaufener Zinsen und sämtlicher Zinsrückstände kündigen und zurückzahlen.

Kündigung bei besonderen Ereignissen

Im Fall einer Verpflichtung zu einem Bruttoausgleich aufgrund niederländischer oder deutscher Quellensteuern kann die Emittentin die Schuldverschreibungen vor dem 14. September 2016 zum Nennbetrag zuzüglich aufgelaufener Zinsen und aller Zinsrückstände zurückzahlen.

Falls (i) Zahlungen, die von der Emittentin bzw. der Garantin in Bezug auf die Schuldverschreibungen bzw. in Bezug auf die Nachrangige Garantie zahlbar sind, von der Emittentin bzw. der Garantin nicht mehr für die Zwecke der niederländischen bzw. deutschen Körperschaftsteuer voll abzugsfähig sind oder (ii) die Schuldverschreibungen von den Ratingagenturen nicht mehr ihrer ursprünglichen und auch nicht einer höheren Eigenkapitalanrechnungskategorie zugeordnet werden, kann die Emittentin die Schuldverschreibungen vor dem 14. September 2016 zu (i) ihrem Nennbetrag oder, falls höher, (ii) dem Abgezinsten Marktpreis (wie in § 6(3) der Anleihebedingungen definiert), welcher der Summe aus den auf den Rückzahlungstag bezogenen abgezinsten Werten (berechnet auf der Basis der Rendite einer vergleichbaren

Euro-Referenz-Anleihe zuzüglich 0,75% im Fall der EUR-Schuldverschreibungen und berechnet auf der Basis der Rendite einer vergleichbaren Pfund-Sterling-Referenzanleihe zuzüglich 0,75% im Fall der GBP-Schuldverschreibungen) des Nennbetrages und den bis zum 14. September 2016 (ausschließlich) verbleibenden vorgesehenen Zinszahlungen entspricht, jeweils zuzüglich sämtlicher bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen und sämtlicher Zinsrückstände zurückzahlen.

Für den Fall, dass die Emittentin innerhalb von sechs Monaten nach Wandlung von mehr als 60% der von der Siemens Finance B.V. begebenen und in Aktien der Garantin wandelbaren Wandelanleihe von 2003/2010 (ISIN XS0169534582)² (**Wandlungsereignis**) ihr Recht ausübt, die Schuldverschreibungen zu kündigen, kann die Emittentin die Schuldverschreibungen zu ihrem Nennbetrag oder, falls höher, zu dem Besonderen Abgezinsten Marktpreis (wie in § 6(3) der Anleihebedingungen definiert) (berechnet auf der Basis des jährlichen Euro-Swapsatzes zuzüglich 0,50% im Fall der EUR-Schuldverschreibungen und des jährlichen GBP-Swapsatzes zuzüglich 0,50% im Fall der GBP-Schuldverschreibungen) zuzüglich sämtlicher bis zum Rückzahlungstag aufgelaufener Zinsen und sämtlicher Zinsrückstände zurückzahlen.

In jedem Fall (außer im Fall einer Rückzahlung nach einem Wandlungsereignis) unterliegt die Rückzahlung der nachstehenden Ersetzungsbestimmung.

Ersetzungsbestimmung

Nach Absicht der Garantin sollen die Schuldverschreibungen dauerhafter Bestandteil der Konzernfinanzierung der Garantin sein. Für den Fall der Rückzahlung der Schuldverschreibungen (mit Ausnahme einer Rückzahlung nach einem Wandlungsereignis) beabsichtigt die Garantin, der Emittentin Mittel zur Rückzahlung der Schuldverschreibungen zur Verfügung zu stellen, die aus der Ausgabe neuer Aktien der Garantin und/oder dem Verkauf eigener Aktien der Garantin (mit Ausnahme eigener Aktien, welche innerhalb eines Zeitraums von sechs Monaten vor dem betreffenden Zahlungstag gegen Barzahlung erworben wurden) und/oder aus der Begebung von Ersatz-Wertpapieren innerhalb von sechs Monaten vor dem Rückzahlungstag der Schuldverschreibungen stammen.

Ersatz-Wertpapiere sind Wertpapiere, die (i) von der Garantin oder (ii) von der Emittentin bzw. einer anderen direkten oder indirekten 100%igen Finanzierungsgesellschaft der Garantin jeweils mit einer Garantie der Garantin begeben werden und (a) eine Laufzeit von mindestens 60 Jahren haben, (b) im Rang gleich oder nachrangig zu den Schuldverschreibungen bzw. die Verpflichtungen aus der Garantie gleich oder nachrangig zur Nachrangigen Garantie stehen, (c) eine gleiche oder größere Eigenkapitalanrechnung als die Schuldverschreibungen aufweisen, (d) nicht vor Ablauf von fünf Jahren (wenn sie keinen Mechanismus zur Erhöhung des Zinssatzes

² Eine Kopie der Bedingungen der Wandelanleihe ist, wie im Abschnitt “Important Notice and Other Information — Documents Available for Inspection” näher ausgeführt, in den Geschäftsräumen der Luxemburger Zahlstelle erhältlich.

enthalten) oder nicht vor Ablauf von zehn Jahren (wenn sie einen Mechanismus zur Erhöhung des Zinssatzes enthalten) nach Begebung kündbar sind, es sei denn, die Kündigung erfolgt aus steuerlichen Gründen oder Eigenkapitalanrechnungsgründen unter den in § 6(2) der Anleihebedingungen genannten Bedingungen, und (e) es der Emittentin der Ersatz-Wertpapiere nach Maßgabe ihrer Bedingungen ermöglichen, Zinszahlungen in der gleichen oder einer ähnlichen Weise wie unter den Schuldverschreibungen aufzuschieben.

Rückkauf und Squeeze-Out

Die Emittentin, die Garantin oder Konzerngesellschaften können unter Einhaltung der einschlägigen gesetzlichen Vorschriften jederzeit Schuldverschreibungen im Markt oder anderweitig zu jedem beliebigen Preis kaufen. Derartig erworbene Schuldverschreibungen können entwertet, gehalten oder wieder veräußert werden. Falls in dieser Weise Schuldverschreibungen im Volumen von 75% oder mehr des ursprünglich begebenen Gesamtnennbetrages der Schuldverschreibungen zurückgekauft wurden, kann die Emittentin die verbleibenden Schuldverschreibungen (insgesamt, jedoch nicht teilweise) kündigen und zu (i) ihrem Nennbetrag oder, falls höher, (ii) dem Abgezinsten Marktpreis, jeweils zuzüglich sämtlicher bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen und zuzüglich aller ausstehenden Zinsrückstände, zurückzahlen.

Rating der Schuldverschreibungen

Die Schuldverschreibungen werden bei Ausgabe voraussichtlich ein Rating von A2 (neg) von Moody's Investors Service Limited und von A- (cw neg) von Standard & Poor's erhalten.

Negativklärung

Weder die Emittentin noch die Garantin dürfen, mit Ausnahme von gemäß § 5(6) der Anleihebedingungen begebenen Statthaften Wertpapieren, eine zusätzliche nachrangige Verschuldung eingehen bzw., im Fall der Garantin, garantieren, die nach ihren Bedingungen oder gesetzlichen Vorschriften im Falle ihrer Liquidation, Auflösung oder Insolvenz oder eines Vergleichs oder eines anderen der Abwendung ihrer jeweiligen Insolvenz dienenden Verfahrens den Schuldverschreibungen bzw. den Verpflichtungen aus der Nachrangigen Garantie und der Nachrangigen Verpflichtungserklärung im Rang nachgehen würde. Weder die Anleihebedingungen noch die Nachrangige Garantie noch die Nachrangige Verpflichtungserklärung sehen darüber hinausgehende Beschränkungen der Emittentin und der Garantin für das Eingehen einer zusätzlichen Verschuldung oder die Stellung von Sicherheiten an Gläubiger vor.

Kündigungsgründe

Ein Anleihegläubiger kann seine Schuldverschreibungen durch schriftliche Mitteilung an die Emittentin und die Garantin, die entweder an die Emittentin oder die Hauptzahlstelle zu übermitteln ist, kündigen, falls (i) die Emittentin oder die Garantin in die Liquidation geht und abgewickelt oder aufgelöst wird (sofern dies nicht für die Zwecke oder als Folge eines Zusammenschlusses, einer Umstrukturierung oder Sanierung geschieht, bei dem bzw. der die Emittentin oder die Garantin noch zahlungsfähig ist und bei dem bzw. der die fortführende Gesellschaft im Wesentlichen alle Vermögenswerte und Verpflichtungen der Emittentin bzw. der

Garantin übernimmt) oder (ii) ein Insolvenzverfahren gegen die Emittentin oder die Garantin eröffnet wird.

Drittverzug (Cross Default)

Die Anleihebedingungen enthalten keine Bestimmungen über einen Drittverzug (*Cross Default*).

2. Zusammenfassende Beschreibung der Risikofaktoren

2.1. Risikofaktoren in Bezug auf die Schuldverschreibungen

Eine Anlage in die Schuldverschreibungen birgt bestimmte Risiken im Zusammenhang mit den Merkmalen der Schuldverschreibungen, durch die den Anleihegläubigern erhebliche Verluste beim Verkauf ihrer Schuldverschreibungen oder im Hinblick auf den Erhalt von Zinszahlungen auf die Schuldverschreibungen entstehen könnten. Hierzu gehören die folgenden Risiken:

- Zinszahlungen auf die Schuldverschreibungen können unter bestimmten Umständen nach Wahl der Emittentin aufgeschoben werden.
- Auf die Schuldverschreibungen erfolgen keine Zinszahlungen, wenn am Fälligkeitstag der Zinszahlung ein Zwingender Aufschiebungsgrund (wie in § 5(5) der Anleihebedingungen definiert) vorliegt und der Anspruch auf Erhalt dieser Zinsen kann erlöschen.
- Ansprüche aus den Schuldverschreibungen, der Nachrangigen Garantie und der Nachrangigen Verpflichtungserklärung sind nachrangig.
- Die Schuldverschreibungen sind langfristige Wertpapiere und Anleihegläubiger können die Schuldverschreibungen nur in sehr beschränkten Fällen kündigen.
- Die Emittentin und die Garantin können ohne jede Beschränkung eine zusätzliche Verschuldung, die gegenüber den Schuldverschreibungen und/oder der Nachrangigen Garantie gleichrangig oder vorrangig ist, eingehen.
- Die Emittentin ist ein Finanzierungsvehikel des Siemens-Konzerns und verfügt über keine Cashflows aus operativer Tätigkeit.
- Die Schuldverschreibungen unterliegen bestimmten Rückzahlungsrisiken.
- Für die Schuldverschreibungen wird sich möglicherweise kein aktiver Markt entwickeln.
- Anleger sind den Risiken ausgesetzt, die mit festverzinslichen Schuldverschreibungen verbunden sind.
- Anleger sind den Risiken ausgesetzt, die mit variabel verzinslichen Schuldverschreibungen verbunden sind.

2.2. Risikofaktoren in Bezug auf Siemens Financieringsmaatschappij N.V. und Siemens Aktiengesellschaft

Eine Anlage in die Schuldverschreibungen ist mit bestimmten Risiken verbunden, die sich jeweils in Abhängigkeit von der Emittentin und/oder der Garantin der Schuldverschreibungen ergeben. Auch wenn diese Risikofaktoren mit Unsicherheiten verbunden sind, die eintreten oder ausbleiben können, werden mögliche Investoren darauf hingewiesen, dass die Risiken im Zusammenhang mit einer Anlage in diese Schuldverschreibungen unter anderem (i) die Emittentin bzw. die Garantin darin beeinträchtigen können, ihre Verpflichtungen unter den Schuldverschreibungen zu erfüllen, und/oder (ii) mit einem Volatilitätsrisiko verbunden sein können und/oder den Marktwert der Schuldverschreibungen mindern können, so dass der Marktwert den (finanziellen oder anderweitigen) Erwartungen eines Anlegers im Falle einer Anlage in die Schuldverschreibungen nicht entspricht.

Zukünftige Anleger sollten unter anderem die im unten stehenden Teil B („Risikofaktoren“) beschriebenen Faktoren berücksichtigen. Hier werden bestimmte Risiken identifiziert, die mit der Anlage in die Schuldverschreibungen sowie mit der Emittentin und der Garantin verbunden sind.

Jeder zukünftige Anleger in die Schuldverschreibungen muss auf der Grundlage seiner eigenen unabhängigen Prüfungen und, sofern er dies angesichts der Umstände für erforderlich hält, unter Hinzuziehen entsprechender fachlicher Beratung entscheiden, ob der Erwerb der Schuldverschreibungen mit seinen finanziellen Bedürfnissen, Zielen und Bedingungen (oder im Fall des Erwerbs als Treuhänder mit denen des Begünstigten) im Einklang steht. Er muss weiter entscheiden, ob die für ihn (oder im Falle des Erwerbs als Treuhänder die für den Begünstigten) geltenden Anlagegrundsätze, -richtlinien und -beschränkungen befolgt und

eingehalten werden und es für ihn (oder im Falle des Erwerbs als Treuhänder für den Begünstigten) eine angemessene, passende und geeignete Anlage ist, ungeachtet aller mit der Anlage und dem Halten dieser Schuldverschreibungen verbundenen Risiken.

3. Zusammenfassende Beschreibung der Siemens Financieringsmaatschappij N.V.

Siemens Financieringsmaatschappij N.V. (**SFM**), eine direkte 100-%ige Tochtergesellschaft der Siemens Aktiengesellschaft, wurde am 14. September 1977 als Kapitalgesellschaft (*naamloze vennootschap*) nach niederländischem Recht gegründet und handelt unter dem rechtlichen und gewerblichen Namen Siemens Financieringsmaatschappij N.V.

SFM fungiert als Finanzierungsgesellschaft für Kapitalmaßnahmen des Unternehmens. Die satzungsmäßigen Ziele der SFM liegen in der Beteiligung, Finanzierung und Verwaltung von Siemens-Gesellschaften, Unternehmen und sonstigen Geschäftseinrichtungen, der Entnahme und Ausleihung von Geldern und in der allgemeinen Durchführung von Finanztransaktionen, dem Stellen von Sicherheiten und der Vornahme aller weiteren Handlungen, die hiermit identisch sind oder diesen im weitesten Sinne förderlich sind.

4. Zusammenfassende Beschreibung der Siemens Aktiengesellschaft

Siemens hat seinen Ursprung im Jahr 1847. Ausgehend von den Entwicklungen in der Telegrafentechnologie erweiterte das Unternehmen seine Produktlinie und geografische Präsenz schnell. Bereits gegen Ende des 19. Jahrhunderts war Siemens ein multinationales Unternehmen. 1847 wurde die Personengesellschaft mit dem Namen Siemens & Halske gegründet, die 1889 in eine Gesellschaft mit beschränkter Haftung und 1897 in eine Aktiengesellschaft überführt wurde. Das Unternehmen verlegte seine Konzernzentrale 1949 von Berlin nach München und firmiert seit 1966 als Siemens Aktiengesellschaft, eine Aktiengesellschaft nach deutschem Recht. Die Adresse der Geschäftsführung der Siemens Aktiengesellschaft ist Wittelsbacherplatz 2, 80333 München, Deutschland, Telefonnummer: +49 (89) 636 00.

Zum 30. September 2005 beschäftigte Siemens durchschnittlich 439.400 Mitarbeiter im Rahmen ihrer Tätigkeit in ca. 190 Ländern in der ganzen Welt. Im Geschäftsjahr 2005 belief sich der Umsatz auf 75,445 Mrd. EUR. Unser ausgewogenes Geschäftsportfolio wird von Führungspositionen in den Bereichen der Elektronik und Elektrotechnik getragen. Siemens hat seine Expertise auf diesen Gebieten mit seinem Engagement für Forschung und Entwicklung vereint, um eine globale Marktposition für Telekommunikations- und Netzwerkausrüstung, Industrieautomation, Stromerzeugung und medizinische Diagnostika zu sichern. Das Unternehmen ist ferner ein wichtiger globaler Wettbewerber im Schienentransportsystem, der Automobilelektronik und Beleuchtung. Die Geschäftsaktivitäten erfolgen in einem breiten regionalen und diversifizierten wirtschaftlichen Umfeld. In international aufgestellten Branchen mit langen Geschäftszyklen laufen die Geschäftspläne der Kunden beispielsweise über mehrere Jahre und die Umsetzungshorizonte tendieren dazu, unabhängig von kurzfristigen wirtschaftlichen Entwicklungen zu sein. Diese Branchen von Siemens umfassen die Stromerzeugung, Stromübertragung und -verteilung, medizinische Lösungen und Schienentransportsysteme. In Märkten, die in stärkerem Maße durch branchenspezifische Zyklen geprägt sind, planen die Kunden ihre Ausgabeentscheidungen in der Regel über einen kürzeren Zeithorizont und unterliegen in stärkerem Maße den aktuellen wirtschaftlichen Bedingungen. Die Aktivitäten in diesen Märkten umfassen Information und Kommunikation, Automation und Antriebe sowie Beleuchtung. Einige Aktivitäten, hierunter insbesondere Information und Kommunikation, medizinische Lösungen und der Automobilbereich, unterliegen zudem technologischen Änderungen und der Akzeptanz der neuen Technologien beim Endverbraucher.

PART B: RISK FACTORS

Prospective investors should read the entire Prospectus. Words and expressions defined in the “Conditions of Issue” below or elsewhere in this Prospectus have the same meanings in this section. Investing in the Bonds involves certain risks. Prospective investors should consider, amongst others, the following:

1. Risk Factors relating to the Bonds

Payments of Interest under the Bonds may be deferred at the election of the Issuer.

Subject to the limited exceptions in § 5(5) of the Conditions of Issue, the Issuer has the option to defer any payment of interest on the Bonds if the requirements for deferral set out in § 5(3) of the Conditions of Issue are satisfied. If the Issuer, who may do so at its own discretion, decides to defer a payment of interest on the Bonds, payment of interest so deferred must only be made if the specific requirements set out in § 5(4)(b) of the Conditions of Issue are fulfilled. Any interest deferred in such manner will not itself accrue interest. While the deferral of interest payments continues, the Issuer is not prohibited from making payments on any instrument ranking senior to the Bonds. In such event the Bondholders are not entitled to claim immediate payment of interest so deferred.

No Interest will be paid on the Bonds if a Mandatory Deferral Event prevails on a due date for interest and the claim to receive such interest may be cancelled.

Following a Mandatory Deferral Event (as defined in § 5(5) of the Conditions of Issue) and for as long as such Mandatory Deferral Event continues, the Issuer is prohibited from paying interest on the Bonds. Interest payments deferred as a result of a Mandatory Deferral Event may only be settled through the Alternative Coupon Satisfaction Mechanism (ACSM) as set out in § 5(6) of the Conditions of Issue. All payments through ACSM may only be made if and to the extent that such settlement can either be made (i) out of funds raised by the Guarantor from the issuance and/or sale of shares of the Guarantor or securities having equivalent characteristics as the Bonds or (ii) through an increase of the principal amount of the Bonds (**Payment In Kind**) (together **Corporate Actions**). All Corporate Actions are subject to certain restrictions and prerequisites. Accordingly, interest deferred upon occurrence of a Mandatory Deferral Event may not be settled at all and investors face the risks that their claims for payment thereof are cancelled.

Claims under the Bonds, under the Subordinated Guarantee and under the Subordinated Undertaking are subordinated.

The Issuer's obligations under the Bonds and the Guarantor's obligations under the Subordinated Guarantee and under the Subordinated Undertaking are subordinated to the full prior payment of all existing and future indebtedness of the Issuer and the Guarantor, respectively. Accordingly, the claims under the Bonds, the Subordinated Guarantee and the Subordinated Undertaking, respectively, will rank junior to all other creditors (the claims of which do not rank *pari passu* with the Bondholder's claims) of the Issuer and the Guarantor, respectively, in the event of an insolvency or liquidation. Therefore, in liquidation or insolvency proceedings of the Issuer or the Guarantor, the Bondholders will in all likelihood recover significantly less than the holders of unsubordinated liabilities of the Issuer or the Guarantor, as the case may be.

Investors should also take into consideration that unsubordinated liabilities may also arise out of events that are not reflected on the Issuer's and the Guarantor's respective balance sheet, including, without limitation, the issuance of guarantees or other payment undertakings. Claims of beneficiaries under such guarantees or other payment undertakings will, in winding-up or insolvency proceedings of the Issuer or the Guarantor, as the case may be, become unsubordinated liabilities and will therefore be paid in full before payments are made to Bondholders.

The Bonds are long term securities and Bondholders may only declare the Bonds due and payable in very limited circumstances.

The Bonds will be redeemed on September 14, 2066 and the Issuer is under no obligation to redeem the Bonds at any time prior to such date. The Bondholders have no right to call for the redemption of Bonds. The Bondholders can only declare the Bonds due and payable in the event (i) the Issuer or the Guarantor enters into liquidation, winding up or dissolution or (ii) other insolvency proceedings are commenced against the Issuer or the Guarantor. Therefore, Bondholders should be aware that they may be required to bear the financial risks of an investment in the Bonds until 2066.

There is no limitation on the Issuer and the Guarantor to incur additional indebtedness ranking senior or pari passu with the Bonds and/or the Subordinated Guarantee and/or the Subordinated Undertaking.

Neither the Issuer nor the Guarantor have entered into any restrictive covenants in connection with the issuance of the Bonds regarding their respective ability to incur additional indebtedness ranking *pari passu* or senior to the obligations under or in connection with the Bonds, the Subordinated Guarantee and the Subordinated Undertaking, respectively. The incurrence of any such additional indebtedness may significantly increase the likelihood of a deferral of interest payments under the Bonds and/or may reduce the amount recoverable by Bondholders in the event of insolvency or liquidation of the Issuer or the Guarantor.

The Issuer is a funding vehicle for the Siemens Group and has no operative cash flows.

The Issuer raises finance and on-lends monies to group entities within the Siemens Group by way of intra-group loans. Typically, the terms of those intra-group loans, which constitute the Issuer's sole assets, are such that they match the Issuer's payment obligations under the securities issued by it to fund those loans. In the event that a group company would fail to make a payment under an intra-group loan extended by the Issuer, the Issuer may not be able to meet its payment obligations when due under the securities issued by it.

The Bonds are subject to certain redemption risks.

Investors should be aware that the Bonds may be redeemed at the option of the Issuer at their principal amount plus accrued interest on (i) September 14, 2016, (ii) any interest payment date thereafter, or (iii), prior to September 14, 2016, upon the occurrence of a Gross-up Event (as defined in § 6(2) of the Conditions of Issue). In any such case, investors will not receive a make-whole amount or any other compensation in light of the early redemption of the Bonds.

Further, the Bonds may be redeemed at the greater of their principal amount or the Make-Whole Amount (as defined in § 6(3) of the Conditions of Issue) upon the occurrence of a Tax Event or a Capital Event (each as defined in § 6(2) of the Conditions of Issue) or at the greater of their principal amount or the Special Make-Whole Amount (as defined in § 6(3) of the Conditions of Issue) in case of a Conversion Event (as defined in § 6(2) of the Conditions of Issue). In any such case, investors will, other than the Make-Whole Amount or as the case may be, the Special Make-Whole Amount (if higher than the principal amount), not receive any compensation in light of the early redemption of the Bonds.

An active trading market for the Bonds may not develop.

The Bonds constitute a new issue of securities. Prior to this offering, there has been no public market for the Bonds. Although application has been made to list the Bonds on the Luxembourg Stock Exchange, there can be no assurance that an active public market for the Bonds will develop. Even if such a market were to develop, the Managers are under no obligation to maintain such a market. Further, there can be no assurance that a market for the Bonds will not be subject to disruptions. Any such disruptions may have an adverse effect on the Bondholders.

Investors are exposed to risks associated with fixed rate bonds.

A holder of bonds with a fixed compensation rate is exposed to the risk that the price of such bonds falls as a result of changes in the market interest rate. While the nominal compensation rate of the Bonds is fixed until September 14, 2016, the current interest rate on the capital market (market interest rate) typically changes on a daily basis. As the market interest rate changes, the price of the Bonds changes in the opposite direction. If the market interest rate increases, the price of the Bonds would typically fall and if the market interest rate falls, the price of the Bonds would typically increase. Hence, Bondholders should be aware that movements of the market interest rate can adversely effect the price of the Bonds and can lead to losses if Bondholders sell their Bonds during the period in which the compensation rate of the Bonds is fixed, i.e. prior to September 14, 2016.

Investors are exposed to risks associated with floating interest rate bonds.

A holder of a bond with a floating interest rate (as will be the case for the Bonds after September 14, 2016 if not previously redeemed) is exposed to the risk of fluctuating interest rate levels and uncertain interest income. Fluctuating interest rate levels make it impossible to determine the yield of such bonds in advance.

2. Risk Factors relating to Siemens Financieringsmaatschappij N.V.

SFM is a finance company with limited assets, which concentrates on financing activities for the Siemens group. The proceeds of the Bonds will be used for general corporate purposes of the Siemens group.

SFM's business, financial condition or results of operations could suffer material adverse effects due to any of the following risk factors:

- SFM's business is affected by the uncertainties of economic and political conditions;
- SFM's business activities are exposed to liquidity risk, currency risk, interest rate risk, credit risk and fair market value risk;
- SFM's cost of borrowing and, therefore, its operating results, may also be negatively affected by increases in the credit spreads;
- SFM is subject to regulatory and similar risks associated with its financing activities;
- Non-financial risks could arise from operating risks, which mainly result from the use of computer systems and modern information technology.

These are the risks SFM considers material but the risks described are not exhaustive. Additional risks not known to SFM or that SFM considers immaterial may also impair SFM.

3. Risk Factors relating to Siemens Aktiengesellschaft

In this section references to we, us, our, the Company or Siemens are to Siemens Aktiengesellschaft and unless the content otherwise requires, to its consolidated subsidiaries.

Our business, financial condition or results of operations could suffer material adverse effects due to any of the following risks. We have described below all the risks that we consider material, but those risks are not the only ones we face. Additional risks not known to us or that we currently consider immaterial may also impair our business operations.

Our business is affected by the uncertainties of economic and political conditions: Our business environment is influenced by conditions in the domestic and global economies. Numerous factors, such as global political conflicts, including situations in the Middle East and other regions, continue to impact macroeconomic parameters and the international capital markets. The uncertainty of economic and political conditions can impact the demand for our products and services and can also make our budgeting and forecasting more difficult.

Our Groups in the Information and Communications business area are particularly affected by market conditions in the telecommunications and information technology industries. In addition, Siemens VDO Automotive (SV) and Osram are suppliers to the automotive industry, and their sales and profitability could be

negatively impacted by the financial condition of their automotive customers. Furthermore, the demand for products of our Groups is linked to consumer demand for automobiles, which may be adversely impacted by the continuing uncertain economic environment. Competition in the distribution and logistics industry, including price competition, has remained strong due to weakened demand and excess capacities.

In light of these economic conditions, in fiscal year 2005, we continued our strategic reorientation and cost-cutting initiatives across our business Groups but particularly at Communications (**Com**), Siemens Business Services (**SBS**) and the activities of our former Logistics and Assembly Systems (**L&A**) Group. These include reducing headcount, adjusting existing capacities through consolidation of business activities and manufacturing facilities, as well as streamlining product portfolios. These measures impact our earnings results, and any future contribution of these measures to our profitability will be influenced by the actual savings achieved and by our ability to sustain these ongoing efforts.

We operate in highly competitive markets, which are subject to price pressure and rapid changes: The worldwide markets for our products are highly competitive in terms of pricing, product and service quality, development and introduction time, customer service and financing terms. We face strong competitors, some of which are larger and may have greater resources in a given business area. Siemens faces downward price pressure and is exposed to market downturns or slower growth. Some industries in which we operate are undergoing consolidation, which may result in stronger competitors and a change in our relative market position. In some of our markets new products must be developed and introduced rapidly in order to capture available opportunities, and this can lead to quality problems. Our operating results depend to a significant extent on our ability to adapt to changes in the market and reduce the costs of producing high-quality new and existing products. Any inability to do so could have a material adverse effect on our financial condition or results of operations.

Our businesses must keep pace with technological changes and develop new products and services to remain competitive: The markets in which our businesses operate experience rapid and significant changes due to the introduction of innovative technologies. To meet our customers' needs in these businesses, we must continuously design new, and update existing, products and services and invest in and develop new technologies. This is especially true for our Groups Com, SBS, Medical Solutions (**Med**) and SV. For example, Com is continuously involved in developing marketable components, products and systems, such as for a new generation of wireless communications technology. Introducing such new offerings requires a significant commitment to research and development, which may not always result in success. Our sales and profits may suffer if we invest in technologies that do not function as expected or are not accepted in the marketplace as anticipated, if our products or systems are not brought to market in a timely manner, or as they become obsolete.

We may have difficulty in identifying and executing portfolio measures: Our strategy includes divesting our interests in some business areas and strengthening others through portfolio measures, including acquisitions, strategic alliances, joint ventures and mergers. Transactions such as these are inherently risky because of the difficulties of integrating people, operations, technologies and products that may arise. Strategic alliances may also pose risks for us because we compete in some business areas with companies with which we have strategic alliances. Our divesting activities could have a negative impact on our results of operations and cash flow. In addition, we may incur significant acquisition, administrative and other costs in connection with these transactions, including costs related to integration of acquired or restructured businesses. There can be no assurance that any of the businesses we acquire can be successfully integrated or that they will perform well once integrated. Acquisitions may also lead to substantial increases in long-lived assets, including goodwill. Write-downs of these assets due to unforeseen business developments may materially and adversely affect our earnings. Particularly, SV, Med and Power Generation (**PG**) have significant amounts of goodwill.

Our financial results and cash flows may be adversely affected by cost overruns or additional payment obligations particularly with respect to our long-term contracts: A majority of our operating Groups, including Com, SBS, Industrial Solutions & Services (**I&S**), PG, Power Transmission & Distribution (**PTD**) and Transportation Systems (**TS**), perform a significant portion of their business, especially large projects, under long-term contracts that are awarded on a competitive bidding basis. The profit margins realized on such fixed-priced contracts may vary from original estimates as a result of changes in costs and productivity over their term. We sometimes bear the risk of quality problems, cost overruns or contractual penalties caused by unexpected

technological problems, unforeseen developments at the project sites, performance problems with our subcontractors or other logistic difficulties. Certain of our multi-year contracts also contain demanding installation and maintenance requirements, in addition to other performance criteria relating to timing, unit cost requirements and compliance with government regulations, which, if not satisfied, could subject us to substantial contractual penalties, damages, non-payment or contract termination. There can be no assurance that all of our fixed-priced contracts can be completed profitably.

We face operational risks in our value chain processes: Our value chain comprises all the steps in our operations, from research and development, to production, marketing and sales. Operational failures in our value chain processes could result in quality problems or potential product, labor safety, regulatory or environmental risks. Such risks are particularly present in relation to our production facilities, which are located all over the world and have a high degree of organizational and technological complexity. From time to time, some of the products we sell have quality issues resulting from the design or manufacture of such products, or from the software integrated into them. Such operational failures or quality issues could have a material adverse effect on our financial condition or results of operations.

We are dependent upon the ability of third parties to deliver parts, components and services on time: We rely on third parties to supply us with parts, components and services. Using third parties to manufacture, assemble and test our products reduces our control over manufacturing yields, quality assurance, product delivery schedules and costs. The third parties that supply us with parts and components also have other customers and may not have sufficient capacity to meet all of their customers' needs, including ours, during periods of excess demand. Component supply delays can affect the performance of certain of our operating Groups. Although we work closely with our suppliers to avoid supply-related problems, there can be no assurance that we will not encounter supply problems in the future or that we will be able to replace a supplier that is not able to meet our demand. These shortages and delays could materially harm our business. Unanticipated increases in the price of components due to market shortages or other reasons could also adversely affect the performance of certain of our business Groups.

We may be adversely affected by rising raw material prices: Our operating Groups are exposed to fluctuations in energy and raw material prices. In the recent past, oil, steel and copper prices in particular have increased on a worldwide basis. If we are not able to compensate for or pass on our increased costs to customers, such price increases could have a material adverse impact on our financial results.

We are exposed to currency risks and interest rate risks: We are particularly exposed to fluctuations in the exchange rate between the U.S. dollar and the Euro, because a high percentage of our business volume is conducted in the U.S. and as exports from Europe. Our currency risks — as well as interest rate risks — are hedged on a company-wide basis using derivative financial instruments. Depending on the development of foreign currency exchange rates, our hedging activities can have significant effects on our cash flow, particularly for our treasury activities (Corporate Treasury). Our Groups engage in currency hedging activities which sometimes do not qualify for hedge accounting. In addition, our Corporate Treasury has interest rate hedging activities which also do not qualify for hedge accounting, and are subject to changes in interest rates. Accordingly, exchange rate and interest rate fluctuations may influence our financial results and lead to earnings volatility. A strengthening of the Euro particularly against the U.S. dollar may also change our competitive position, as many of our competitors may benefit from having a substantial portion of their costs based in weaker currencies, enabling them to offer their products at lower prices.

Our financing activities subject us to various risks including credit and interest rate risk: We provide to our customers various forms of direct and indirect financing in connection with large projects such as those undertaken by Com, PG and TS. For example, financing of GSM or UMTS wireless network equipment for Com customers who lack established credit histories may cause special credit risks for us. We also finance a large number of smaller customer orders, through for example, the leasing of telephone systems and medical equipment, in part, through Siemens Financial Services (SFS). SFS also incurs credit risk by financing third-party equipment. We also sometimes take a security interest in the projects we finance. We may lose money if any of our customers are not able to pay us, if the value of the property that we have taken a security interest in declines,

if interest rates or foreign exchange rates fluctuate, or if the projects in which we invest are unsuccessful, and such losses could have a material adverse effect on our financial condition or results of operations.

The funded status of our off-balance sheet pension benefit plans and its financial statement impact is dependent on several factors: Significant changes in investment performance or a change in the portfolio mix of invested assets can result in corresponding increases and decreases in the valuation of plan assets, particularly equity securities, or in a change of the expected rate of return on plan assets. Pension plan valuation assumptions can also affect the funded status. For example, a change in discount rates would result in a significant increase or decrease in the valuation of pension obligations, affecting the reported funded status of our pension plans, as well as the net periodic pension cost in the following financial year. Similarly, changes in the expected return on plan assets assumption can result in significant changes in the net periodic pension cost in the following financial year. Changes in other pension plan assumptions, such as discount rate, expected return on plan assets, the compensation increase rate and pension progression, can also materially impact net periodic pension expense.

We are dependent upon hiring and retaining highly qualified management and technical personnel: Competition for highly qualified management and technical personnel remains intense in the industries in which our business Groups operate. In many of our business areas, we further intend to extend our service businesses significantly, for which we will need highly skilled employees. Our future success depends in part on our continued ability to hire, assimilate and retain engineers and other qualified personnel. There can be no assurance that we will continue to be successful in attracting and retaining highly qualified employees in the future and any inability to do so could have a material adverse effect on our business.

We are subject to risks associated with our international operations: Changes in regulatory requirements, tariffs and other trade barriers and price or exchange controls could impact our sales and profitability and make the repatriation of profits difficult. In addition, the uncertainty of the legal environment in some regions could limit our ability to enforce our rights. We expect that sales to emerging markets will continue to be an increasing portion of total sales, as our business naturally evolves and as developing nations and regions around the world increase their demand for our offerings. Emerging market operations present several risks, including volatility in gross domestic product, civil disturbances, economic and governmental instability, the potential for nationalization of private assets, and the imposition of exchange controls. In particular, the Asian markets are important for our long-term growth strategy and our sizeable operations in China are influenced by a legal system that is still developing and is subject to change. The demand for many of the products of our business Groups, particularly those that derive their revenue from large projects, can be affected by expectations of future demand, prices and gross domestic product in the markets in which those Groups operate. If any of these risks or similar risks associated with our international operations were to materialize, it could have a material adverse effect on our business.

We are subject to environmental and other government regulations: Some of the industries in which we operate in are highly regulated. Med, for example, is subject to the restrictive regulatory requirements of the U.S. Food and Drug Administration (FDA). Current and future environmental and other government regulations, or changes thereto, may result in significant increases in our operating or product costs. We could also face liability for damage or remediation for environmental contamination at the facilities we design or operate. We accrue for environmental risks when it is probable that an obligation has been incurred and the amount can be reasonably estimated. With regard to certain environmental risks, we maintain liability insurance at levels that our management believes are appropriate and consistent with industry practice. We may incur environmental losses beyond the limits, or outside the coverage, of such insurance and such losses may have a material adverse effect on the results of our operations or financial condition and our provisions for environmental remediation may not be sufficient to cover the ultimate losses or expenditures.

Our business could suffer as a result of current or future litigation: We are subject to numerous risks relating to legal proceedings to which we are currently a party or that could develop in the future. In the ordinary course of our business, we become party to lawsuits, including suits involving allegations of improper delivery of goods or services, product liability, product defects, quality problems and intellectual property infringement. There can be no assurance that the results of these or other legal proceedings will not materially harm our business, reputation or brand. We maintain liability insurance for certain legal risks at levels our management

believes are appropriate and consistent with industry practice. We accrue for litigation risks when it is probable that an obligation has been incurred and the amount can be reasonably estimated. We may incur losses relating to litigation beyond the limits, or outside the coverage, of such insurance and such losses may have a material adverse effect on the results of our operations or financial condition and our provisions for litigation related losses may not be sufficient to cover our ultimate loss or expenditure.

(f) Sämtliche Bescheinigungen, Mitteilungen, Gutachten, Festsetzungen, Berechnungen, Quotierungen und Entscheidungen, die von der Berechnungsstelle für die Zwecke dieser Anleihebedingungen gemacht, abgegeben, getroffen oder eingeholt werden, sind (sofern nicht vorsätzliches Fehlverhalten oder ein offensichtlicher Irrtum vorliegt) für die Emittentin, die Garantin, die Anleihegläubiger und die Zahlstellen bindend.

(3) Wahlweiser Zinsaufschub.

(a) Zinsen, die während eines Zeitraumes auflaufen, der an einem Obligatorischen Zinszahlungstag (ausschließlich) endet, sind, vorbehaltlich der Regelung zum zwingenden Aufschub in § 5(5), an diesem Obligatorischen Zinszahlungstag zahlbar.

Obligatorischer Zinszahlungstag bezeichnet jeden Zinszahlungstag, der kein Fakultativer Zinszahlungstag ist und an dem kein Zwingender Aufschubgrund eingetreten ist.

Fakultativer Zinszahlungstag bezeichnet jeden Zinszahlungstag, an dem sämtliche nachfolgend aufgeführten Kriterien eingetreten sind:

- (i) seit der diesem Zinszahlungstag unmittelbar vorausgehenden Jahreshauptversammlung der Garantin wurde für keine Aktiegattung der Garantin eine Dividende, andere Ausschüttung oder Zahlung (einschließlich Zahlungen zum Zweck der Rückzahlung oder des Rückkaufs von Aktien) wirksam beschlossen, gezahlt oder vorgenommen; und
- (ii) seit der diesem Zinszahlungstag unmittelbar vorausgehenden Jahreshauptversammlung der Garantin wurden weder Dividenden, Zinsen noch sonstige Ausschüttungen oder Zahlungen (einschließlich Zahlungen zum Zweck der Rückzahlung oder des Rückkaufs) auf ein Nachrangiges Wertpapier oder auf ein Gleichrangiges Wertpapier wirksam beschlossen, gezahlt oder vorgenommen; und
- (iii) weder die Garantin noch eine Konzerngesellschaft haben seit der diesem Zinszahlungstag unmittelbar vorausgehenden Jahreshauptversammlung der Garantin Gleichrangige Wertpapiere, Nachrangige Wertpapiere oder Aktien einer Akti-

(f) All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of these Conditions of Issue by the Calculation Agent shall (in the absence of wilful default or manifest error) be binding upon the Issuer, the Guarantor, the Bondholders and the Paying Agents.

(3) Optional Interest Deferral.

(a) Interest which accrues during a period ending on (but excluding) a Compulsory Interest Payment Date shall, subject to the provisions of § 5(5) in relation to a mandatory deferral, be payable on that Compulsory Interest Payment Date.

Compulsory Interest Payment Date means any Interest Payment Date which is not an Optional Interest Payment Date and on which no Mandatory Deferral Event has occurred.

Optional Interest Payment Date means any Interest Payment Date in respect of which all of the following criteria are met:

- (i) no dividend, other distribution or payment (including payments for the purposes of a redemption or repurchase of shares) was validly resolved on, paid or made in respect of any class of shares of the Guarantor since the annual general meeting of the Guarantor immediately preceding such Interest Payment Date; and
- (ii) no dividend, interest, other distribution or payment (including payments for the purposes of a redemption or repurchase) has been validly resolved on, paid or made in respect of any Junior Securities or Parity Securities since the annual general meeting of the Guarantor immediately preceding such Interest Payment Date; and
- (iii) neither the Guarantor nor a Group Entity has repurchased or otherwise acquired any Parity Security, Junior Security or shares of any class of shares of the Guarantor for any consideration except by conversion into or exchange for shares since the

engattung der Garantin gegen Gewährung einer Gegenleistung (mit Ausnahme einer in der Wandlung oder im Umtausch in Aktien bestehenden Gegenleistung) zurückgekauft oder sonst wie erworben.

- (b) Zinsen, die während eines Zeitraumes auflaufen, der an einem Fakultativen Zinszahlungstag (ausschließlich) endet, werden nur dann an diesem Fakultativen Zinszahlungstag fällig, wenn und soweit sich die Emittentin für eine solche Zahlung entscheidet und kein Zwingender Aufschiebungsgrund gemäß § 5(5) vorliegt; nach dieser Maßgabe nicht fällig gewordene Zinsen sind Zinsrückstände (die **Zinsrückstände**). Wenn die Emittentin sich gegen eine solche Zahlung entschieden hat, ist sie nicht verpflichtet, an einem Fakultativen Zinszahlungstag Zinsen zu zahlen; eine Nichtzahlung aus diesem Grunde begründet keinen Verzug der Emittentin und keine anderweitige Verletzung ihrer Verpflichtungen aufgrund dieser Schuldverschreibungen oder für sonstige Zwecke. Zinsrückstände werden nicht verzinst.
- (c) Soweit sich die Emittentin entscheidet, an einem Fakultativen Zinszahlungstag den Zinsbetrag nicht oder nur teilweise zu zahlen, hat sie dies den Anleihegläubigern gemäß § 12 unter Einhaltung einer Frist von mindestens acht und höchstens fünfzehn Geschäftstagen vor diesem Fakultativen Zinszahlungstag bekannt zu machen.
- (d) Falls sich die Emittentin dafür entscheidet, an einem Fakultativen Zinszahlungstag Zinszahlungen ganz oder teilweise zu leisten, ist sie verpflichtet, an diesem Fakultativen Zinszahlungstag auch sämtliche Zinsrückstände zu zahlen.

(4) Nachzahlung von Zinsrückständen.

- (a) Die Emittentin kann ausstehende Zinsrückstände jederzeit ganz oder teilweise nach Bekanntmachung gemäß § 12 unter Einhaltung einer Frist von nicht weniger als acht und nicht mehr als fünfzehn Geschäftstagen zahlen (wobei eine solche Mitteilung unwiderruflich ist und die Emittentin verpflichtet ist, die jeweiligen Zinsrückstände an dem in dieser Mitteilung genannten Zahlungstag zu zahlen).

annual general meeting of the Guarantor immediately preceding such Interest Payment Date.

- (b) Interest which accrues during a period ending on (but excluding) an Optional Interest Payment Date shall be due and payable on that Optional Interest Payment Date only if and to the extent the Issuer so elects and no Mandatory Deferral Event according to § 5(5) exists; interest thus not due and payable shall constitute **Arrears of Interest**. The Issuer shall not have any obligation to pay interest on any Optional Interest Payment Date if it does not elect to do so and any such failure to pay interest shall not constitute a default of the Issuer or any other breach of obligations under the Bonds or for any other purpose. Arrears of Interest shall not themselves bear interest.
- (c) If the Issuer decides to not or only partially pay the Interest Amount on an Optional Interest Payment Date, the Issuer shall notify the Bondholders in accordance with § 12 not less than eight and not more than fifteen Business Days prior to such Optional Interest Payment Date.
- (d) If the Issuer decides to pay interest (in whole or in part) on an Optional Interest Payment Date, it shall also be obliged to pay all Arrears of Interest on such Optional Interest Payment Date.

(4) Payment of Arrears of Interest.

- (a) The Issuer may pay outstanding Arrears of Interest (in whole or in part) at any time on the giving of not less than eight and not more than fifteen Business Days' notice in accordance with § 12 (which notice shall be irrevocable and will oblige the Issuer to pay the relevant Arrears of Interest on the payment date specified in such notice).

- (b) Ausstehende Zinsrückstände werden (vollständig, jedoch nicht teilweise) an dem zuerst eintretenden der folgenden Kalendertage fällig und sind durch die Emittentin zu zahlen:
- (i) an dem Kalendertag, an dem auf eine Aktiengattung der Garantin eine Dividende, andere Ausschüttung oder Zahlung (einschließlich Zahlungen zum Zweck der Rückzahlung oder des Rückkaufs von Aktien) wirksam beschlossen, gezahlt oder vorgenommen wird;
 - (ii) an dem Kalendertag, an dem Dividenden, Zinsen oder sonstige Ausschüttungen oder Zahlungen (einschließlich zum Zweck der Rückzahlung oder des Rückkaufs) auf ein Nachrangiges Wertpapier wirksam beschlossen, gezahlt oder vorgenommen werden;
 - (iii) an dem Kalendertag, an dem die Garantin oder eine Konzerngesellschaft Gleichrangige Wertpapiere, Nachrangige Wertpapiere oder Aktien einer Aktiengattung der Garantin gegen Gewährung einer Gegenleistung (mit Ausnahme einer in der Wandlung oder im Umtausch in Aktien bestehenden Gegenleistung) zurückkauft oder sonst wie erwirbt;
 - (iv) an dem Kalendertag, an dem die Schuldverschreibungen zur Rückzahlung fällig sind;
 - (v) an dem Kalendertag, an dem eine Verfügung zur Auflösung, Abwicklung oder Liquidation der Emittentin oder der Garantin ergeht (sofern dies nicht für die Zwecke oder als Folge eines Zusammenschlusses, einer Umstrukturierung oder Sanierung geschieht, bei dem bzw. der die Emittentin bzw. die Garantin noch zahlungsfähig ist und bei dem bzw. der die fortführende Gesellschaft im Wesentlichen alle Vermögenswerte und Verpflichtungen der Emittentin bzw. der Garantin übernimmt); sowie
 - (vi) an dem Kalendertag, der fünf Jahre nach dem Zinszahlungstag liegt, an dem der betreffende Zinsbetrag erstmals hätte fällig werden können.
- (b) Outstanding Arrears of Interest shall become due and payable (in whole but not in part) and shall be paid by the Issuer on the first to occur of the following calendar days:
- (i) the calendar day on which a dividend, other distribution or payment (including payments for the purposes of a redemption or repurchase of shares) is validly resolved on, paid or made in respect of any class of shares of the Guarantor;
 - (ii) the calendar day on which a dividend, interest or other distribution or payment on a Junior Security (including for the purposes of a redemption or repurchase) is validly resolved on, paid or made;
 - (iii) the calendar day on which the Guarantor or a Group Entity repurchases or otherwise acquires any Parity Security, Junior Security or shares of any class of shares of the Guarantor for any consideration except by conversion into or exchange for shares;
 - (iv) the calendar day which is the due date for redemption of the Bonds;
 - (v) the calendar day on which an order is made for the winding-up, dissolution or liquidation of the Issuer or the Guarantor (other than for the purposes of or pursuant to an amalgamation, reorganisation or restructuring while solvent, where the continuing entity assumes substantially all of the assets and obligations of the Issuer or the Guarantor (as applicable)); and
 - (vi) the calendar day which is the fifth anniversary of the Interest Payment Date on which the relevant Interest Amount could have fallen due for the first time.

(c) Wenn die Garantin oder eine Konzerngesellschaft Zinsen auf Gleichrangige Wertpapiere ganz oder teilweise zahlt, ist die Emittentin verpflichtet, an dem auf eine solche Zahlung unmittelbar folgenden Zinszahlungstag in der vollen bzw. anteiligen Höhe (berechnet auf prozentualer Grundlage bezogen auf das Verhältnis des tatsächlich auf die betreffenden Gleichrangigen Wertpapiere gezahlten Gesamtbetrages zum Gesamtbetrag der unter den Gleichrangigen Wertpapieren fälligen Zinszahlungen) Zahlungen auf Zinsrückstände zu leisten. Stichtag für die Berechnung einer anteiligen Zahlung ist der Kalendertag, an dem die Zahlung der Zinsrückstände geleistet wird, wobei die Häufigkeit der Zahlungen auf die Gleichrangigen Wertpapiere und die Häufigkeit der Zahlungen auf die Schuldverschreibungen berücksichtigt werden.

(5) Zwingender Aufschub der Zinszahlungen.

Falls am zwölften Geschäftstag vor einem Zinszahlungstag ein Zwingender Aufschubungsgrund vorliegt, wird die Fälligkeit des an diesem Zinszahlungstag sonst fällig werdenden Zinsbetrags (die *Aufgeschobenen Zinsen*) hinausgeschoben. Die Emittentin hat den Anleihegläubigern das Vorliegen eines Zwingenden Aufschubungsgrundes spätestens acht Geschäftstage vor dem betreffenden Zinszahlungstag gemäß § 12 unter Offenlegung der Berechnung des Mittelzuflussbruchs mitzuteilen. Eine Nichtzahlung von Zinsen aufgrund dieses § 5(5) begründet keinen Verzug der Emittentin und keine anderweitige Verletzung ihrer Verpflichtungen aufgrund dieser Schuldverschreibungen oder für sonstige Zwecke.

Ein *Zwingender Aufschubungsgrund* liegt vor, wenn der jährlich auf Grundlage des zuletzt veröffentlichten Jahres-Konzernabschlusses der Garantin zu ermittelnde Mittelzufluss-Bruch 3,00 unterschreitet.

Mittelzufluss-Bruch bezeichnet:

$$(CF+I)/I$$

wobei folgendes gilt:

CF = „Gewinn (nach Steuern)“ zuzüglich „Auf konzernfremde Gesellschafter entfallende Ergebnisanteile“ zuzüglich „Abschreibungen“ (wobei „Abschreibungen“ die Beträge umfasst, die in der englischen Fassung der Konzern-Kapitalflussrech-

(c) If the Guarantor or a Group Entity makes any payment of interest on any Parity Security, partially or in full, the Issuer shall, on the next Interest Payment Date immediately following such payment, make a full or, as applicable, a *pro rata* payment on Arrears of Interest (calculated on a percentage basis according to the ratio the actual aggregate payment on the Parity Securities bears to the aggregate interest obligation under such Parity Securities). Any *pro rata* payment shall be calculated by reference to the calendar day on which such Arrears of Interest are paid, taking into consideration the frequency of payments on the respective Parity Security and the frequency of payments on the Bonds from time to time.

(5) Mandatory Interest Deferral.

If on the twelfth Business Days prior to any Interest Payment Date a Mandatory Deferral Event exists, the falling due and payable of the Interest Amount otherwise falling due on such Interest Payment Date (the *Outstanding Payment*) shall be postponed. The Issuer shall notify the Bondholders of the existence of the Mandatory Deferral Event (inclusive of disclosure of calculation of the Cash Flow Fraction) in accordance with § 12 not less than eight Business Days prior to the relevant Interest Payment Date. Non-payment of interest pursuant to this § 5(5) shall not constitute a default of the Issuer or any other breach of its obligations under the Bonds or for any other purpose.

A *Mandatory Deferral Event* shall exist if the Cash Flow Fraction, which is determined annually on the basis of the most recently published annual consolidated financial statements of the Guarantor, is less than 3.00.

Cash Flow Fraction means:

$$(CF+I)/I$$

whereas:

CF = “Net Income” plus “Minority Interest” plus “Amortization, Depreciation and Impairments”;

in each case as such positions are shown in the consolidated cash flow statement

nung unter „Amortization, Depreciation and Impairments“ ausgewiesen sind);

und zwar so wie diese Positionen jeweils im zuletzt veröffentlichten Jahres-Konzernabschluss der Garantin in der Konzern-Kapitalflussrechnung ausgewiesen sind; und

I = „Zinsen und ähnliche Aufwendungen“

und zwar so wie diese Position als Anhangsangabe im zuletzt veröffentlichten Jahres-Konzernabschluss der Garantin ausgewiesen ist;

wobei als Veröffentlichungszeitpunkt derjenige Zeitpunkt maßgeblich ist, an dem der Jahres-Konzernabschluss der Garantin erstmals öffentlich verfügbar ist.

(6) Ersatzweise Erfüllung mittels ACZM (Alternativer Coupon-Zahlungs-Mechanismus).

- (a) Aufgeschobene Zinsen (nicht jedoch ausstehende Zinsrückstände) werden nach Maßgabe dieses § 5(6) fällig und die Emittentin ist verpflichtet, diese mittels ACZM zu leisten und zwar (i) ein Jahr, nachdem für eine Aktiengattung der Garantin eine Dividende, andere Ausschüttung oder Zahlung (einschließlich Zahlungen zum Zweck der Rückzahlung oder des Rückkaufs von Aktien) wirksam beschlossen, gezahlt oder vorgenommen wurde, oder, falls früher, (ii) dem fünften Jahrestag des Kalendertages, an dem der betreffende Zinsbetrag fällig geworden wäre, wenn kein Zwingender Aufschiebungsgrund vorgelegen hätte, oder, falls früher (iii) an dem Kalendertag, an dem die Schuldverschreibungen zur Rückzahlung fällig sind. Die Emittentin kann Aufgeschobene Zinsen jederzeit ganz oder teilweise nach Bekanntmachung gemäß § 12 unter Einhaltung einer Frist von nicht weniger als acht und nicht mehr als fünfzehn Geschäftstagen gemäß den Regeln dieses § 5(6) zahlen. Die Emittentin wird eine Sachleistung nur dann leisten, wenn die Garantin nicht ausreichende Statthafte Mittel zur vollständigen Zahlung der Aufgeschobenen Zinsen zur Verfügung stellt.

ACZM bezeichnet die Leistung Aufgeschobener Zinsen aus Statthaften Mitteln oder mittels Sachleistung.

(6) Alternative Satisfaction of Bondholders via ACSM (Alternative Coupon Settlement Mechanism).

- (a) Outstanding Payments (but not outstanding Arrears of Interest) shall become due and payable and the Issuer must, by means of ACSM, settle these in accordance with the provisions of this § 5(6) at the earlier of (i) one year following valid resolution on, payment or making of a dividend, other distribution or payment (including payments for the purposes of a redemption or repurchase of shares) on any class of shares of the Guarantor, (ii) the fifth anniversary on which the relevant Interest Amount would have fallen due but for the existence of a Mandatory Deferral Event, and (iii) the calendar day which is the due date for redemption of the Bonds. The Issuer may pay Outstanding Payments (in whole or in part) pursuant to the provisions of this § 5(6) at any time on the giving of not less than eight and not more than fifteen Business Days’ notice in accordance with § 12. The Issuer shall only make use of Payment In Kind if the Guarantor does not make available Eligible Funds which are sufficient for the payment of Outstanding Payments.

ACSM means the settlement of Outstanding Payments with Eligible Funds or Payment In Kind.

Statthafte Mittel bezeichnet Barmittel, die die Garantin nach Maßgabe dieses § 5(6) entweder (i) durch Ausgabe neuer Aktien der Garantin und/oder dem Verkauf eigener Aktien der Garantin und/oder (ii) durch Ausgabe Statthafter Wertpapiere erlöst hat.

Statthafte Wertpapiere müssen Gleichrangige Wertpapiere und/oder Nachrangige Wertpapiere sein, die (a) von der Garantin oder von der Emittentin bzw. einer anderen direkten oder indirekten 100%igen Finanzierungsgesellschaft der Garantin jeweils mit einer Garantie der Garantin begeben werden, (b) eine unbegrenzte Laufzeit oder eine Laufzeit von mindestens 75 Jahren haben, (c) nicht vor Ablauf von fünf Jahren (wenn sie keinen Mechanismus zur Erhöhung des Zinssatzes enthalten) oder nicht vor Ablauf von zehn Jahren (wenn sie einen Mechanismus zur Erhöhung des Zinssatzes enthalten) nach Begebung kündbar sind, es sei denn, die Kündigung erfolgt aus steuerlichen Gründen oder wegen des Verlusts der ursprünglichen Eigenkapitalanrechnung, (d) bei Eintritt bestimmter Ereignisse das Erlöschen von durch Barzahlung zu leistenden Zinszahlungen vorsehen und (e) eine dem § 6(5) dieser Anleihebedingungen entsprechende Regelung vorsehen, wenn die Statthafter Wertpapiere einen Mechanismus zur Erhöhung des Zinssatzes enthalten.

Sachleistung bedeutet, dass die Emittentin statt einer Geldleistung an Erfüllung statt den Nennbetrag je Schuldverschreibung in Höhe der aufgeschobenen Zinsen (bezogen auf eine Schuldverschreibung) erhöht; allerdings mit der Maßgabe, dass

- (i) diese Erhöhung zuzüglich aller vorausgegangenen Erhöhungen gemäß diesem § 5(6)(a) zuzüglich aller Zahlungen mit Statthaftern Mitteln, die aus der Begebung Statthafter Wertpapiere beschafft wurden, (jeweils bezogen auf eine Schuldverschreibung) nicht mehr als 20 % des ursprünglichen Nennbetrages (mithin €200 bzw. £200) ausmacht und
- (ii) die Emittentin keinen Beschränkungen (gesetzlicher Art, aufgrund von Satzungsbestimmungen, Verträgen oder internen Bestimmungen) hinsichtlich einer solchen Sachleistung unterliegt.

Eligible Funds means cash proceeds generated by the Guarantor in accordance with the provisions of § 5(6), by either (i) issuing new shares of the Guarantor and/or selling treasury shares of the Guarantor and/or (ii) issuance of Eligible Securities.

Eligible Securities means Parity and/or Junior Securities which (a) are issued by the Guarantor or by the Issuer or any other wholly-owned direct or indirect Finance Subsidiary of the Guarantor, in each case with the benefit of a guarantee from the Guarantor, (b) have no maturity or have a maturity of at least 75 years, (c) are not redeemable (other than for certain taxation reasons and loss of initial equity credit) before five years after their issue date if such Eligible Securities do not provide for a step-up in the rate of interest applicable to them, or before ten years after their issue date if such Eligible Securities provide for an increase in the rate of interest applicable to them, (d) provide for a mandatory cancellation of cash interest payments if certain events or circumstances occur; and (e) contain a provision identical to § 6(5) of these Conditions of Issue if such Eligible Securities provide for an increase in the rate of interest applicable to them.

Payment In Kind means that the Issuer, in lieu of a payment in cash in lieu of settlement increases the Principal Amount per Bond in an amount equal to the Outstanding Payments (relating to one Bond), provided that

- (i) such increase, plus all previous increases according to this § 5(6)(a), plus all payments out of Eligible Funds raised through the issuance of Eligible Securities (in each case as calculated per Bond) does not exceed 20 % of the Initial Principal Amount (i.e. €200 or £200, as applicable), and
- (ii) the Issuer is not subject to any restriction (whether by applicable law, contract, its articles of association or internal rulings) with respect to using such Payment In Kind.

- (b) Für den Fall, dass Aufgeschobene Zinsen nach Maßgabe von § 5(6)(a) fällig geworden sind und die Emittentin zu deren Zahlung mittels ACZM verpflichtet ist, hat die Garantin sich in der Nachrangigen Verpflichtungserklärung dazu verpflichtet, Statthafte Mittel unter den Voraussetzungen dieses § 5(6) zu Erlösen und diese der Emittentin zur Verfügung zu stellen. Die Verpflichtung der Garantin, gemäß der Nachrangigen Verpflichtungserklärung Statthafte Mittel zu Erlösen und zur Verfügung zu stellen, besteht nur insoweit, als die Ausgabe neuer Aktien der Garantin bzw. der Verkauf von eigenen Aktien der Garantin und/oder die Ausgabe statthafter Wertpapiere im Rahmen der dann bestehenden Marktverhältnisse für die Garantin zumutbar ist. Die Emittentin wird die Zahlung mittels einer Sachleistung nur vornehmen, soweit die von der Garantin zur Verfügung gestellten Statthafte Mittel nicht zur Zahlung der Aufgeschobenen Zinsen ausreichen.
- (c) Falls in den letzten 60 Geschäftstagen vor dem Zeitpunkt der Verpflichtung zur Durchführung des ACZM nach Maßgabe dieser Anleihebedingungen eine oder mehrere Marktstörungen eintreten, beträgt die Frist zur Durchführung von ACZM 60 Geschäftstage nach dem Ende der letzten Marktstörung, es sei denn die Emittentin hat sich für eine Sachleistung entschieden. Die Emittentin wird sowohl den Eintritt einer Marktstörung als auch den Zeitpunkt, an dem keine Marktstörung mehr vorliegt, gemäß § 12 bekannt machen. Das Vorliegen einer Marktstörung führt nicht zu einem zusätzlichen Verzinsungsanspruch der Anleihegläubiger im Hinblick auf die Überlassung von Geldbeträgen.
- Marktstörung** bezeichnet (i) das Eintreten oder Bestehen einer Aussetzung oder Einschränkung des Handels an einer der Hauptbörsen der Garantin (aufgrund von Preisschwankungen über die bei der jeweiligen Hauptbörse (bzw. deren elektronischer Handelsplattform) zugelassenen Grenzen hinaus oder aus sonstigen Gründen) oder von Abwicklungsprozessen für Transaktionen in Aktien der Garantin an der jeweiligen Hauptbörse (bzw. deren elektronischer Handelsplattform); oder (ii) Änderungen der deutschen oder internationalen politischen oder wirtschaftlichen Rahmenbedingungen oder der Finanzmärkte, aufgrund derer davon auszugehen ist, dass ein Angebot und eine erfolgreiche Ausgabe von neuen Aktien der Garantin bzw. ein
- (b) In case Outstanding Payments became due and payable in accordance with § 5(6)(a) and the Issuer becomes obliged to settle these by means of ACSM, the Guarantor has undertaken in the Subordinated Undertaking to generate Eligible Funds in accordance with the requirements of this § 5(6) and to make the cash proceeds available to the Issuer. Under the Subordinated Undertaking, the Guarantor shall use, in the light of market conditions then prevailing, its reasonable efforts to cause the issuance of new shares of the Guarantor and/or sale of treasury shares of the Guarantor and/or the issuance of Eligible Securities. The Issuer shall only make use of Payment In Kind if the Guarantor does not make Eligible Funds available which are sufficient for the payment of Outstanding Payments.
- (c) If one or more Market Disruption Events occur during the last 60 Business Days immediately preceding the due date for implementation of ACSM in accordance with these Conditions of Issue, the period for implementation of ACSM shall correspond to 60 Business Days following the end of the last Market Disruption Event unless the Issuer elects to settle with a Payment In Kind. The Issuer shall give notice pursuant to § 12 of both the occurrence of a Market Disruption Event and the date on which the Market Disruption Event no longer exists. No additional interest for the making available of funds shall be payable due to the occurrence of a Market Disruption Event.
- Market Disruption Event** means (i) the occurrence or existence of any suspension of or limitation imposed on trading at one of the Primary Exchanges of the Guarantor (by reason of movements in price exceeding limits permitted by such exchange (and/or its electronic trading platform) or otherwise) or on settlement procedures for transactions in the shares of the Guarantor on a Primary Exchange (and/or its electronic trading platform); or (ii) a change in German or international political or economic conditions or financial markets as are reasonably likely to prejudice materially the success of the issuance of new shares of the Guarantor and/or sale of treasury shares of the Guarantor and/or sale of Eligible Securities.

Verkauf eigener Aktien der Garantin bzw. ein Verkauf von Statthaften Wertpapieren wesentlich beeinträchtigt sein wird.

Hauptbörse bezeichnet jede Börse, an der die Aktien der Garantin an einem organisierten Markt zugelassen sind.

- (d) Die Garantin ist gemäß der Nachrangigen Verpflichtungserklärung nur verpflichtet, Statthafte Mittel durch die Ausgabe neuer Aktien der Garantin und/oder den Verkauf eigener Aktien der Garantin zu beschaffen und der Emittentin zur Verfügung zu stellen, soweit (i) die Garantin selbst Aktien hält (mit Ausnahme eigener Aktien, welche innerhalb eines Zeitraums von sechs Monaten vor dem betreffenden Zahlungstag gegen Barzahlung erworben wurden), oder (ii) die Garantin neue Aktien zum Zweck der Durchführung von ACZM ausgeben kann, mit der Maßgabe, dass (x) die Anzahl der zu diesem Zweck auszugebenden Aktien der Garantin in keinem Zeitraum eines fortdauernden Aufschubs der Fälligkeit Aufgeschobener Zinsen 2 % der jeweils bereits ausstehenden Aktien der Garantin überschreitet und (y) die Ausgabe auf Grundlage einer Ermächtigung in der Satzung der Garantin oder aufgrund eines Beschlusses ihrer Hauptversammlung über die Erhöhung des Grundkapitals zulässig ist, und (iii) die Zustimmung des Aufsichtsrates der Garantin jeweils dazu vorliegt und (iv) die Garantin keinen Beschränkungen (gesetzlicher Art, aufgrund von Satzungsbestimmungen, vertraglichen Verpflichtungen oder Bestimmungen oder internen Bestimmungen) hinsichtlich des Verkaufs eigener oder der Ausgabe neuer Aktien unterliegt. Nach Maßgabe der Nachrangigen Verpflichtungserklärung ist die Garantin nicht verpflichtet, zur Beschaffung Statthafter Mittel zuvor eigene Aktien zu erwerben.
- (e) Zur Nachzahlung Aufgeschobener Zinsen dürfen Statthafte Wertpapiere lediglich insoweit ausgegeben werden, als (i) die Garantin bzw. die jeweilige emittierende Gesellschaft insoweit keinen Beschränkungen (gesetzlicher Art, aufgrund von Satzungsbestimmungen, vertraglichen Verpflichtungen oder Bestimmungen oder internen Bestimmungen) unterliegt und (ii) die Summe aus (x) allen Zahlungen mit aus den auszugebenden Statthaften Wertpapieren zu beschaffenden Statthaften Mitteln, (y) allen Zahlungen mit aus bereits zuvor während der Laufzeit der Schuld-

Primary Exchange means each exchange on which the shares of the Guarantor are admitted to the regulated market.

- (d) According to the provisions of the Subordinated Undertaking, the Guarantor is only obliged to generate Eligible Funds through the issuance of new shares of the Guarantor and/or sale of treasury shares of the Guarantor and provide these to the Issuer if and to the extent that (i) the Guarantor holds shares itself (save for treasury shares which have been acquired against cash within a period of six months before the relevant payment date) or (ii) the Guarantor can for the purpose of implementing ACSM issue new shares, provided that such issuance (x) the number of shares issued for such purpose is, for each period of continuing deferral of Outstanding Payments, not in excess of 2 % of the Guarantor's aggregate amount of the relevant outstanding shares and (y) is authorized pursuant to the Guarantor's articles of association or a resolution by its shareholders' meeting to increase the share capital and (iii) the Guarantor's supervisory board, in each case, has declared its consent thereto and (iv) the Guarantor is not subject to any restriction (whether by applicable law, the Guarantor's articles of association, contractual obligations or provisions or internal rulings) with respect to selling treasury or selling newly issued shares. Under the provisions of the Subordinated Undertaking, the Guarantor shall not be obliged to buy back its own shares to generate Eligible Funds.
- (e) Eligible Securities for the financing of settlement of Outstanding Payments may only be issued (i) if the Guarantor or the respective issuing company is not subject to any restriction (whether by applicable law, the relevant articles of association, contractual obligations or provisions or internal rulings) with respect to such issuance, (ii) to the extent that the sum of (x) all payments out of Eligible Funds to be raised by the issuance of such Eligible Securities, (y) all payments out of Eligible Funds raised through Eligible Securities

verschreibungen ausgegebenen Statthaften Wertpapieren beschafften Statthaften Mitteln und (z) der Summe aller Nennbetragserhöhungen nach Maßgabe von § 5(6)(a) (jeweils bezogen auf eine Schuldverschreibung) 25 % des Ursprünglichen Nennbetrages (mithin €250 bzw. £250) nicht übersteigt und (iii) dies mit Zustimmung des Aufsichtsrates der Garantin erfolgt.

Die Anleihegläubiger werden darauf hingewiesen, dass die Garantin durch zwingende Bestimmungen des deutschen Aktienrechts oder aus sonstigen Gründen an der Ausgabe neuer Aktien und/oder dem Verkauf eigener Aktien der Garantin und/oder der Ausgabe Statthafter Wertpapiere gehindert sein kann.

(7) Teilweise Erfüllung; Erlöschen Aufgeschobener Zinsen.

Falls die Emittentin an dem Fälligkeitstag Aufgeschobener Zinsen nicht ausreichende Statthafte Mittel von der Garantin erhalten hat, um die gesamten Aufgeschobenen Zinsen nachzahlen zu können, wird die Emittentin die Statthaften Mittel anteilmäßig (pro rata) an die Anleihegläubiger auszahlen. In diesem Fall erlischt der verbleibende Teil der betreffenden Aufgeschobenen Zinsen, soweit er auch nicht durch Sachleistung nach Maßgabe dieser Anleihebedingungen geleistet werden kann.

(8) Erlöschen Aufgeschobener Zinsen.

Soweit sich eine Zahlung Aufgeschobener Zinsen mittels ACZM zur ersatzweisen Erfüllung gemäß § 5(6) als für die Emittentin bzw. die Garantin undurchführbar, unzumutbar bzw. unzulässig oder aus anderen Gründen als nicht § 5(6) der Anleihebedingungen entsprechend erweist, erlischt die entsprechende Verpflichtung der Emittentin zur Zahlung der betroffenen Aufgeschobenen Zinsen. In diesem Fall erlöschen nach Maßgabe der Bestimmungen der Nachrangigen Garantie und der Nachrangigen Verpflichtungserklärung auch die diesbezüglichen Pflichten der Garantin aus der Nachrangigen Garantie und der Nachrangigen Verpflichtungserklärung.

(9) Mitteilungen.

Die Emittentin hat die Anleihegläubiger unverzüglich gemäß § 12 über eine teilweise Erfüllung bzw. deren Ausfall nach § 5(7) bzw. (8) zu unterrichten. In der Mitteilung ist eine etwaige Zahlung Aufgeschobener Zinsen mit Statthaften Mitteln bzw. der Betrag einer

Bondholders are notified that the Guarantor may be prevented by compulsory provisions of German stock corporation law or otherwise from issuing new shares and/or selling treasury shares of the Guarantor and/or issuing Eligible Securities.

(7) Partial Settlement; Cancellation of Outstanding Payments.

If, on the due date of Outstanding Payments, the Issuer has not received sufficient Eligible Funds from the Guarantor to settle all Outstanding Payments, the Issuer shall pay the Eligible Funds to Bondholders on a *pro rata* basis. In such case the remaining part of the relevant Outstanding Payment shall be cancelled to the extent it cannot be settled by Payment In Kind in accordance with these Conditions of Issue.

(8) Cancellation of Outstanding Payments.

To the extent the settlement of Outstanding Payments by means of ACSM proves to be impossible, unreasonable or inadmissible for the Issuer or the Guarantor or would otherwise not be in accordance with the provisions of § 5(6) of the Conditions of Issue, the Issuer's obligation to settle the relevant Outstanding Payments shall be cancelled. In such case, the Guarantor's corresponding obligations under the Subordinated Guarantee and the Subordinated Undertaking are also cancelled in accordance with their respective terms.

(9) Notifications.

The Issuer shall promptly notify the Bondholders in accordance with § 12 of any partial settlement or non-settlement pursuant to § 5(7) or (8) and must specify in such notice the relevant Outstanding Payment, the pro rata payment per Bond out of

(10) Rang Aufgeschobener Zinsen.

Im Fall der Liquidation, der Auflösung oder der Insolvenz der Emittentin oder eines Vergleichs oder eines anderen, der Abwendung der Insolvenz der Emittentin dienenden Verfahrens, steht jedem Anleihegläubiger je Schuldverschreibung ein direkter Anspruch gegen die Emittentin auf Erhalt der auf eine Schuldverschreibung entfallenden anteiligen Aufgeschobenen Zinsen (soweit der Anspruch hierauf nicht zuvor nach Maßgabe von § 5(7) bzw. (8) erloschen ist) in Höhe von bis zu (i) 25 % des Ursprünglichen Nennbetrages abzüglich (ii) der Summe aus allen bis zu diesem Zeitpunkt (x) geleisteten Zahlungen mit aus der Begebung Statthafter Wertpapiere beschafften Statthaften Mitteln und (y) vorgenommenen Erhöhungen des Ursprünglichen Nennbetrages nach Maßgabe von § 5(6)(a) (jeweils bezogen auf eine Schuldverschreibung) zu (mithin maximal in Höhe von €250 bzw. £250). Dieser Anspruch begründet eine unbesicherte und nachrangige Verbindlichkeit der Emittentin, die mit den Schuldverschreibungen im Rang gleich steht. Der über diesen Betrag hinausgehende Anspruch auf Zahlung Aufgeschobener Zinsen erlischt.

(11) Ende des Zinslaufs.

Der Zinslauf der Schuldverschreibungen endet mit Beginn des Kalendertages, an dem sie zur Rückzahlung fällig werden. Sollte die Emittentin die Schuldverschreibungen bei Fälligkeit nicht einlösen, endet die Verpflichtung zur Zahlung von Zinsen auf den ausstehenden Nennbetrag zu dem dann maßgeblichen Zinssatz nicht am Fälligkeitstag, sondern erst mit dem Kalendertag der tatsächlichen Rückzahlung der Schuldverschreibungen (ausschließlich)

§ 6 RÜCKZAHLUNG UND RÜCKKAUF

(1) Endfälligkeit.

Die Schuldverschreibungen werden am 14. September 2066 zum Nennbetrag zurückgezahlt.

Eligible Funds (if any) and/or the increase of the Principal Amount (if any) and the cancelled amount of Outstanding Payments per Bond (if any).

(10) Ranking of Outstanding Payments.

In the event of the liquidation, dissolution, insolvency, composition or other proceedings for the avoidance of insolvency of the Issuer, any Bondholder shall, for each Bond, have a direct claim against the Issuer to receive a *pro rata* payment on account of Outstanding Payments (to the extent not previously cancelled in accordance with § 5(7) or (8)) per Bond up to an amount corresponding to (i) 25 % of the Initial Principal Amount less (ii) the sum of all (x) payments made up to such point out of Eligible Funds raised through the issuance of Eligible Securities and (y) increases of the Initial Principal Amount made up to such point pursuant to § 5(6)(a) (in each case as calculated per Bond) (i.e. in the maximum amount of €250 or £250, as applicable). Such claim shall constitute an unsecured and subordinated obligation of the Issuer ranking *pari passu* with the Bonds. The remaining claim for settlement of Outstanding Payments shall be cancelled.

(11) Cessation of Interest Payments.

The Bonds shall cease to bear interest from the beginning of the calendar day on which they are due for redemption. If the Issuer shall fail to redeem the Bonds when due, the obligation to pay interest shall continue to accrue at the then applicable rate on the outstanding Principal Amount of the Bonds beyond the due date until (and excluding) the calendar day of actual redemption of the Bonds.

§ 6 REDEMPTION AND PURCHASE

(1) Maturity.

The Bonds shall be redeemed on September 14, 2066 at par.

(2) Kündigungsrecht der Emittentin und vorzeitige Rückzahlung bei einem Brutto-Ausgleichs-Ereignis, bei einem Steuerereignis, bei einem Kapitalereignis oder bei einem Wandlungsereignis vor dem 14. September 2016.

Bei Eintritt eines Brutto-Ausgleichs-Ereignisses, eines Steuerereignisses, eines Kapitalereignisses oder eines Wandlungsereignisses vor dem 14. September 2016 ist die Emittentin vorbehaltlich Absatz (5) berechtigt, die Schuldverschreibungen jederzeit (insgesamt, jedoch nicht teilweise) durch eine unwiderrufliche Bekanntmachung gemäß § 12 unter Einhaltung einer Frist von nicht weniger als 30 und nicht mehr als 60 Kalendertagen zu kündigen und zum Vorzeitigen Rückzahlungsbetrag zurückzuzahlen.

(a) Dabei gilt für den Fall eines Brutto-Ausgleichs-Ereignisses, dass:

- (i) eine solche Kündigungsbekanntmachung nicht früher als 90 Kalendertage vor dem ersten Kalendertag gemacht werden darf, an dem die Emittentin erstmals verpflichtet wäre, die jeweiligen zusätzlichen Beträge (wie in § 8 beschrieben) in Ansehung fälliger Beträge auf die Schuldverschreibungen zu zahlen; und
- (ii) die Emittentin der Hauptzahlstelle vor Abgabe einer solchen Kündigungsmittelteilung folgende Dokumente übermittelt bzw. deren Übermittlung veranlasst:
 - (x) eine von zwei ordnungsgemäß bevollmächtigten Vertretern der Emittentin unterzeichnete Bescheinigung, die bestätigt, dass die Emittentin berechtigt ist, die maßgebliche Rückzahlung vorzunehmen, und aus der die Tatsachen hervorgehen, auf deren Grundlage die Voraussetzungen für das Rückzahlungsrecht der Emittentin eingetreten sind; sowie
 - (y) ein Gutachten eines angesehenen unabhängigen Rechtsberaters, aus dem hervorgeht, dass die Emittentin verpflichtet ist oder verpflichtet sein wird, die betreffenden zusätzlichen Beträge als Folge eines Brutto-Ausgleichs-Ereignisses zu zahlen.

(2) Issuer Call Right and Early Redemption due to a Gross-up Event, a Tax Event, a Capital Event or a Conversion Event prior to September 14, 2016.

If prior to September 14, 2016 either a Gross-up Event, a Tax Event, a Capital Event or a Conversion Event occurs, the Issuer may, subject to subparagraph (5), call and redeem the Bonds (in whole but not in part) at their Early Redemption Amount at any time on the giving of not less than 30 and not more than 60 calendar days' irrevocable notice in accordance with § 12.

(a) In the case of a Gross-up Event:

- (i) no such notice of redemption may be given earlier than 90 calendar days prior to the earliest calendar day on which the Issuer would be for the first time obliged to pay the additional amounts (as described in § 8) in question on payments due in respect of the Bonds; and
- (ii) prior to the giving of any such notice of redemption, the Issuer shall deliver or procure that there is delivered to the Principal Paying Agent:
 - (x) a certificate signed by any two duly authorized representatives of the Issuer stating that the Issuer is entitled to effect such redemption and setting out a statement of facts showing that the conditions precedent to the exercise of the right of the Issuer to redeem have been satisfied; and
 - (y) an opinion of an independent legal adviser of recognised standing to the effect that the Issuer has or will become obliged to pay the additional amounts in question as a result of a Gross-up Event.

- (b) Dabei gilt für den Fall eines Kapitalereignisses und eines Wandlungsereignisses, dass eine solche Kündigungsbekanntmachung nur zeitgleich mit oder nach einer Bekanntmachung der Emittentin über den Eintritt eines Kapitalereignisses oder eines Wandlungsereignisses nach Maßgabe von § 12 gemacht werden kann.

Brutto-Ausgleichs-Ereignis bezeichnet den Fall, dass entweder

- (i) die Emittentin verpflichtet ist oder verpflichtet sein wird, zusätzliche Beträge (wie in § 8 beschrieben) als Folge einer Änderung oder Ergänzung von Gesetzen der Niederlande oder einer ihrer Gebietskörperschaften oder Behörden (oder der Änderung oder Ergänzung von Bestimmungen und Vorschriften auf Grundlage dieser Gesetze), oder als Folge einer Änderung oder Ergänzung der offiziellen Auslegung oder Anwendung dieser Gesetze, Bestimmungen oder Vorschriften zu zahlen, oder
- (ii) die Garantin nach Maßgabe der Nachrangigen Garantie verpflichtet ist oder verpflichtet sein wird, zusätzliche Beträge als Folge einer Änderung oder Ergänzung von Gesetzen der Bundesrepublik Deutschland oder einer ihrer Gebietskörperschaften oder Behörden (oder der Änderung oder Ergänzung von Bestimmungen und Vorschriften auf Grundlage dieser Gesetze), oder als Folge einer Änderung oder Ergänzung der offiziellen Auslegung oder Anwendung dieser Gesetze, Bestimmungen oder Vorschriften zu zahlen,

allerdings jeweils nur soweit die betreffende Änderung, Ergänzung oder Durchführung an oder nach dem Ausgabetag wirksam wird und die Zahlungsverpflichtung nicht durch das Ergreifen zumutbarer Maßnahmen vermieden werden kann.

Ein **Steuerereignis** liegt vor, wenn:

- (i) der Hauptzahlstelle ein Gutachten eines anerkannten unabhängigen Steuerberaters übergeben worden ist, aus dem hervorgeht, dass an oder nach dem Ausgabetag als Folge
 - (aa) einer Änderung oder Ergänzung der Gesetze (oder von aufgrund dieser Gesetze erlassenen Bestimmungen oder Vorschriften) der Niederlande oder der Bundesrepublik Deutschland oder jeweils einer ihrer Gebietskörperschaften oder Steuerbe-

Gross-up Event means that either

- (i) the Issuer has or will become obliged to pay additional amounts (as described in § 8) as a result of any change in, or amendment to, the laws (or any rules or regulations thereunder) of The Netherlands or any political subdivision or any authority of or in The Netherlands, or any change in or amendment to any official interpretation or application of those laws or rules or regulations, or
- (ii) the Guarantor under the Subordinated Guarantee has or will become obliged to pay additional amounts as a result of any change in, or amendment to, the laws (or any rules or regulations thereunder) of the Federal Republic of Germany or any political subdivision or any authority of or in the Federal Republic of Germany, or any change in or amendment to any official interpretation or application of those laws or rules or regulations,

provided that, in each case, the relevant amendment, change or execution becomes effective on or after the Issue Date and provided further that the payment obligation cannot be avoided by the Guarantor taking reasonable measures available to it.

Tax Event means

- (i) an opinion of a recognised independent tax counsel has been delivered to the Principal Paying Agent, stating that on or after the Issue Date, as a result of:

- (cc) einer allgemein anwendbaren offiziellen Auslegung oder Verkündung, die an oder nach dem Ausgabetag erlassen oder verkündet wird und nach der die Rechtslage im Hinblick auf diese Gesetze oder Vorschriften von der früheren allgemein anerkannten Rechtslage abweicht,

entweder (x) Zahlungen, die von der Emittentin bzw. der Garantin in Bezug auf die Schuldverschreibungen bzw. in Bezug auf die Nachrangige Garantie zahlbar sind, von der Emittentin bzw. der Garantin nicht mehr für die Zwecke der niederländischen bzw. deutschen Körperschaftsteuer voll abzugsfähig sind, bzw. innerhalb von 90 Kalendertagen nach dem Datum dieses Gutachtens nicht mehr voll abzugsfähig sein werden, oder (y) die Garantin in Bezug auf das Einkommen der Emittentin gemäß den Regelungen des deutschen Außensteuergesetzes einer Steuerpflicht unterliegt, bzw. innerhalb von 90 Kalendertagen nach dem Datum des Gutachtens unterliegen wird; und

- (ii) die Emittentin bzw. die Garantin dieses Risiko nicht durch das Ergreifen zumutbarer Maßnahmen vermeiden kann.

Ein *Kapitalereignis* liegt vor, wenn die Emittentin oder die Garantin von allen Rating-Agenturen, von denen die Garantin "sponsored ratings" erhält, benachrichtigt wurde, dass die Schuldverschreibungen nicht mehr derselben und auch nicht einer höheren Eigenkapitalanrechnungskategorie (wie von den Rating-Agenturen, von denen die Garantin "sponsored ratings" erhält, definiert) zuzuordnen sind, der sie bei ihrer Begebung ausweislich entsprechender Veröffentlichungen dieser Rating-Agenturen zugeordnet waren; wobei "sponsored rating" sich auf

- (ii) such risk cannot be avoided by the Issuer or the Guarantor taking reasonable measures available to it.

A *Capital Event* shall occur if the Issuer or the Guarantor has received confirmation from all rating agencies from whom the Guarantor is assigned "sponsored ratings" that the Bonds will no longer be eligible for the same or higher category of equity credit as defined by the rating agencies from whom the Guarantor is assigned "sponsored ratings", attributed to the Bonds at the date of issuance and as published by such rating agencies, whereby "sponsored rating" shall refer to a rating assigned by a rating agency with whom the Guarantor has a

solche Ratings bezieht, die von einer Rating-Agentur erteilt werden, mit der die Garantin in einem Vertragsverhältnis steht, im Rahmen dessen die Rating-Agentur ein Rating für die Schuldverschreibungen erteilt und eine Eigenkapitalanrechnung der Schuldverschreibungen festlegt.

Ein **Wandlungseignis** liegt vor, wenn (i) Wandelschuldverschreibungen mit einem Gesamtnennbetrag von wenigstens 60% des Gesamtnennbetrags der Wandelanleihe in neue Aktien der Garantin oder eigene Aktien der Garantin (mit Ausnahme eigener Aktien der Garantin, die die Emittentin, die Garantin und/oder andere Konzerngesellschaften in den sechs Monaten vor dieser Wandlung erworben haben) gemäß den Anleihebedingungen der Wandelanleihe wirksam von Inhabern (freiwillige Wandlung) oder der Emittentin der Wandelanleihe (Pflichtwandlung) gewandelt worden sind und (ii) die Emittentin ihr Recht, die Schuldverschreibungen zu kündigen, innerhalb von sechs Monaten ausübt, nachdem im Hinblick auf die Wandelanleihe Wandelschuldverschreibungen mit einem Gesamtnennbetrag von insgesamt wenigstens 60% des Gesamtnennbetrags der Wandelanleihe gemäß den Anleihebedingungen der Wandelanleihe wirksam gewandelt worden sind.

Wandelanleihe bezeichnet die €2.500.000.000 1,375 % Wandelanleihe der Siemens Finance B.V. von 2003/2010 (ISIN XS0169534582).

(3) Vorzeitiger Rückzahlungsbetrag.

Der **Vorzeitige Rückzahlungsbetrag** entspricht (i) im Falle eines Brutto-Ausgleichs-Ereignisses dem Nennbetrag der Schuldverschreibungen zuzüglich bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen und aller ausstehenden Zinsrückstände, (ii) im Falle eines Steuerereignisses oder eines Kapitalereignisses dem Nennbetrag der Schuldverschreibungen oder, falls höher, dem Abgezinsten Marktpreis der Schuldverschreibungen, und (iii) im Falle eines Wandlungseignisses dem Nennbetrag der Schuldverschreibungen oder, falls höher, dem Besonderen Abgezinsten Marktpreis der Schuldverschreibungen, und in jedem dieser Fälle zuzüglich bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen und sämtlicher ausstehender Zinsrückstände.

Der **Abgezinsten Marktpreis** wird von der Berechnungsstelle errechnet und entspricht der Summe der auf den Rückzahlungstag bezogenen Abgezinsten Werte (i) des Nennbetrages der Schuld-

contractual relationship under which the Bonds are assigned a rating and an equity credit.

Conversion Event means that (i) convertible bonds with a principal amount corresponding 60% or more of the aggregate principal amount of the Convertible Bond have, in accordance with the terms and conditions of the Convertible Bond, been validly converted by holders thereof (voluntary conversion) or the issuer of the Convertible Bond (mandatory conversion) into new shares or own shares of the Guarantor (with the exception of own shares of the Guarantor which the Issuer, the Guarantor and/or any Group Entity has acquired within six months prior to such conversion) and (ii) the Issuer has exercised its right to terminate the Bonds within six months following valid conversion in accordance with the terms and conditions of the Convertible Bond of bonds with a principal amount corresponding 60% or more of the aggregate principal amount of the Convertible Bond

Convertible Bond means the €2,500,000,000 1.375% 2003/2010 convertible bond issued by Siemens Finance B.V. (ISIN XS0169534582).

(3) Early Redemption Amount.

The **Early Redemption Amount** shall (i) upon the occurrence of a Gross-up Event, be equal to the Principal Amount of the Bonds, plus accrued interest until the Redemption Date (exclusive) and all outstanding Arrears of Interest, (ii) upon the occurrence of a Tax Event or a Capital Event, be calculated as the greater of the Principal Amount of the Bonds and the Make-Whole Amount of the Bonds, and (iii) upon the occurrence of a Conversion Event, be calculated as the greater of the Principal Amount of the Bonds and the Special Make-Whole Amount of the Bonds in each case, plus accrued interest until the date of redemption (exclusive) and all outstanding Arrears of Interest.

The **Make-Whole Amount** shall be calculated by the Calculation Agent, and shall be equal to the sum of the Present Values on the Redemption Date of (i) the Principal Amount of the Bonds and (ii) the remaining

verschreibungen und (ii) der bis zum 14. September 2016 (ausschließlich) verbleibenden vorgesehenen Zinszahlungen auf die Schuldverschreibungen.

Die **Abgezinsten Werte** werden von der Berechnungsstelle errechnet, indem der Nennbetrag der jeweiligen Schuldverschreibungen und die bis zum 14. September 2016 verbleibenden vorgesehenen Zinszahlungen auf die Schuldverschreibungen unter Anwendung der Angepassten Vergleichbaren Rendite zuzüglich 0,75 % für die EUR-Schuldverschreibungen und zuzüglich 0,75 % für die GBP-Schuldverschreibungen, abgezinst werden. Zinsen, die auf einen Zeitraum von weniger als einem Jahr zu berechnen sind, werden auf Basis der tatsächlich verstrichenen Kalendertage in diesem Zeitraum geteilt durch die tatsächliche Anzahl der Tage im betreffenden Jahr (365 oder 366) ermittelt.

Die **Angepasste Vergleichbare Rendite** entspricht der am Rückzahlungs-Berechnungstag bestehenden Rendite einer von der Berechnungsstelle, im Einvernehmen mit der Emittentin, ausgewählten Euro-Referenzanleihe (für die EUR-Schuldverschreibungen)/Pfund Sterling-Referenz-Anleihe (für die GBP-Schuldverschreibungen) mit einer mit der verbleibenden Laufzeit der Schuldverschreibungen bis zum 14. September 2016 vergleichbaren Laufzeit. Dabei handelt es sich um die Rendite einer solchen Euro- bzw. Pfund Sterling-Referenz-Anleihe, die im Zeitpunkt der Auswahlentscheidung und entsprechend der üblichen Finanzmarktpraxis zur Preisbestimmung bei Neuemissionen von Unternehmensanleihen mit einer mit dem Zeitraum bis zum 14. September 2016 vergleichbaren Laufzeit verwendet würde.

Rückzahlungs-Berechnungstag ist der dritte Geschäftstag vor dem Kalendertag, an dem die Schuldverschreibungen nach Wahl der Emittentin infolge eines Steuerereignisses, eines Kapitalereignisses oder eines Wandlungereignisses zurückgezahlt werden.

Der **Besondere Abgezinsten Marktpreis** wird von der Berechnungsstelle errechnet und entspricht der Summe der auf den Rückzahlungstag bezogenen Besonderen Abgezinsten Werte (i) des Nennbetrages der Schuldverschreibungen und (ii) der bis zum 14. September 2016 (ausschließlich) verbleibenden vorgesehenen Zinszahlungen auf die Schuldverschreibungen.

Die **Besonderen Abgezinsten Werte** werden von der Berechnungsstelle errechnet, indem der Nennbetrag der jeweiligen Schuldverschreibungen und die bis zum 14. September 2016 verbleibenden vorgese-

heduled payments of interest on the Bonds to but excluding September 14, 2016.

The **Present Values** shall be calculated by the Calculation Agent by discounting the Principal Amount of the Bonds and the remaining scheduled interest payments to September 14, 2016 using the Adjusted Comparable Yield plus 0.75 % for the EUR-Bonds and 0.75 % for the GBP-Bonds. If interest is to be calculated for a period of less than one year, it shall be calculated on the basis of the actual number of calendar days in the relevant period divided by the actual number of days in the relevant year (365 or 366).

The **Adjusted Comparable Yield** shall be equal to the yield at the Redemption Calculation Date on the Euro benchmark security (for the EUR-Bonds) or the Sterling benchmark security (for the GBP-Bonds) selected by the Calculation Agent, after consultation with the Issuer, as having a maturity comparable to the remaining term of the Bonds on September 14, 2016 that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to September 14, 2016.

Redemption Calculation Date means the third Business Day prior to the date on which the Bonds are redeemed at the option of the Issuer as a result of a Tax Event, a Capital Event or a Conversion Event.

The **Special Make-Whole Amount** shall be calculated by the Calculation Agent, and shall be equal to the sum of the Special Present Values on the Redemption Date of (i) the Principal Amount of the Bonds and (ii) the remaining scheduled payments of interest on the Bonds to but excluding September 14, 2016.

The **Special Present Values** shall be calculated by the Calculation Agent by discounting the Principal Amount of the Bonds and the remaining scheduled interest payments to September 14, 2016 using the

nen Zinszahlungen auf die Schuldverschreibungen unter Anwendung des Vergleichbaren Swapsatzes zusätzlich 0,50 % für die EUR-Schuldverschreibungen und 0,50 % für die GBP-Schuldverschreibungen, abgezinst werden. Zinsen, die auf einen Zeitraum von weniger als einem Jahr zu berechnen sind, werden auf der Grundlage der tatsächlich verstrichenen Kalendertage in diesem Zeitraum geteilt durch die tatsächliche Anzahl der Tage im betreffenden Jahr (365 oder 366) ermittelt.

Vergleichbarer Swapsatz bedeutet (i) im Hinblick auf die EUR-Schuldverschreibungen die "EUR-ISDA-EURIBOR Swap Rate – 11.00" (der jährliche Euro-Swapsatz, ausgedrückt als Prozentsatz für Euro-Swap-Transaktionen mit der Vorgesehenen Laufzeit, die auf der Swap-Bildschirmseite unter der Überschrift "EURIBOR BASIS" und über dem Untertitel "11:00 a.m. Frankfurt"), die um 11 Uhr vormittags mitteleuropäischer Zeit am Rückzahlungs-Berechnungstag erscheint und (ii) im Hinblick auf die GBP-Schuldverschreibungen die "GBP-ISDA-LIBOR Swap Rate – 11.00" (der jährliche GBP-Swapsatz, ausgedrückt als Prozentsatz für GBP-Swap-Transaktionen mit der Vorgesehenen Laufzeit, die auf der Swap-Bildschirmseite unter der Überschrift "GBP BASIS" und über dem Untertitel "11:00 a.m. London"), die um 11 Uhr vormittags Londoner Zeit am Rückzahlungs-Berechnungstag erscheint.

Für den Fall, dass der vorgenannte Swapsatz an dem Rückzahlungs-Berechnungstag nicht auf der Swap-Bildschirmseite erscheint, ist der Vergleichbare Swapsatz der Prozentsatz, der auf Basis der "mid-market jährlichen Swapsatz"-Quotierungen, die der Berechnungsstelle ungefähr um 11:00 Uhr vormittags mitteleuropäischer Zeit von fünf führenden Swap-Händlern im Interbankenhandel (**Referenz-Swap-Händler**) gestellt werden, am Rückzahlungs-Berechnungstag festgelegt wird. Wenn mindestens drei Quotierungen genannt werden, ist der Vergleichbare Swapsatz das arithmetische Mittel der Quotierungen unter Ausschluss der höchsten Quotierung (bzw. für den Fall von gleich hohen Quotierungen, einer der höchsten Quotierungen) und der niedrigsten Quotierung (bzw. für den Fall von gleich hohen Quotierungen, einer der niedrigsten Quotierungen). Hierbei bedeutet der "mid-market jährliche Swapsatz" das arithmetische Mittel der nachgefragten und angebotenen Sätze für den jährlichen Festzinszahlungsstrom (berechnet auf einer 30/360 Tagesberechnungsbasis) einer fixed-for-floating (Festzins-für-variablen Zins) Euro-Zinsswap-Trans-

Comparable Swap Rate plus 0.50 % for the EUR-Bonds and 0.50 % for the GBP-Bonds. If interest is to be calculated for a period of less than one year, it shall be calculated on the basis of the actual number of calendar days in the relevant period divided by the actual number of days in the relevant year (365 or 366).

Comparable Swap Rate means (i) in relation to the EUR-Bonds the "EUR-ISDA-EURIBOR Swap Rate – 11.00" (the annual Euro swap rate expressed as a percentage for Euro swap transactions with the Designated Maturity, which appears on the Swap Screen Page under the heading "EURIBOR BASIS" and above the caption "11:00 AM Frankfurt") as of 11.00 central European time on the Redemption Calculation Date, and (ii) in relation to the GBP-Bonds the "GBP-ISDA-LIBOR Swap Rate – 11.00" (the annual GBP swap rate expressed as a percentage for GBP swap transactions with the Designated Maturity, which appears on the Swap Screen Page under the heading "LIBOR BASIS" and above the caption "11:00 AM London") as of 11.00 London time on the Redemption Calculation Date.

In the event that the foregoing rate does not appear on the Swap Screen Page on the Redemption Calculation Date, the Comparable Swap Rate will equal the percentage rate determined on the basis of the quotations of the "mid-market annual swap rate" provided by five leading swap dealers in the interbank market (**Reference Swap Dealers**) to the Calculation Agent at approximately 11:00 a.m., central European time, on the Redemption Calculation Date. If at least three quotations are provided, the Comparable Swap Rate will equal the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). For these purposes "mid-market annual swap rate" means the arithmetic mean of the bid and offer rates for the annual fixed leg (calculated on a 30/360 day count basis) of a fixed-for-floating Euro interest rate swap transaction which transaction (a) has a term equal to the Designated Maturity and commencing on the Redemption Calculation Date, (b) is in an amount that is representative of a single transaction in the

aktion, (a) die eine Laufzeit hat, die der Vorgesehenen Laufzeit entspricht, und am Rückzahlungsberechnungstag beginnt, (b) die auf einen Betrag lautet, der dem einer repräsentativen einzelnen Transaktion in dem relevanten Markt zur relevanten Zeit eines angesehenen Referenz-Swap-Händlers entspricht, und (c) deren variabler Zahlungsstrom auf dem 6-Monats-EURIBOR-Satz beruht (berechnet auf einer Anzahl der tatsächlichen Tage/360 Tageberechnungsbasis).

Vorgesehene Laufzeit bezeichnet eine Laufzeit, die mit einer Laufzeit vom Zeitpunkt des Wirksamwerdens der Kündigung bis zum 14. September 2016 vergleichbar ist.

Swap-Bildschirmseite bezeichnet die Reuters-Bildschirmseite "ISDAFIX2" bzw. eine sonstige Seite oder einen sonstigen Informationsdienst, die/der diese Seite für Zwecke des betreffenden Swapsatzes ersetzt.

(4) Kündigung und vorzeitige Rückzahlung nach Wahl der Emittentin ab dem 14. September 2016.

Die Emittentin kann die Schuldverschreibungen vorbehaltlich § 6(5) am 14. September 2016 oder an jedem danach folgenden Variablen Zinszahlungstag vollständig, aber nicht in Teilbeträgen nach unwiderruflicher Kündigungsmitteilung an die Anleihegläubiger gemäß § 12 unter Einhaltung einer Frist von nicht weniger als 30 und nicht mehr als 60 Kalendertagen zum Nennbetrag zuzüglich sämtlicher bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen und sämtlicher ausstehender Zinsrückstände kündigen.

Eine solche Kündigungsmitteilung verpflichtet die Emittentin, die Schuldverschreibungen am 14. September 2016 oder an dem in dieser Kündigungsmitteilung angegebenen Variablen Zinszahlungstag zu ihrem Nennbetrag, nebst Zinsen, die bis zu diesem Kalendertag aufgelaufen sind, einschließlich sämtlicher ausstehender Zinsrückstände zurückzuzahlen.

(5) Absicht der Garantin bei Rückzahlung aufgrund Endfälligkeit und bei Kündigung aus Steuergründen oder aufgrund eines Kapitalereignisses oder nach Wahl der Emittentin.

Nach Absicht der Garantin sollen die Schuldverschreibungen dauerhafter Bestandteil der Konzernfinanzierung der Garantin sein. Für den Fall

relevant market at the relevant time with a Reference Swap Dealer of good credit in the swap market, and (c) the floating leg of which is based on the 6-month EURIBOR rate (calculated on an Actual/360 day count basis).

Designated Maturity means a maturity comparable to the remaining term of the Bonds from effectiveness of the cancellation notice to September 14, 2016.

Swap Screen Page means Reuters screen "ISDAFIX2" or such other page or service as may replace it for the purposes of the relevant swap rate.

(4) Issuer Call Right and Early Redemption at the Option of the Issuer from September 14, 2016.

Subject to § 6(5), the Issuer may call the Bonds (in whole but not in part) on September 14, 2016 or on any Floating Interest Payment Date thereafter at their Principal Amount, plus any interest accrued until the Redemption Date (exclusive) and upon payment of all outstanding Arrears of Interest to the date of redemption on the giving of not less than 30 and not more than 60 calendar days' irrevocable notice of redemption to the Bondholders in accordance with § 12.

Such notice of redemption shall oblige the Issuer to redeem the Bonds on September 14, 2016 or the Floating Interest Payment Date specified in that notice at the Principal Amount, plus accrued interest to that date, including all outstanding Arrears of Interest.

(5) Intention of the Guarantor for Redemption at Maturity and Early Redemption due to Tax Reasons or a Capital Event or at the Option of the Issuer.

It is the intention of the Guarantor that the Bonds will constitute permanent funding of the Guarantor's group. In case of redemption of the Bonds pursuant

der Rückzahlung gemäß § 6(1), § 6(2) und § 6(4) (mit Ausnahme einer Rückzahlung nach einem Wandlungsereignis) beabsichtigt die Garantin, der Emittentin Mittel zur Rückzahlung der Schuldverschreibungen zur Verfügung zu stellen, die aus der Ausgabe neuer Aktien der Garantin und/oder dem Verkauf eigener Aktien der Garantin (mit Ausnahme eigener Aktien, welche innerhalb eines Zeitraums von sechs Monaten vor dem betreffenden Zahlungstag gegen Barzahlung erworben wurden) und/oder aus der Begebung von Ersatz-Wertpapieren innerhalb von sechs Monaten vor dem Rückzahlungstag der Schuldverschreibungen stammen.

Ersatz-Wertpapiere sind Wertpapiere, die (i) von der Garantin oder (ii) von der Emittentin bzw. einer anderen direkten oder indirekten 100%igen Finanzierungsgesellschaft der Garantin jeweils mit einer Garantie der Garantin begeben werden und (a) eine Laufzeit von mindestens 60 Jahren haben, (b) im Rang gleich oder nachrangig zu den Schuldverschreibungen bzw. die Verpflichtungen aus der Garantie gleich oder nachrangig zur Nachrangigen Garantie stehen, (c) eine gleiche oder größere Eigenkapitalanrechnung als die Schuldverschreibungen aufweisen, (d) nicht vor Ablauf von fünf Jahren (wenn sie keinen Mechanismus zur Erhöhung des Zinssatzes enthalten) oder nicht vor Ablauf von zehn Jahren (wenn sie einen Mechanismus zur Erhöhung des Zinssatzes enthalten) nach Begebung kündbar sind, es sei denn, die Kündigung erfolgt aus steuerlichen Gründen oder Eigenkapitalanrechnungsgründen unter den in § 6(2) genannten Bedingungen, und (e) deren Bedingungen es der emittierenden Gesellschaft der Ersatz-Wertpapiere ermöglichen, Zinszahlungen in der gleichen oder einer ähnlichen Weise wie unter den Schuldverschreibungen aufzuschieben.

(6) Rückkauf von Schuldverschreibungen.

Die Garantin, die Emittentin oder Konzerngesellschaften können unter Einhaltung der einschlägigen gesetzlichen Vorschriften jederzeit Schuldverschreibungen im Markt oder anderweitig zu jedem beliebigen Preis kaufen. Derartig erworbene Schuldverschreibungen können entwertet, gehalten oder wieder veräußert werden.

(7) Kündigungsrecht der Emittentin bei geringem ausstehenden Gesamtnennbetrag.

to § (6)(1), § 6(2) and § 6(4) (other than redemption following a Conversion Event), the Guarantor intends to make available to the Issuer for the purposes of redemption of the Bonds proceeds raised through the issuance of new shares of the Guarantor and/or the sale of treasury shares of the Guarantor (save for treasury shares which have been acquired against cash within a period of six months before the relevant payment date) and/or through the issuance of Replacement Securities, within a period of 6 months prior to the Redemption Date of the Bonds.

Replacement Securities are securities issued (i) by the Guarantor or (ii) by the Issuer or any other wholly-owned direct or indirect Finance Subsidiary of the Guarantor, in each case with the benefit of a guarantee from the Guarantor, and must (a) have a maturity of at least 60 years, (b) rank *pari passu* with or junior to the Bonds or the obligations pursuant to the guarantee rank *pari passu* with or junior to the obligations pursuant to the Subordinated Guarantee, (c) have equal or greater equity credit than the Bonds, (d) not be redeemable prior to the expiration of five years (if the Replacement Securities do not contain a step-up of the interest rate) or expiration of ten years of their issue date (if the Replacement Securities contain a step-up), other than for tax and equity credit reasons pursuant to the conditions in § 6(2) of these Conditions of Issue, and (e) permit the issuing entity in their terms to defer interest payments in the same or a similar manner as under the Bonds.

(6) Purchase of Bonds.

The Guarantor, the Issuer or any Group Entity may, in compliance with applicable laws, at any time purchase Bonds in the open market or otherwise and at any price. Such acquired Bonds may be cancelled, held or resold.

(7) Issuer Call Right in case of Minimal Outstanding Aggregate Principal Amount.

Falls die Emittentin, die Garantin und/oder eine Konzerngesellschaft allein oder gemeinsam Schuldverschreibungen im Volumen von 75 % oder mehr des ursprünglich begebenen Gesamtnennbetrages der Schuldverschreibungen erworben hat, kann die Emittentin die verbleibenden Schuldverschreibungen (insgesamt, jedoch nicht teilweise) kündigen und zu einem Betrag zurückzahlen, der dem Nennbetrag der Schuldverschreibungen oder, falls dieser höher ist, dem Abgezinsten Marktpreis für die Schuldverschreibungen, jeweils zuzüglich bis zum Rückzahlungstag (ausschließlich) aufgelaufener Zinsen und zuzüglich aller ausstehenden Zinsrückstände, entspricht.

§ 7 ZAHLUNGEN

(1) Zahlung von Kapital und Zinsen.

Die Emittentin verpflichtet sich, Kapital und Zinsen auf die Schuldverschreibungen sowie alle sonstigen auf die Schuldverschreibungen zahlbaren Beträge bei Fälligkeit in Euro bzw. Pfund Sterling zu zahlen. Die Zahlung von Kapital und Zinsen erfolgt an eine Zahlstelle zur Weiterleitung an das Clearingsystem oder an dessen Order zur Gutschrift für die jeweiligen Kontoinhaber gegen Vorlage und (sofern es sich um die Kapitalrückzahlung handelt) Einreichung der Globalurkunden. Die Zahlung an das Clearingsystem oder an dessen Order, vorausgesetzt, die Schuldverschreibungen werden noch durch das Clearingsystem gehalten, befreit die Emittentin in Höhe der geleisteten Zahlung von ihren entsprechenden Verbindlichkeiten aus den Schuldverschreibungen.

(2) Fälligkeitstag kein Geschäftstag.

Falls ein Fälligkeitstag für die Zahlung von Kapital und/oder Zinsen kein Geschäftstag ist, erfolgt die Zahlung, außer im Fall des § 5(2)(b), erst am nächstfolgenden Geschäftstag; Anleihegläubiger sind nicht berechtigt, zusätzliche Zinsen oder eine andere Entschädigung wegen eines solchen Zahlungsaufschubs zu verlangen.

In the event that the Issuer, the Guarantor and/or any Group Entity has, severally or jointly, purchased Bonds equal to or in excess of 75 % of the aggregate Principal Amount of the Bonds initially issued, the Issuer may call and redeem the remaining Bonds (in whole but not in part) at an amount calculated as the greater of the Principal Amount of the Bonds and the Make-Whole Amount of the Bonds plus accrued interest until the Redemption Date (exclusive) and all outstanding Arrears of Interest.

§ 7 PAYMENTS

(1) Payment of Principal and Interest.

The Issuer undertakes to pay, as and when due, principal and interest as well as all other amounts payable on the Bonds in Euro or Pounds sterling, as applicable. Payment of principal and interest on the Bonds shall be made to a Paying Agent for on-payment to the Clearing System or to its order for credit to the respective account holders upon presentation and (in the case of the payment in respect of principal) surrender of the Global Bonds. Payments to the Clearing System or to its order shall, to the extent of amounts so paid and provided the Bonds are still held on behalf of the Clearing System, constitute the discharge of the Issuer from its corresponding obligations under the Bonds.

(2) Due Date not a Business Day.

Except as otherwise provided in § 5(2)(b), if the due date for any payment of principal and/or interest is not a Business Day, payment shall be effected only on the next Business Day; a Bondholder shall have no right to claim payment of any additional interest or other indemnity in respect of such delay in payment.

§ 8

BESTEUERUNG UND BRUTTOAUSGLEICH

(1) Zusätzliche Beträge.

Sämtliche Zahlungen auf die Schuldverschreibungen (seien es Kapital oder Zinsen oder sonstige Beträge) sind von der Emittentin bzw., nach Maßgabe der Nachrangigen Garantie, der Garantin frei von und ohne Einbehalt oder Abzug von oder wegen gegenwärtiger oder zukünftiger Steuern oder sonstiger Abgaben gleich welcher Art zu leisten, die von oder in dem Land, in dem die Emittentin bzw. die Garantin ihren Sitz hat, oder von einer Gebietskörperschaft oder einer dortigen zur Steuererhebung ermächtigten Behörde oder Stelle erhoben werden, es sei denn, der Abzug oder Einbehalt solcher Steuern oder Abgaben ist gesetzlich vorgeschrieben oder ergibt sich aus der Auslegung oder Anwendung eines Gesetzes. In diesem Fall wird die Emittentin bzw. die Garantin diejenigen zusätzlichen Beträge zahlen, die erforderlich sind, damit die von jedem Anleihegläubiger zu empfangenden Beträge nach einem solchen Abzug oder Einbehalt den Beträgen entsprechen, die der Anleihegläubiger ohne einen solchen Abzug oder Einbehalt erhalten hätte. Derartige zusätzliche Beträge müssen jedoch nicht in Bezug auf Zahlungen auf eine Schuldverschreibung erbracht werden, wenn:

- (a) die Zahlungen an einen Anleihegläubiger oder in dessen Namen an einen Dritten geleistet werden, der solchen Steuern, Abgaben, Steuerveranlagungen oder behördlichen Gebühren in Bezug auf diese Schuldverschreibungen bzw. Zahlungen unter der Nachrangigen Garantie deshalb unterliegt, weil er eine andere Beziehung zur Rechtsordnung der Emittentin bzw. der Garantin hat als den bloßen Umstand, dass er (i) Inhaber einer solchen Schuldverschreibung oder Begünstigter der Nachrangigen Garantie ist oder (ii) Kapital, Zinsen oder einen anderen Betrag in Bezug auf eine solche Schuldverschreibung oder unter der Nachrangigen Garantie erhält; oder
- (b) die Schuldverschreibung mehr als 30 Kalendertage nach dem Relevanten Datum zur Zahlung vorgelegt wird, es sei denn der betreffende Anleihegläubiger hätte auch bei Vorlegung am Ende oder vor Ablauf dieses Zeitraums von 30 Kalendertagen einen Anspruch auf Erhalt dieser zusätzlichen Beträge gehabt; oder

All amounts payable (whether in respect of principal, interest or otherwise) in respect of the Bonds by the Issuer or (if applicable), according to the Subordinated Guarantee, the Guarantor will be made free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of the jurisdiction of incorporation of the Issuer or the Guarantor (as the case may be) or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the deduction or withholding of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer or, as the case may be, the Guarantor will pay such additional amounts as may be necessary in order that the net amounts receivable by the Bondholder after such deduction or withholding shall equal the respective amounts which would have been received by such Bondholder in the absence of such deduction or withholding; except that no such additional amounts shall be payable in relation to any payment in respect of any Bond:

- (a) to, or to a third party on behalf of, a Bondholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Bond and/or the Subordinated Guarantee by reason of his having some connection with the jurisdiction of incorporation of the Issuer or (if applicable) the Guarantor other than (i) the mere holding of such Bond and/or being beneficiary of the Subordinated Guarantee or (ii) the receipt of principal, interest or other amounts in respect of such Bond or payments under the Subordinated Guarantee; or
- (b) presented for payment more than 30 calendar days after the Relevant Date, except to the extent that the relevant Bondholder would have been entitled to such additional amounts on presenting the same for payment on or before the expiry of such period of 30 calendar days; or
- (c) where such deduction or withholding is imposed on a payment to an individual and is required to be made pursuant to European Council Directive

schen Rats 2003/48/EC oder einer anderen Richtlinie zu erfolgen hat, die die Ergebnisse des Ministerratstreffens der Finanzminister der Europäischen Union vom 26. bis zum 27. November 2000 bezüglich der Besteuerung von Kapitaleinkünften umsetzt, oder auf Grund eines jeden anderen Gesetzes, das die Umsetzung einer solchen Richtlinie bezweckt, oder das erlassen wurde, um den Anforderungen einer solchen Richtlinie zu genügen; oder

- (d) die Schuldverschreibung von einem Anleihegläubiger oder im Namen eines Anleihegläubigers zur Auszahlung vorgelegt wird, welcher einen Abzug oder Einbehalt durch Vorlegung der betreffenden Schuldverschreibung bei einer anderen Zahlstelle in einem Mitgliedsstaat der Europäischen Union hätte vermeiden können

The *Relevant Date* means, in respect of any payment, the date on which such payment first becomes due and payable, but if the full amount of the moneys payable has not been received by the Paying Agent on or prior to such due date, it means the first date on which, the full amount of such moneys having been so received and being available for payment to Bondholders, notice to that effect shall have been duly given to the Bondholders of the Bonds in accordance with § 12.

(3) Different Taxing Jurisdiction.

If at any time the Issuer, or if applicable, the Guarantor becomes subject to any taxing jurisdiction other than, or in addition to, the currently relevant taxing jurisdictions of the Issuer or (if applicable) the Guarantor, references in this § 8 to the jurisdiction of the Issuer and the Guarantor shall be read and construed as references to the jurisdiction of the Issuer or the Guarantor (as the case may be) and/or to such other jurisdiction(s).

No Bondholder may set-off any claims arising under the Bonds against any claims that the Issuer may have against it. The Issuer may not set-off any claims it may have against the Bondholders against any of its obligations under the Bonds. Except for the Subordinated Guarantee, no security is, or shall at any time be, granted by the Issuer or any other person securing rights of the Bondholders under the Bonds.

In connection with the Bonds the Issuer has entered into an issue and paying agency agreement dated September 12, 2006, and made between, *inter alia*, the Issuer, the Guarantor and Deutsche Bank Aktiengesellschaft (the **Principal Paying Agent**) (the **Issue and Paying Agency Agreement**).

Siemens Aktiengesellschaft issues this Subordinated Guarantee in respect of the Bonds (in accordance with § 3(1) of the Conditions of Issue).

IT IS HEREBY AGREED AS FOLLOWS:

1. Definitions

In this Subordinated Guarantee:

Conditions of Issue means the terms and conditions of the Bonds.

Bondholder means each holder of Bonds.

Expressions defined in the Conditions of Issue shall have the same meanings in this Subordinated Guarantee unless otherwise defined herein.

2. Nachrangige Garantie

Diese Nachrangige Garantie findet für Ansprüche auf ersatzweise Befriedigung der Anleihegläubiger durch die Emittentin mittels ACZM (Alternativer Coupon-Zahlungs-Mechanismus) gemäß § 5(6) der Anleihebedingungen keine Anwendung. Zahlungen im Zusammenhang mit dieser Nachrangigen Garantie erfolgen ausschließlich gemäß den Anleihebedingungen. Bei Erfüllung von Verpflichtungen der Emittentin oder der Garantin zu Gunsten eines Anleihegläubigers erlischt das betreffende garantierte Recht dieses Anleihegläubigers aus den Schuldverschreibungen.
- (b) Die Verpflichtungen der Garantin aus der Nachrangigen Garantie begründen direkte, nicht besicherte, nachrangige Verbindlichkeiten der Garantin, die untereinander im Rang gleich stehen und im Fall der Liquidation, der Auflösung oder der Insolvenz der Garantin oder eines Vergleichs oder eines anderen der Abwendung der Insolvenz der Garantin dienenden Verfahrens allen anderen bestehenden und zukünftigen Verbindlichkeiten der Garantin, ob nachrangig oder nicht nachrangig, im Rang nachgehen, soweit zwingende gesetzliche Bestimmungen nichts anderes vorschreiben. Die Anleihegläubiger sind nicht berechtigt, Forderungen aus der Nachrangigen Garantie gegen mögliche Forderungen der Garantin gegen sie aufzurechnen.

2. Subordinated Guarantee

- (a) Siemens Aktiengesellschaft, Berlin and Munich, Federal Republic of Germany, (the **Guarantor**) hereby unconditionally and irrevocably guarantees on a subordinated basis to the Principal Paying Agent for the benefit of the Bondholders for the due payment of principal of, and interest on, and any other amounts, if any, payable under the Bonds by the Issuer, in each case to the extent and when due subject to and in accordance with the Conditions of Issue. This Subordinated Guarantee does not apply to claims of Bondholders for an alternative satisfaction via ACSM (Alternative Coupon Settlement Mechanism) by the Issuer pursuant to § 5 (6) of the Conditions of Issue. Payments under this Subordinated Guarantee are subject to (without limitation) the Conditions of Issue. Upon discharge of any obligations of the Issuer or the Guarantor subsisting hereunder in favour of any Bondholder, the relevant guaranteed right of such Bondholder under the Bonds shall cease to exist.
- (b) The obligations of the Guarantor under this Subordinated Guarantee constitute direct, unsecured and subordinated obligations of the Guarantor, ranking *pari passu* among themselves, and, in the event of the liquidation, dissolution or insolvency of the Guarantor or in case of any composition or other proceedings for the avoidance of insolvency of the Guarantor, rank junior to all other present and future obligations of the Guarantor, whether subordinated or unsubordinated, except as otherwise required by mandatory provisions of law. In the event of the liquidation, dissolution or insolvency of the Guarantor or composition or other proceedings for the avoidance of insolvency of the Guarantor, the obligations of the Guarantor under the Subordinated Guarantee shall be subordinated to the claims of all subordinated and unsubordinated creditors of the Guarantor so that in any such event no amounts shall be payable in respect of the Subordinated Guarantee until the claims of all unsubordinated or subordinated creditors of the Guarantor shall have first been satisfied in full. Die Garantin ist nicht berechtigt, mögliche Forderungen gegenüber Anleihegläubiger gegen Verpflichtungen aus der Nachrangigen Garantie aufzurechnen. - (c) Sämtliche Zahlungen unter der Nachrangigen Garantie (sei es in Bezug auf Kapital oder Zinsen oder sonstige Beträge) sind von der Garantin frei von und ohne Abzug oder Einbehalt von oder wegen gegenwärtiger oder zukünftiger Steuern oder sonstiger Abgaben gleich welcher Art zu leisten, die von oder in der Bundesrepublik Deutschland oder von einer Gebietskörperschaft in der Bundesrepublik Deutschland oder einer dortigen zur Steuererhebung ermächtigten Behörde oder Stelle erhoben werden, es sei denn, der Abzug oder Einbehalt solcher Steuern oder Abgaben ist gesetzlich vorgeschrieben oder ergibt sich aus der Auslegung oder Anwendung eines Gesetzes. In diesem Fall wird die Garantin diejenigen zusätzlichen Beträge zahlen, die erforderlich sind, damit die von jedem Anleihegläubiger zu empfangenden Beträge nach einem solchen Abzug oder Einbehalt den Beträgen entsprechen, die der Anleihegläubiger ohne einen solchen Abzug oder Einbehalt erhalten hätte. Derartige zusätzliche Beträge müssen jedoch nicht in Bezug auf Zahlungen auf eine Schuldverschreibung unter dieser Nachrangigen Garantie erbracht werden, wenn:

- (i) die Zahlungen an einen Anleihegläubiger (als Begünstigter der Nachrangigen Garantie) oder in dessen Namen an einen Dritten geleistet werden, der solchen Steuern, Abgaben, Steuerveranlagungen oder behördlichen Gebühren in Bezug auf die Nachrangige Garantie deshalb unterliegt, weil er eine andere Beziehung zur Bundesrepublik Deutschland hat als den bloßen Umstand, dass er (a) Begünstigter der Nachrangigen Garantie ist oder (b) Kapital, Zinsen oder einen anderen Betrag in Bezug auf die Nachrangige Garantie erhält; oder

In that event, the Guarantor will pay such additional amounts as may be necessary in order that the net amounts receivable by the Bondholder after such deduction or withholding shall equal the respective amounts which would have been receivable by such Bondholder in the absence of such deduction or withholding; except that no such additional amounts shall be payable under this Subordinated Guarantee in relation to any payment in respect of any Bond:

- (i) to, or to a third party on behalf of, a Bondholder (as beneficiary of the Subordinated Guarantee) who is liable to such taxes, duties, assessments or governmental charges in respect of the Subordinated Guarantee by reason of his having some connection with the Federal Republic of Germany other than (a) the mere being of the beneficiary of the Subordinated Guarantee or (b) the receipt of principal, interest or other amounts in respect of the Subordinated Guarantee; or

Falls die Garantin zu irgendeinem Zeitpunkt einer anderen Steuerrechtsordnung als der der Bundesrepublik Deutschland oder einer zusätzlichen Steuerrechtsordnung unterworfen wird, sollen die Bezugnahmen in dieser Ziffer (c) auf die Steuerrechtsordnung der Bundesrepublik Deutschland als Bezugnahmen auf diese und/oder andere Steuerrechtsordnungen gelesen und ausgelegt werden.

- (d) Die Garantin verpflichtet sich, solange die Schuldverschreibungen ausstehen, mit Ausnahme von gemäß § 5(6) der Anleihebedingungen begebenen statthaften Wertpapieren, keine zusätzliche nachrangige Verschuldung einzugehen oder zu garantieren, die nach ihren Bedingungen oder gesetzlichen Vorschriften im Falle der Liquidation, der Auflösung oder der Insolvenz der Garantin oder eines Vergleichs oder eines anderen der Abwendung der Insolvenz der Garantin dienenden Verfahrens im Rang nach den Schuldverschreibungen stehen würde oder den Ansprüchen der Anleihegläubiger unter der Nachrangigen Garantie im Rang nachgehen würde.

- (d) The Guarantor undertakes that so long as the Bonds are outstanding, other than the issuance of Eligible Securities pursuant to § 5 (6) of the Conditions of Issue, it will not incur or issue or assume the guarantee for any additional subordinated indebtedness which by its terms or by mandatory provisions of law would rank junior to the Bonds or the claims of the Bondholders under the Subordinated Guarantee in the event of a liquidation, dissolution or insolvency of the Guarantor or composition or other proceedings for the avoidance of insolvency of the Guarantor.

PART E: DESCRIPTION OF GUARANTOR

In this section, references to “we,” “us,” “the Company” or “Siemens” are to Siemens Aktiengesellschaft and, unless the content otherwise requires, to its consolidated subsidiaries.

Overview

Siemens Aktiengesellschaft traces its origins to 1847. Beginning with advances in telegraph technology, the Company quickly expanded its product line and geographic scope, and was already a multi-national business by the end of the 19th century. The Company formed a partnership under the name Siemens & Halske in 1847, reorganised as a limited partnership in 1889 and as a stock corporation in 1897. The Company moved its headquarters from Berlin to Munich in 1949, and assumed its current name as Siemens Aktiengesellschaft, a stock corporation under the Federal laws of Germany, in 1966. The address of our principal executive offices is Wittelsbacherplatz 2, D-80333 Munich, Germany, telephone number +49 (89) 636 00.

During fiscal 2005, Siemens employed an average of 439,400 people and operates in approximately 190 countries worldwide. In fiscal 2005, we had net sales of €75.445 billion. Our balanced business portfolio is based on leadership in electronics and electrical engineering. We have combined this expertise with a commitment to original research and development (R&D) to build strong global market positions in equipment for telecommunications and networking, industrial automation, power generation and medical diagnostics. We are also a major world competitor in rail transportation systems, automotive electronics and lighting. Our businesses operate under a range of regional and economic conditions. In internationally-oriented long-cycle industries, for example, customers have multi-year planning and implementation horizons that tend to be independent of short-term economic trends. Our activities in these areas include power generation, power transmission and distribution, medical solutions and rail systems. In fields with more industry-specific cycles, customers tend to have shorter horizons for their spending decisions and greater sensitivity to current economic conditions. Our activities in these areas include information and communications, automation and drives, and lighting. Some activities, especially information and communications, medical solutions and automotive, are also influenced by technological change and the rate of acceptance of new technologies by end users.

We are a stock corporation organized in the Federal Republic of Germany under the German Stock Corporation Act (*Aktiengesetz*). We are registered in the Commercial Register (*Handelsregister*) maintained by the local courts in Berlin Charlottenburg, Germany, under the entry number 12300, and in Munich, Germany, under the entry number 6684. Copies of our Articles of Association are publicly available from the Commercial Register in Berlin and Munich, and an English translation is filed with the Securities and Exchange Commission in the United States. You can find both of them also on our website http://www.siemens.com/corporate_governance.

Objects and Purposes

According to Section 2 of our Articles of Association, the objects and purposes of our Company are:

- to manufacture, distribute and supply industrial products in the fields of electrical engineering and electronics, mechanical engineering, precision mechanics as well as related sectors of engineering, including research and development in these fields;
- to develop, plan, distribute, supply, assemble and commission trade-specific and customer-specific systems, solutions and facilities in the fields of electrical engineering and electronics, mechanical engineering, precision mechanics as well as related sectors of engineering; and
- to render industrial and other business-related services.

Our Articles of Association authorize us to engage in business of any kind and to take any and all measures related to or useful in promoting our objects. We may also operate domestic and foreign factories, establish branch offices, found, acquire, consolidate with, or participate in other companies, conclude or participate in other management contracts and enter into joint ventures.

Corporate Structure

Our corporate structure consists of thirteen different business Groups active in seven different business areas.

The majority of our business is devoted to providing products and services to customers based on Siemens' historical expertise in innovative electrical engineering and electronics. We refer to this component of our business as Operations, which is divided into the eleven operating Groups. These Groups typically design, manufacture, market, sell, and service products and systems, or help customers use and manage those products and systems. A Group is equivalent to a reportable segment as defined by U.S. GAAP.

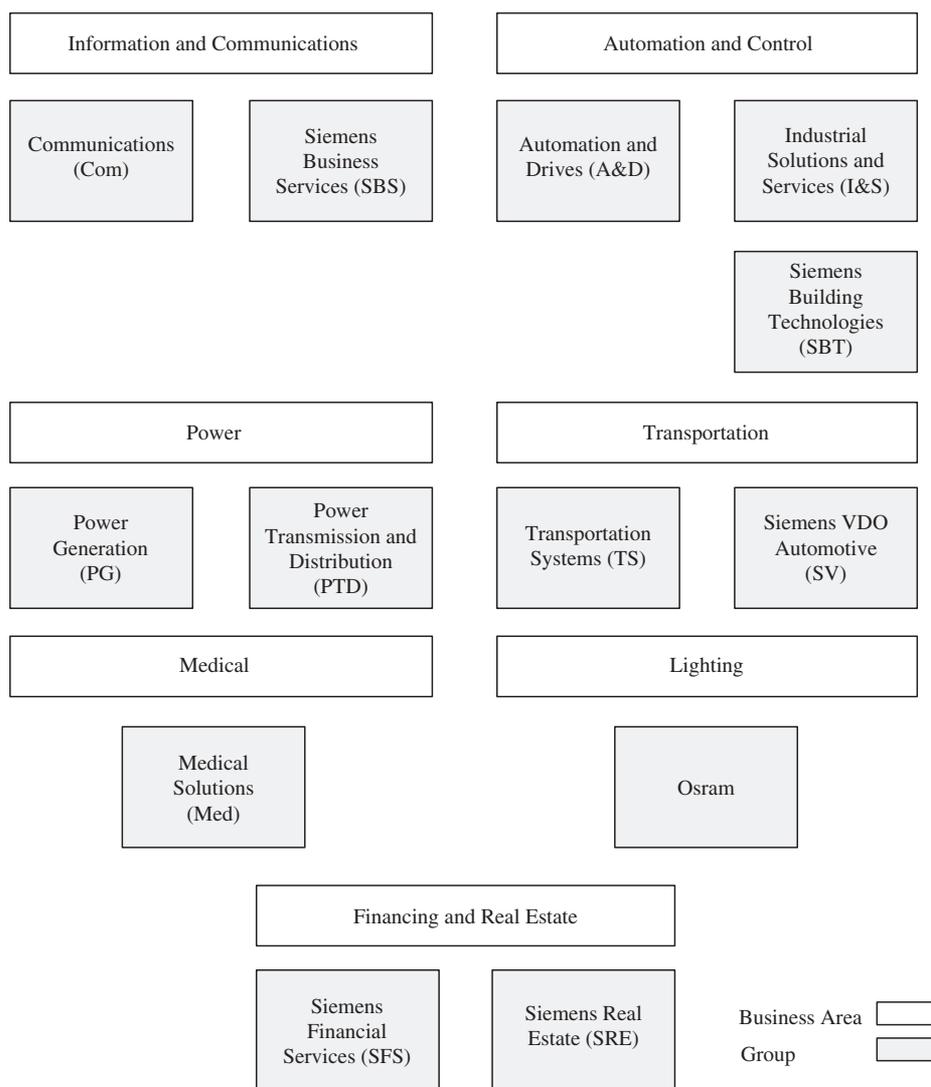

Another component of our Company is made up of two Groups, involved in non-manufacturing activities such as financing, leasing, and real estate. We refer to this component as Financing and Real Estate.

In addition, we hold non-controlling interests in a number of businesses. The most significant of these is our interest in BSH Bosch und Siemens Hausgeräte GmbH, which manufactures consumer household appliances, often referred to as "white goods", Fujitsu Siemens Computers for computers, and Areva NP.

Our business Groups are supported by regional units and central corporate departments. Our regional units include sales units in each region where we operate to complement the sales efforts of our individual business Groups and take advantage of cross-marketing opportunities. Our corporate departments also support the business Groups with financial resources, human resources, planning and development and information and communications infrastructures.

We operate through hundreds of subsidiaries, some of which are organized along the lines of our business Groups and others of which are organized on a geographic basis.

The Company is authorized to repurchase 10% of its common stock existing at the date of the shareholders' resolution. For additional information see "Repurchase of Own Shares."

In the nine months ended June 30, 2006, Siemens repurchased a total of 5,444,818 shares at an average price of €71.47 per share primarily for the purpose of selling them to employees, stock-based compensation plan participants and as settlement to former Siemens Nixdorf Informationssysteme AG (SNI) stockholders. During the nine months ended June 30, 2006, a total of 5,452,876 shares of Treasury Stock were sold. Thereof, 3,687,750 shares were issued to stock-based compensation plan participants to accommodate the exercise of stock options. In addition, in the nine months ended June 30, 2006, 1,759,869 shares were issued to employees under a compensatory employee share purchase plan.

In fiscal 2005, the Company repurchased a total of 3,549,151 shares at an average price of €61.78 per share to accommodate the Company's stock-based compensation plans. In fiscal 2005, 1,690,812 shares were sold in conjunction with the exercise of stock options and 1,849,585 shares were issued to employees under a compensatory employee share purchase program. As of September 30, 2005, 9,004 shares of stock remained in treasury with a carrying amount of €575,350.76.

In fiscal 2004, Siemens repurchased a total of 1,702,776 shares at an average price of €62.24 per share in addition to the 1,184 shares of treasury stock held at beginning of the fiscal year. Of these shares, 1,703,710 were sold to employees. The majority of these shares was sold to employees at a preferential price of €40.90 per share during the second quarter of fiscal 2004. As of September 30, 2004, 250 shares of stock remained in treasury with a carrying amount of €15 thousand.

During the years ending September 30, 2005 and 2004, the Company incurred compensation expense (before income taxes) of €31 million and €35 million, respectively, related to the sale of repurchased shares to employees with respect to its employee share purchase plan.

Dividend Rights

Shareholders participate in profit distributions in proportion to the number of shares they hold. Siemens paid a dividend of €1.35 per share entitled to the dividend in January 2006 with respect to the 2005 fiscal year.

Preemptive Rights

Under the German Stock Corporation Act, our shareholders generally have preemptive rights. Preemptive rights are preferential rights to subscribe for issues of new shares in proportion to the number of shares that a shareholder already holds in the corporation's existing share capital. These rights do not apply to shares issued out of conditional capital or if a capital increase has occurred and our shareholders have waived their preemptive rights in connection with that increase. Preemptive rights also apply to securities other than shares if they may be converted into shares, such as options, securities with warrants, profit-sharing certificates and securities with dividend rights. Under German law, preemptive rights may be transferred separately from the underlying shares and may be traded on any of the German stock exchanges on which our shares are traded until a certain number of days prior to the last date on which the preemptive rights may be exercised.

The German Stock Corporation Act allows companies to exclude or restrict preemptive rights in connection with capital increases only in limited circumstances and only in the same shareholders' resolution that authorizes the capital increase. At least 75% of the share capital represented at the meeting that approves a capital increase has to vote for exclusion or restriction of preemptive rights in connection with that increase. In addition to being approved by the shareholders, any exclusion or restriction of preemptive rights requires a justification, which our Managing Board has to set out in a written report to our shareholders. The justification requires a showing that our interest in excluding or restricting preemptive rights outweighs the shareholders' interest in exercising these

rights. If our Managing Board increases our share capital for cash in accordance with our Articles of Association, it may, for example, exclude preemptive rights:

- to the extent that we have an obligation to grant new shares to holders of warrants or convertible bonds that we or any of our subsidiaries have issued;
- if the newly issued shares represent 10% or less of our existing share capital at the time we register the authorized capital or issue the new shares, and the issue price of the new shares is not substantially less than the stock exchange price as defined under German law; or
- to the extent necessary to avoid fractional amounts that may arise in the case of share issuance upon the exercise of preemptive rights.

In addition, our shareholders have waived their preemptive rights with respect to shares issued to employees, with respect to shares issued in exchange for an in-kind contribution out of authorized capital and with respect to treasury stock; see also “— Repurchase of Own Shares.” Additionally, our shareholders have waived their preemptive rights in certain cases with respect to the issuance of bonds with conversion rights or warrants:

- if the issue price of the bond is not significantly lower than its fair market value determined in accordance with generally accepted actuarial methods;
- if this is necessary with regard to small residual amounts that result from the exchange ratio; or
- to the extent holders of such rights are entitled, upon their exercise, to subscribe for our common shares in order to avoid dilution of the economic value of such rights.

Disclosure Requirement

Our Articles of Association do not require our shareholders to advise us when their holdings exceed specified thresholds. Under the German Securities Trading Act (*Wertpapierhandelsgesetz*), however, holders of the voting securities of German corporations admitted to organized markets on a stock exchange within the European Union or the European Economic Area are required to notify promptly and in writing the company in which they hold the securities and the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*) of the level of their holdings whenever such holdings reach, exceed or fall below certain thresholds. These thresholds are set at 5%, 10%, 25%, 50% or 75% of our outstanding voting rights. If a shareholder fails to notify the company or the German Federal Financial Supervisory Authority as required, he or she cannot exercise any rights associated with the shares for as long as the default continues. Additionally, the German Takeover Act (*Wertpapiererwerbs- und Übernahmegesetz*) requires the publication of the acquisition of “control,” which is defined as holding of at least 30% of the voting rights in a target company, within seven days.

The German Securities Trading Act, amended in October 2004, requires the reporting of certain directors’ dealings. According to the Act, persons discharging managerial responsibilities within a publicly-traded issuer have to notify both the issuer and the German Federal Financial Supervisory Authority about their transactions relating to the issuer’s shares and derivatives or other financial instruments linked to those shares. Certain persons closely associated with these managers, for example spouses, dependent children, or other relatives sharing the same household, are under the same obligation. Similarly, the reporting obligation also applies to legal entities, trusts and partnerships that are managed or controlled by any such manager or associated person, or that are set up for the benefit of such a person, or whose economic interests are substantially equivalent to those of such person. Nevertheless, there is no notification obligation until the total amount of transactions of a covered manager and all his associated persons is at least €5,000 during any calendar year. The issuer is obliged to publish on its website all notifications it receives for a period of at least one month. The respective information can be found on our Internet website at www.siemens.com/directors-dealings.

Repurchase of Own Shares

We may not acquire our own shares unless so authorized by a resolution duly adopted by our shareholders at a general meeting or in other very limited circumstances set out in the German Stock Corporation Act. The German Stock Corporation Act generally limits share repurchases to 10% of our share capital. In addition, any

shareholders' resolution that authorizes us to repurchase shares may not be in effect for a period of longer than 18 months. The resolution presently in effect is valid until July 25, 2007. According to this resolution, shares that are repurchased may be sold via a stock exchange, or (i) retired with the approval of the Supervisory Board; (ii) used to satisfy our obligations under the 1999 Siemens Stock Option Plan and the 2001 Siemens Stock Option Plan; (iii) offered for sale to employees or former employees within the employee share program; or (iv) used to service the conversion or option rights granted by us or our subsidiaries in connection with the issuance of bonds. In addition, the Supervisory Board is authorized to offer repurchased shares to the members of the Managing Board of Siemens under the same terms and conditions as those offered to employees of Siemens. Additionally, the Supervisory Board may grant and transfer such shares to members of the Managing Board as stock-based compensation with a holding period of at least two years.

Jurisdiction

Our Articles of Association provide that by subscription to or by otherwise acquiring shares or temporary certificates for shares, a shareholder submits to the jurisdiction of the courts of our legal domicile in all disputes with us or our governing bodies.

Supervisory Board

As required by our Articles of Association and German law, our present Supervisory Board consists of 20 members. Ten were elected by our shareholders and ten were elected by our employees. The shareholders may remove any member of the Supervisory Board they have elected in a general meeting by a simple majority of the votes cast by the shareholders in a general meeting. The employee representatives may be removed by the employee assembly which elected them with a majority of three-quarters of the votes cast.

The Supervisory Board elects a chairman and two deputy chairmen from among its members. The election of the chairman and the first deputy chairman requires a two-thirds majority vote. If either the chairman or the first deputy chairman is not elected by a vote of two-thirds of the members of the Supervisory Board, the shareholder representatives elect the chairman and the employee representatives elect the first deputy chairman by a simple majority of the votes cast. The board elects a second deputy chairman by simple majority vote. The Supervisory Board normally acts by simple majority vote, unless otherwise required by law, with the chairman having a deciding vote in the event of a second deadlock.

The Supervisory Board meets at least twice during each half year, normally five times each year. Its main functions are:

- to monitor the management of the Company;
- to appoint and dismiss members of our Managing Board;
- to represent the Company in its dealings with the Managing Board or when its interests are adverse to those of the Managing Board, for example, when the Company enters into an employment agreement with a Managing Board member, the Supervisory Board determines the salary and other compensation components, including pension benefits; and
- to approve matters in any areas that the Supervisory Board has made subject to its approval, either generally or in a specific case.

The members of the Supervisory Board are each elected for a maximum term of about five years. The term expires at the end of the annual shareholders' meeting in which the shareholders discharge the Supervisory Board member for the fourth fiscal year following the fiscal year in which he or she was elected. Our Articles of Association establish the compensation of the Supervisory Board members.

All of the current shareholder representatives on the Supervisory Board were elected by the shareholders at the annual meeting of shareholders held on January 23, 2003 (except for Prof. Dr. v. Pierer, who was elected by the shareholders at the annual meeting of shareholders held on January 27, 2005 and Mr. Speyer, who was appointed to the Supervisory Board effective July 14, 2003 by the courts of Munich and Berlin Charlottenburg and who was elected by the shareholders at the annual meeting of shareholders held on January 22, 2004), and

The Audit Committee

The audit committee of the Supervisory Board (Audit Committee) consists of three shareholder representatives and two employee representatives. The Supervisory Board monitors the independence of the members of the committee and sees to it that they have special knowledge and experience in the application of accounting principles and internal control processes.

The Audit Committee oversees the appropriateness and the effectiveness of the Company's external and internal accounting processes. Together with the independent auditors, it also reviews the Company's financial statements prepared quarterly and annually by management. On the basis of the independent auditors' report on the annual financial statements, the Audit Committee makes a recommendation to the Supervisory Board whether or not it should approve those financial statements. In addition, the Audit Committee oversees the Company's internal control system and its procedures for assessing, monitoring and managing risk. It also monitors statutory and regulatory compliance. The Company's Financial Audit Department reports regularly to the Audit Committee. In addition, the Audit Committee monitors the independence, qualifications, rotation and performance of the independent auditors and performs the other functions required of it under the U.S. Sarbanes-Oxley Act.

As of August 21, 2006, the Audit Committee consists of the following members of the Supervisory Board: Dr. Gerhard Cromme (Chairman), Prof. Dr. Heinrich v. Pierer, Heinz Hawreliuk, Ralf Heckmann and Dr. Henning Schulte-Noelle. In accordance with the requirements of the U.S. Sarbanes-Oxley Act, the Supervisory Board has determined that Dr. Henning Schulte-Noelle qualifies to serve as Audit Committee financial expert.

Managing Board

Our Managing Board currently consists of 13 members. Under our Articles of Association, our Supervisory Board determines the Managing Board's size, although it must have more than one member. Under German law, the Managing Board is responsible for all management matters, including the following which are specifically reserved to the Managing Board:

- preparation of the annual financial statements;
- the calling of the Annual Shareholders' Meeting and preparation and execution of the resolutions; and
- reports to the Supervisory Board and the Annual Shareholders' Meeting concerning certain matters.

The Managing Board, with the approval of the Supervisory Board, has adopted Bylaws for the conduct of its affairs. Pursuant to the current Bylaws of the Managing Board, a Corporate Executive Committee has been created. This Corporate Executive Committee consists exclusively of members of the Managing Board and is authorized to make all management decisions, in particular strategic decisions that are not specifically reserved to the full Managing Board by law, our Articles of Association or the Bylaws of the Managing Board. The Bylaws of the Managing Board state that the maximum number of Corporate Executive Committee members should not exceed nine. The Bylaws require that the Chief Executive Officer and his deputies, if any, the Chief Financial Officer and the member of the Managing Board who heads Corporate Human Resources (Corporate Personnel Department) all be members of the Corporate Executive Committee. Appointments of the remaining unspecified members of the Corporate Executive Committee require the approval of the Supervisory Board. Our current Corporate Executive Committee consists of President and Chief Executive Officer, Klaus Kleinfeld; Executive

Vice-President and Chief Financial Officer, Joe Kaeser; as well as Executive Vice-Presidents, Johannes Feldmayer, Thomas Ganswindt, Edward G. Krubasik, Rudi Lamprecht, Jürgen Radomski, Uriel J. Sharef and Klaus Wucherer.

Other committees of our Managing Board are authorized to make certain decisions without seeking the approval of the full Managing Board. The Managing Board's committees include an Equity Committee, responsible for certain capital measures. The members of this committee are President and Chief Executive Officer, Klaus Kleinfeld; Executive Vice-President and Chief Financial Officer, Joe Kaeser, and Executive Vice-President, Jürgen Radomski. The Managing Board has also established a Committee Responsible for the Issuance of Employee Stock, including the determination of the terms of such issuances. The members of this committee are President and Chief Executive Officer, Klaus Kleinfeld; Executive Vice-President and Chief Financial Officer, Joe Kaeser, and Executive Vice-President, Jürgen Radomski.

The Supervisory Board appoints the members of the Managing Board for a maximum term of five years. They may be re-appointed or have their term extended for one or more terms of up to a maximum of five years each. The Supervisory Board may remove a member of the Managing Board prior to the expiration of his or her term for good cause. According to the Managing Board's Bylaws, the age of a member of the Managing Board shall not exceed 65.

The Bylaws require the Managing Board to take action by a two-thirds majority vote unless applicable law requires a larger majority. In practice, the Managing Board reaches its decisions by consensus.

As of August 21, 2006, the Managing Board consisted of the following members:

Dr. Klaus Kleinfeld, President and CEO

Johannes Feldmayer, Executive Vice-President

Dr. Thomas Ganswindt, Executive Vice-President

Joe Kaeser, Executive Vice-President and CFO

Prof. Dr. Edward G. Krubasik, Executive Vice-President*

Declaration of Conformity with the Codex

At their meetings on November 8 and 9, 2005, respectively, the Managing Board and the Supervisory Board approved the following Declaration of Conformity pursuant to § 161 of the German Stock Corporation Act:

Siemens AG fully complies with the recommendations of the German Corporate Governance Code (Codex) in the version of June 2, 2005 and will also fully comply with them in the future. Since the last Declaration of

* Term expires September 30, 2006.

Conformity dated November 10, 2004, Siemens AG complied with the Codex in the version of May 21, 2003 except in one respect (our D&O insurance included no deductible). This exception is inapplicable since October 1, 2005.

Auditors

The auditors of Siemens Aktiengesellschaft and its subsidiaries are KPMG Deutsche Treuhand-Gesellschaft Aktiengesellschaft Wirtschaftsprüfungsgesellschaft, Berlin and Frankfurt am Main, with a business address at Ganghoferstraße 29, D-80339 Munich (KPMG). KPMG is a member of the Chamber of Public Accountants (*Wirtschaftsprüferkammer, Körperschaft des öffentlichen Rechts*), Berlin, Germany.

KPMG has audited the annual consolidated financial statements as of and for the year ended September 30, 2005 and 2004 and issued an unqualified opinion.

Related Party Transactions

Some of our board members hold, or in the last year have held, positions of significant responsibility with other entities. We have relationships with almost all of these entities in the ordinary course of our business whereby we buy and sell a wide variety of products and services on arm's length terms. Dr. Josef Ackermann is the Chairman of the Management Board of Deutsche Bank AG. Our transactions with Deutsche Bank AG are conducted on arm's length basis and include securities underwriting, other investment banking services, and credit, money market and foreign exchange business.

Pursuant to the by-laws of the Managing and the Supervisory Board, the members of these bodies are obliged to give notice of any potential conflicts of interest. As of the date of this Prospectus, no such notification has been received.

During the last fiscal year, there were no loans outstanding to members of our management.

We have a number of significant joint ventures and other equity investments in large companies. We have relationships with many of these entities in the ordinary course of business whereby we buy and sell a wide variety of products and services on arm's length terms. Our most significant equity investments are our joint ventures BSH Bosch und Siemens Hausgeräte, Fujitsu Siemens Computers and Areva NP. In April 2006, SBS sold its Product Related Services (PRS) business to Fujitsu Siemens Computers (Holding) BV on arm's-length terms.

Major Shareholders

As of October 15, 2005, the von Siemens Vermögensverwaltungs GmbH (vSV) held approximately 1.2% of our outstanding shares in trust for, and, in addition, had a power of attorney allowing it to vote approximately 4.3% of our outstanding shares on behalf of, members of the Siemens family and family-sponsored foundations. To the extent these shares are voted on behalf of members of the Siemens family or family-sponsored foundations, these shares are voted together by the vSV. The vSV exercises its voting power in respect of these shares upon approval by the chairman of its shareholders' meeting. As a result, the chairman has voting power over these Siemens shares. The current chairman is Mr. Peter von Siemens, who is also a member of our Supervisory Board. To our knowledge and based on public filings, there is no other single person that may be considered a beneficial owner of 5% or more of our outstanding shares.

As of November 4, 2005, we had approximately 0.9 million shareholders. Approximately 57,600 were U.S. holders, of which approximately 300 were holders of record. Based on our share register, U.S. holders held approximately 12% of our ordinary shares as of September 30, 2005.

Legal and Arbitration Proceedings

We have requested arbitration against the Republic of Argentina before the International Center for Settlement of Investment Disputes (ICSID) of the World Bank. We claim that Argentina unlawfully terminated our contract for the development and operation of a system for the production of identity cards, border control,

collection of data and voters' registers and thereby violated the Bilateral Investment Protection Treaty between Argentina and Germany (BIT). We are seeking damages for expropriation and violation of the BIT of approximately US\$500 million. Argentina has disputed jurisdiction of the ICSID arbitration tribunal and has argued in favour of jurisdiction of the Argentine administrative courts. The arbitration tribunal rendered a decision on August 4, 2004, finding that it has jurisdiction over Siemens' claims and that Siemens is entitled to present its claims. A hearing on the merits of the case took place before the ICSID arbitration tribunal in Washington in October 2005. A decision on the merits is not expected before the end of summer 2006.

As previously reported, Italian and German prosecutors have been investigating allegations that former Siemens employees provided improper benefits to former employees of Enel in connection with the awarding of Enel contracts. We are cooperating with the authorities. German prosecutors brought charges against two of the investigated former employees in March 2006. In Italy, Siemens AG has entered into a so-called "patteggiamento" (plea bargaining agreement without the admission of any guilt or responsibility) with the Italian prosecutors. Siemens agreed to pay a €0.5 million fine and to give up €6.121 million of profit relating to the Enel-contracts. In addition, Siemens accepted a one-year ban prohibiting it from entering into contracts with the Italian public administration. This part of the patteggiamento has already been discharged through the one-year ban imposed on Siemens by preliminary injunction that expired on May 14, 2005. The patteggiamento is scheduled to enter into force on September 24, 2006.

In May 2004, the European Commission launched an investigation into possible anti-trust violations involving the major European producers of high-voltage gas-insulated switchgear, including Siemens AG and VA Tech, which Siemens acquired in July 2005. Gas-insulated switchgear is electrical equipment used as a major component for turnkey power substations. We have cooperated with the investigation. The final decision has not been announced so far.

On December 22, 2005, the Hungarian antitrust-authority has announced an administrative order imposing a fine of EUR 320,000 on Siemens AG and EUR 640,000 on VA Tech. We have appealed against the decision. The court of first instance set the first hearing to October 24, 2006.

Furthermore, authorities in Australia, Brazil and New Zealand are conducting investigations into the same possible antitrust violations.

German prosecutors are conducting an investigation against certain Siemens' employees regarding allegations that they participated in fraud and in providing improper benefits related to the awarding of an EU contract for the refurbishment of a power plant in Serbia. The investigation is still ongoing.

A Mexican governmental control authority has barred Siemens Mexico from bidding on public contracts for a period of three years and nine months beginning November 30, 2005. This proceeding arose from allegations that Siemens Mexico did not disclose alleged minor tax discrepancies when it was signing a public contract in 2002. Upon appeal of Siemens Mexico, the execution of the, in our opinion unjustified, debarment was stayed on December 13, 2005 and subsequently reduced to a period of four months. Upon further appeal, the execution of the reduced debarment was stayed by the competent Mexican court on April 19, 2006. The final decision on the appeal has not been announced so far.

On January 19, 2006, the U.S. Attorney for the Northern District of Illinois charged Siemens Medical Solutions US (SMS) with committing mail and wire fraud in connection with a bid on a public contract for radiological equipment in the year 2000. The charges are based on alleged non-compliance with certain bidding terms and alleged misconduct during a trial related to the fulfilment of such terms. The bidding terms of the public contract were later ruled unconstitutional. SMS, which has cooperated with the government's investigation, considers the allegations as unjustified and intends to oppose them in court. The court proceedings are scheduled for March 2007.

On February 24, 2006, Siemens received a subpoena from the U.S. Securities and Exchange Commission (SEC) requiring the production of certain documents relating to the Oil-for-Food Programme and to certain other matters. Siemens is cooperating with the SEC. The SEC has not announced a schedule for the completion of its inquiry. Furthermore, a French investigating magistrate has started a preliminary investigation regarding the participation of French companies — among others Siemens France S.A.S. — in the Oil-for-Food Programme.

Siemens AG and its subsidiaries have been named as defendants in various other legal actions and proceedings arising in connection with their activities as a global diversified group. Some of these pending proceedings have been previously disclosed. Some of the legal actions include claims for substantial compensatory or punitive damages or claims for indeterminate amounts of damages. In the ordinary course of business, Siemens may also be involved in investigations and administrative and governmental proceedings. Given the number of legal actions and other proceedings to which Siemens is subject, some may result in adverse decisions. Siemens believes it has defences to these actions and contests them when appropriate. In view of the inherent difficulty of predicting the outcome of such matters, particularly in cases in which claimants seek substantial or indeterminate damages, Siemens often cannot predict what the eventual loss or range of loss related to such matters will be. Although the final resolution of these matters could have a material effect on Siemens' consolidated operating results for any reporting period in which an adverse decision is rendered, Siemens believes that its consolidated financial position should not be materially affected.

Recent Developments

Since September 30, 2005, we have announced the following notable developments in our business:

- During the third quarter of fiscal 2006, Medical Solutions (Med) announced two acquisitions. The first acquisition involves Diagnostics Products Corporation, USA (DPC). The preliminary purchase price amounts to approximately U.S. \$1.9 billion (approximately €1.5 billion). The transaction was completed at the end of July 2006. In June 2006, Siemens also signed an agreement to acquire the diagnostics division of Bayer Aktiengesellschaft, Germany for a preliminary purchase price of approximately €4.2 billion. The transaction, which is subject to regulatory approval and other customary closing conditions, is expected to close early in fiscal 2007.
- At the beginning of April 2006, Siemens Business Services (SBS) closed the sale of its Product Related Services (PRS) business to Fujitsu Siemens Computers (Holding) BV.
- In June 2006, Siemens and Nokia Corporation (**Nokia**) also announced the intention to contribute the carrier-related operations of Siemens, which are part of Communications (Com), and the Networks Business Group of Nokia into a new company, to be called Nokia Siemens Networks (**NSN**), in exchange for shares in NSN. Siemens and Nokia will both own 50% of NSN. Siemens expects to account for its investment in NSN using the equity method. The transaction is expected to close by the second quarter of fiscal 2007 at the latest and is subject to customary regulatory approvals, the completion of standard closing conditions, and agreement on a number of detailed implementation steps. Siemens expects to realize a gain on this transaction.
- Also in the third quarter, the Company sold the majority of the VA Tech power generation business, including the hydropower activities, to Andritz AG Austria. The sale was completed in May 2006.
- In June 2006, Siemens agreed to divest the distribution and industry logistics as well as material handling products (Dematic) businesses, pending regulatory approval. The transaction is expected to close in the fourth quarter of fiscal 2006 and will result in a loss for the period.
- In March 2006, the Company sold its remaining interest in Epcos AG.
- In April 2006, the Company completed the sale of its remaining interest in Infineon Technologies AG.

PART F: TAXATION

The information provided below does not purport to be a complete summary of tax law and practice currently applicable in any of the jurisdictions mentioned and is subject to any changes in law and the interpretation and application thereof, which changes could be made with retroactive effect. Prospective investors who are in any doubt as to their tax position should consult with their own professional advisers.

Prospective purchasers of Bonds are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of the Bonds, including the effect of any state or local taxes under the tax laws of Austria, Germany, Ireland, Luxembourg, The Netherlands and the United Kingdom, and each country of which they are residents.

The information contained within the following sections is limited to withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Bonds (save for the tax sections relating to Germany and The Netherlands which describe other taxes as well, which, however, do not purport to set out a complete analysis of all Netherlands or German tax considerations relating to the Bonds), and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Bonds. The respective tax sections are based on the laws of the United Kingdom, Germany, Ireland, Austria, The Netherlands and Luxembourg currently in force and as applied on the date of this Prospectus, which may be subject to change, possibly with retroactive or retrospective effect. The comments are made on the assumption that the Issuer is not resident for tax purposes, and is not carrying on any trade or business, in Austria, Germany, Ireland, Luxembourg, The Netherlands or the United Kingdom for tax purposes of each of the before mentioned jurisdictions. The comments in the tax sections below (save for the Austrian tax sections) relate only to the position of persons who are absolute beneficial owners of the Bonds. The following tax sections are a general guide and should be related with appropriate caution. Bondholders who are in any doubt as to their tax position should consult their professional advisors. Bondholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Bonds even if such payments may be made without withholding or deduction for or on account of taxation under the laws of Austria, Germany, Ireland, Luxembourg, The Netherlands and the United Kingdom. Bondholder being individuals resident in an EU Member State, in certain non-EU-countries or certain dependent or associated territories of certain EU Member States, who receive interest payments under this Bond (instead of from a person within another EU member state, certain non-EU-countries or certain dependent or associated territories of certain EU Member States), may be subject to the regulations of the EU Savings Directive (as implemented in the respective EU Member State) or certain reciprocal agreements as set out below in this Part F under "EU Savings Directive".

Luxembourg

Withholding Tax

All payments of interest and principal by the Issuer under the Bonds can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law subject however to:

- (i) the application of the Luxembourg law of June 21, 2005 implementing the European Union Savings Directive (see paragraph "EU Savings Directive" below, which may be applicable in the event of the Issuer appointing a paying agent in Luxembourg within the meaning of the above-mentioned directive).
- (ii) the application as regards Luxembourg resident individuals of the Luxembourg law of December 23, 2005 which has introduced a 10% final withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg law of June 21, 2005 implementing the European Union Savings Directive). This law should apply to savings income accrued as from July 1, 2005 and paid as from January 1, 2006.

Responsibility for the withholding of tax in application of the above-mentioned Luxembourg laws of June 21, 2005 and December 23, 2005 is assumed by the Luxembourg paying agent within the meaning of these laws and not by the Issuer.

The Netherlands

1. Withholding Tax

All payments by the Issuer of interest and principal under the Bonds can be made free of withholding or deduction of any taxes of whatsoever nature imposed, levied, withheld or assessed by The Netherlands or any political subdivision or taxing authority thereof or therein.

2. Taxes on Income and Capital Gains

A Bondholder who derives income from a Bond or who realises a gain on the disposal or redemption of a Bond will not be subject to Netherlands taxation on such income or capital gains unless:

- (i) the Bondholder is or is deemed to be resident in The Netherlands, or, where the Bondholder is an individual, such Bondholder has elected to be treated as a resident of The Netherlands; or
- (ii) such income or gain is attributable to an enterprise or part thereof which is either effectively managed in The Netherlands or carried on through a permanent establishment (*vaste inrichting*) or permanent representative (*vaste vertegenwoordiger*) in The Netherlands; or
- (iii) the Bondholder has, directly or indirectly, a substantial interest (*aanmerkelijk belang*) or a deemed substantial interest in the Issuer and, if the Bondholder is not an individual, such interest does not form part of the assets of an enterprise; or
- (iv) the Bondholder is an individual and such income or gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in The Netherlands as defined in the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*).

3. Gift, Estate or Inheritance Taxes

Dutch gift, estate or inheritance taxes will not be levied on the occasion of the transfer of a Bond by way of gift by, or on the death of, a Bondholder, unless:

- (i) the Bondholder is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or as a gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in The Netherlands for the purpose of the relevant provisions; or
- (iii) such Bond is attributable to an enterprise or part thereof which is either effectively managed in The Netherlands or carried on through a permanent establishment or a permanent representative in The Netherlands.

4. Value Added Tax

There is no Dutch value added tax payable by a Bondholder in respect of payments in consideration for the issue of the Bonds or in respect of the payment of interest or principal under the Bonds, or the transfer of the Bonds.

5. Other Taxes and Duties

There is no Dutch registration tax, stamp duty or any other similar tax or duty payable in The Netherlands by a Bondholder in respect of or in connection with the execution, delivery and/or enforcement by legal proceedings

(including any foreign judgement in the courts of The Netherlands) of the Bonds or the performance of the Issuer's obligations under the Bonds.

Federal Republic of Germany

1. Tax Residents

Interest Payments

Interest paid to a Bondholder resident in Germany (a person whose residence, habitual abode, statutory seat, or place of effective management and control is located in Germany) including any consideration invoiced separately for such portion of the interest of the current interest payment period which is attributable to the period up to the disposition of the Bond (**Accrued Interest**) is subject to German personal or corporate income tax. On the basis of the assessed personal or corporate income tax, solidarity surcharge (*Solidaritätszuschlag*) of 5.5% is levied. In addition, if Bonds are held as assets of a German commercial business, any interest is subject to trade tax. Accrued Interest paid by an individual upon the acquisition of Bonds may give rise to negative income and may, therefore, reduce the personal tax liability of such Bondholder.

If the Bonds are held in a custodial account which the German resident Bondholder maintains with a German branch of a German or non-German credit institution or financial services institution (the **Disbursing Agent** — *inländische Zahlstelle*) a 30% withholding tax on interest payments (*Zinsabschlag*), plus 5.5% solidarity surcharge on such tax, will generally be levied, resulting in a total withholding tax charge of 31.65% of the gross interest payment. Withholding tax is also imposed on Accrued Interest. Withholding tax and the solidarity surcharge thereon are credited as prepayments against the German personal or corporate income tax and the solidarity surcharge liability of the German tax resident Bondholder. Amounts overwithheld will entitle the Bondholder to a refund, based on an assessment to tax.

No tax is withheld by the Disbursing Agent if the Bondholder is an individual who has filed a withholding exemption certificate (*Freistellungsauftrag*) with the Disbursing Agent and the respective Bonds are not part of a German trade or business property or generate income from the letting and leasing of property. However, this exemption applies only to the extent that the aggregate interest income derived from the Bonds after deduction of Accrued Interest paid upon the acquisition of the Bonds together with an individual's other investment income administered by the Disbursing Agent does not exceed the respective applicable maximum annual exemption amount shown on the withholding exemption certificate plus the flat deductible expense allowance. Further, no withholding obligation exists, if the Bondholder submits a certificate of non-assessment (*Nichtveranlagungsbescheinigung*) issued by the local tax office to the Disbursing Agent.

Sale or Redemption of Bonds

The Bonds may qualify as a financial innovation (*Finanzinnovation*) within the meaning of § 20 para. 2 sentence 1 no. 4 of the German Income Tax Act (*Einkommensteuergesetz*) — which includes, among other things, floating rate notes —, in which case gains from the sale, assignment or redemption of Bonds are considered as interest and are subject to personal income tax as well as solidarity surcharge at a rate of 5.5% thereon. In the absence of a predetermined yield to maturity (*Emissionsrendite*) of the Bonds attributable to the period over which the Bondholder has held such Bond, the taxable gain from the sale, assignment or redemption of Bonds would be calculated as the difference between the proceeds from the disposition, assignment or redemption and the issue or purchase price of the Bond (*Marktrendite*).

Should the Bonds not be a financial innovation, for individual Bondholders gains (other than Accrued Interest and certain other amounts) from the sale, assignment or redemption of Bonds are only taxable if the Bonds are held for not more than one year. If the aggregate amount of private capital gains of the respective individual Bondholder for the calendar year is less than €512, such capital gains are not subject to income tax. The deductibility of losses would be restricted.

If the Bonds are held by a German tax resident corporation gains from the sale, assignment or redemption of the Bonds are subject to corporation tax and solidarity surcharge. If the Bondholder is a German tax resident

corporation or for other reasons qualifies as a trade (*Gewerbebetrieb*) for German trade tax purposes, gains from the sale, assignment or redemption of the Bonds are also subject to trade tax.

If the Bonds qualify as financial innovations, as explained above, and if the Bonds are held in a custodial account maintained with a Disbursing Agent since the acquisition of the Bonds, withholding tax at a rate of 30% (plus solidarity surcharge of 5.5% thereon) will also be withheld from the difference between the proceeds from the disposition, assignment or redemption and the issue or purchase price of the Bonds if the Bonds have been kept in a custodial account with such Disbursing Agent since the time of issuance or acquisition, respectively. If the Bonds have been transferred into the custodial account of the Disbursing Agent only after such point in time, withholding tax at the aforementioned rate will be levied on a lump-sum basis on 30% of the proceeds from the disposition, assignment or redemption of the Bonds. In computing the tax to be withheld the Disbursing Agent may deduct from the basis of the withholding tax any Accrued Interest paid by the Bondholder to the Disbursing Agent during the same calendar year. Withholding tax and the solidarity surcharge thereon are credited as prepayments against the German personal or corporate income tax and the solidarity surcharge liability of the German tax resident Bondholder. Amounts overwithheld will entitle the Bondholder to a refund, based on an assessment to tax. In general, no withholding tax will be levied if the requirements outlined above under “Tax Residents — Interest Payments” in relation to the withholding exemption certificate or the certificate of non-assessment are met.

2. Non-Residents

Interest paid to a Bondholder and capital gains realized by a Bondholder not being resident in Germany will generally not be taxable in Germany and no tax will be withheld (even if the Bonds are kept with a Disbursing Agent). Exemptions apply, for example, if (i) the Bonds are held as a business asset of a German permanent establishment or by a permanent representative of the non-resident Bondholder, if (ii) the interest income of such Bonds does otherwise constitute German source income as defined in the German Income Tax Act and if (iii) the non-resident Bondholder does not comply with the procedural rules to prove his status as a non-tax resident person. In these cases, the Bondholder not being resident in Germany will be subject to a tax regime similar to that described above under “Taxation in the Federal Republic of Germany — Tax Residents.”

Inheritance and Gift Tax

No inheritance or gift taxes with respect to any Bond will arise under the laws of Germany, if, in the case of inheritance tax, neither the decedent nor the beneficiary, or, in the case of gift tax, neither the donor nor the donee, is a resident of Germany and such Bond is not attributable to a German trade or business for which a permanent establishment is maintained, or a permanent representative has been appointed, in Germany. Exceptions from this rule apply to certain German citizens who previously maintained a residence in Germany. Double taxation treaties may provide for exceptions to the domestic inheritance and gift tax rules.

Other taxes

No stamp, issue, registration or similar direct or indirect taxes or duties will be payable in Germany in connection with the issuance, delivery or execution of the Bonds. Currently, net assets tax is not levied in Germany.

United Kingdom

1. United Kingdom Withholding Tax

Interest on the Bonds may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax except in circumstances where such interest has a United Kingdom source. Interest on Bonds may have a United Kingdom source where, for example, the interest is paid out of funds maintained in the United Kingdom. Interest which has a United Kingdom source (**UK interest**) may be paid by the Issuer without withholding or deduction for or on account of United Kingdom income tax if the Bonds in respect of which the UK interest is paid constitute “quoted Eurobonds”. Bonds which carry a right to interest will constitute quoted Eurobonds provided they are and continue to be listed on a recognised stock exchange. On the

basis of Her Majesty's Revenue and Customs' (HMRC) published interpretation of the relevant legislation, Bonds which are to be listed on a stock exchange in a country which is a member state of the European Union or which is part of the European Economic Area will satisfy this requirement if they are listed by a competent authority in that country and are admitted to trading on a recognised stock exchange in that country; securities which are to be listed on a stock exchange in any other country will satisfy this requirement if they are admitted to trading on a recognised stock exchange in that country. The Luxembourg Stock Exchange is a recognised stock exchange for these purposes. In all other cases, UK interest on the Bonds may fall to be paid under deduction of United Kingdom income tax at the lower rate (currently 20%) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply.

2. Payments by Guarantor

If the Guarantor makes any payments in respect of interest on the Bonds (or other amounts due under the Bonds other than the repayment of amounts subscribed for the Bonds) and either the interest on (or other amounts due under) the Bonds or any payments made by the Guarantor have a United Kingdom source (and such interest, amounts or payments may have a United Kingdom source where, for example, they are paid out of funds maintained in the United Kingdom), such payments by the Guarantor may be subject to United Kingdom withholding tax at the basic rate (currently 22%) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply. Such payments by the Guarantor may not be eligible for the exemptions described in 1 above.

3. Provision of Information

Bondholders should note that where any interest on Bonds is paid to them (or to any person acting on their behalf) by any person in the United Kingdom acting on behalf of the Issuer (a **paying agent**), or is received by any person in the United Kingdom acting on behalf of the relevant Bondholder (other than solely by clearing or arranging the clearing of a cheque) (for the purposes of this paragraph, a **collecting agent**), then the paying agent or the collecting agent (as the case may be) may, in certain cases, be required to supply to the United Kingdom HMRC details of the payment and certain details relating to the Bondholder (including the Bondholder's name and address). These provisions will apply whether or not the interest has been paid subject to withholding or deduction for or on account of United Kingdom income tax and whether or not the Bondholder is resident in the United Kingdom for United Kingdom taxation purposes. Where the Bondholder is not so resident, the details provided to the United Kingdom HMRC may, in certain cases, be passed by the United Kingdom HMRC to the tax authorities of the jurisdiction in which the Bondholder is resident for taxation purposes. For the above purposes, "interest" should be taken, for practical purposes, as including payments made by a guarantor in respect of interest on Bonds.

With effect from 6 April 2007, the provisions referred to above may also apply, in certain circumstances, to payments made on redemption of any Bonds where the amount payable on redemption is greater than the issue price of the Bonds.

4. Other Rules Relating to United Kingdom Withholding Tax

- (i) Any discount element on any Bonds issued at an issue price of less than 100 per cent of their principal amount will not be subject to any United Kingdom withholding tax pursuant to the provisions mentioned in 1 above, but may be subject to reporting requirements as outlined in 3 above.
- (ii) Where Bonds are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax and reporting requirements as outlined above.
- (iii) Where interest has been paid under deduction of United Kingdom income tax, Bondholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

- (iv) The references to “interest” in 1 to 3 above mean “interest” as understood in United Kingdom tax law. If the Issuer increases the principal amount of a Bond (*in lieu* of a payment of cash) such increase will be treated for United Kingdom withholding tax purposes as a payment of interest (equal to the amount of the increase) at the time the Bond is redeemed. The statements in 1 to 3 above do not take any account of any different definitions of “interest” or principal” which may prevail under any other law or which may be created by the terms and conditions of the Bonds or any related documentation.
- (v) The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer as issuer of the Bonds pursuant to § 13 of the Conditions of Issue or otherwise and does not consider the tax consequences of any such substitution.

Ireland

1. Withholding Tax

The Issuer is not incorporated in Ireland. Therefore, on the basis that the Issuer is not managed and controlled in Ireland, the Issuer is not resident in Ireland for the purposes of Irish tax. The Issuer will not be deemed to be resident or otherwise taxable in Ireland by virtue only of the fact that the Bonds are offered to the public in Ireland.

Irish withholding tax applies to certain payments including payments of:

- (i) Irish source yearly interest (i.e.; interest that is capable of arising for a period in excess of one year);
- (ii) Irish source annual payments (annual payments are payments that are pure income-profit in the hands of the recipient);
- (iii) and distributions (including interest that is treated as a distribution under Irish law) made by Irish resident companies,

at the standard rate of Irish income tax (currently 20 per cent.).

On the basis that the Issuer is not resident in Ireland for the purposes of Irish tax and does not operate in Ireland through a branch or agency, then, to the extent that payments of interest or annual payments arise on the Bonds, such payments would not be regarded as payments having an Irish source for the purposes of Irish taxation. Separately, Irish dividend withholding tax does not apply to distributions made by companies that are not Irish tax resident. Accordingly, on the basis that the Issuer is not managed or controlled in Ireland and does not operate in Ireland through a branch or agency, the Issuer will not be obliged to deduct any amounts on account of Irish income tax from payments on the Bonds.

2. Encashment tax

Interest or distributions on any Bonds issued by the Issuer paid:

- (i) by a paying agent in Ireland; or
- (ii) to an agent in Ireland on behalf of a Bondholder,

will be subject to Irish encashment tax at the standard rate of Irish income tax (currently 20 per cent.) unless it is proved, on a claim made in the required manner to the Irish Revenue Commissioners, that the beneficial owner of the Bonds entitled to the interest or distribution is not resident in Ireland and such interest or distribution is not deemed, under the provisions of Irish tax legislation, to be income of another person that is resident in Ireland.

Republic of Austria

Withholding Tax

Under Austrian tax law currently in force, if interest on bonds (*Forderungswertpapiere*) in the sense of sec. 93(3) of the Austrian Income Tax Act (*Einkommensteuergesetz*) is paid out by an Austrian paying agent

(*inländische kuponanzahlende Stelle*), then such payments are subject to a withholding tax of 25% (*Kapitalertragsteuer*).

In case of corporations subject to unlimited corporate income tax liability (*unbeschränkte Körperschaftsteuerpflicht*) in Austria, under the conditions set forth in sec. 94(5) of the Austrian Income Tax Act no withholding tax is levied. In case of private foundations (*Privatstiftungen*) pursuant to the Austrian Private Foundations Act (*Privatstiftungsgesetz*), under the conditions set forth in sec. 94(11) of the Austrian Income Tax Act no withholding tax is levied. Pursuant to the current practice of the Austrian tax authorities, non-residents of Austria having no other relation to Austria than the mere holding of the Bonds can in general avoid the withholding tax from falling due by furnishing proof of non-residency to the Austrian paying agent.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the **EU Savings Tax Directive**), each EU Member State is required, from 1 July 2005, to provide to the tax authorities of another EU Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other EU Member State; however, for a transitional period, Austria, Belgium and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35%.

Also with effect from July 1, 2005, a number of non-EU countries, and certain dependent or associated territories of certain EU Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a EU Member State. In addition, the member states have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a member state to, or collected by such a person for, an individual resident in one of those territories.

United States of America

Neither the Bonds nor the Subordinated Guarantee nor the Subordinated Undertaking have been, or will be, registered under the Securities Act, and may not be offered or sold within the United States of America or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act. Terms used in the preceding sentence have the meanings given to them by Regulation S under the Securities Act (**Regulation S**).

Bonds in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States of America or its possessions or to U.S. persons, except in certain transactions permitted by U.S. tax regulations. Terms used in the preceding sentence have the meanings given to them by the United States Internal Revenue Code of 1986, as amended, and regulations thereunder.

Each Manager has represented and agreed that, except as permitted by the Underwriting Agreement, it will not offer, sell or deliver Bonds, (i) as part of their distribution at any time or (ii) otherwise until forty days after the completion of the distribution of the Bonds comprising the relevant tranche, as certified to the Paying Agent or the Issuer by such Manager (or, in the case of a sale of a tranche of Bonds to or through more than one Manager, by each of such Managers as to Bonds of such tranche purchased by or through it, in which case the Paying Agent or the Issuer shall notify each such Manager when all such Managers have so certified) within the United States of America or to, or for the account or benefit of, U.S. persons, and such Manager will have sent to each distributor, Manager or person to which it sells Bonds during the distribution compliance period relating

thereto a confirmation or other notice setting forth the restrictions on offers and sales of the Bonds within the United States of America or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until forty days after the commencement of the offering of Bonds comprising any tranche, any offer or sale of Bonds within the United States of America by any Manager (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Each purchaser of any Bond offered and sold in reliance on Regulation S will be deemed to have represented and agreed as follows (terms used in this paragraph that are defined in Regulation S are used herein as defined therein):

- (a) the purchaser (i) is, and the person, if any, for whose account it is acquiring such Bond is, outside the United States of America and is not a U.S. person, and (ii) is acquiring the offered Bonds in an offshore transaction meeting the requirements of Regulation S;

- (a) to any legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (b) to any legal entity which has two or more of (i) an average of at least 250 employees during the last financial year; (ii) a total balance sheet of more than €43,000,000 and (iii) an annual net turnover of more than €50,000,000, as shown in its last annual or consolidated accounts; or

For the purposes of this provision, the expression an “offer of Bonds to the public” in relation to the Bonds in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Bonds, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Member State and the expression **Prospectus Directive** means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Bonds in, from or otherwise involving the United Kingdom.

General

With the exception of the approval by the CSSF of this Prospectus as a prospectus issued in compliance with the Prospectus Directive and the relevant implementing measures in Luxembourg and the notification of this Prospectus, no action has been or will be taken in any country or jurisdiction by the Issuer, the Guarantor or the Managers that would permit a public offering of Bonds, or possession or distribution of any offering material in relation thereto, in any country or jurisdiction where action for that purpose is required. The Issuer will request the CSSF to provide the competent authorities in Austria, Germany, Ireland, The Netherlands and the United Kingdom, with a certificate of approval attesting that the Prospectus has been drawn up in accordance with the *Loi relative aux prospectus pour valeurs mobilières* which implements the Prospectus Directive into Luxembourg law. Prior to the issuance of the certificate of approval to the said competent authorities and publication of the Prospectus, where such publication is required, no public offer of the Bonds will be permissible in Austria, Germany, Ireland, Luxembourg, The Netherlands or the United Kingdom. Persons into whose hands the Prospectus comes are required by the Issuer and the Managers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Bonds or have in their possession or distribute such offering material, in all cases at their own expense.

The Underwriting Agreement provides that the Managers shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, in applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Managers described in the paragraph headed “General” above.
